Mr. Ivan Dean,

Submission in relation to the Integrity Commission by Sandra Wade and David Smith -

Please include this information in the Submission to the Inquiry into the Running of the Integrity Commission

INTEGRITY COMMISSION

We had dealings with the Integrity Commission over a year ago when we lodged a Complaint and we were not happy with the Service provided.

The Process is not user friendly – A Form is not sufficient to make a Complaint – it can be much more complicated than filling in a Form -

The Integrity Commission were too quick to write off complaints –

Too quick to believe the Government Departments involved -

Refuse to meet with complainants so they can present their cases –

Refuse to see direct and physical evidence – the more information that can be put on the table the better the outcome.

They do not appear to know what an investigation is and what it involves and what is required to carry out a full and comprehensive investigation.

There appears to be a lack of Investigative Skills – Lack of experience

They think that they can sit behind a desk and carry out investigations – you have to get out of the office and speak to people – see the scene - etc

They refuse to accept that some Government Departments are Dishonest and Unprofessional and will lie and provide false statements to cover up their own dishonest, unprofessional and criminal behaviours. We have evidence that we were not able to present.

And in doing so assist to cover-up these criminal and corrupt actions.

They appear to be a Political Arm of the Government of the Day.
They blindly believe what they are told by Government Departments instead of investigating the complaints - Viewing all the evidence - Speaking face to face with the People concerned, including the Complainants.

We asked several times to meet with a Investigator from the Integrity Commission because our matter was very complicated - it was refused.

They did not receive the full complaint because the forms to lodge the complaint were insufficient to fully outline the complaint.

Sandra Wade    David Smith

Hopefully this will assist you and to improve the Service provided by the Integrity Commission. If I can be of any further assistance, please let me know.
