USAGES OF OTHER JURISDICTIONS

1. Usages of other jurisdictions to be observed unless other provision is made.
   In all cases not provided for hereinafter, or by sessional or other Orders, or by the practice of the House, resort shall be had to the rules, forms, and practice of the House of Commons of the Parliament of the United Kingdom and of other Australian Parliaments in force for the time being, and they shall be followed as far as they can be applied to the proceedings of this House.
CHAPTER 2

PROCEEDINGS ON THE MEETING OF A NEW PARLIAMENT

2 Proceedings on the meeting of a new Parliament.

On the first day of the meeting of a new Parliament, the House having met at the time and place appointed -

(a) The Governor's Proclamation shall be read by the Clerk of the House;

(b) The Writ of Election of each Member, with the Return endorsed thereon, shall be produced by the Clerk of the House, and laid upon the Table;

(c) Members shall then be sworn or make affirmation as prescribed by law;

(d) Members will then subscribe to the following Code of Conduct:-

PREAMBLE

Members of Parliament recognise that their actions have an impact on the lives of all Tasmanian people. Fulfilling their obligations and discharging their duties responsibly requires a commitment to the highest ethical standards to maintain and strengthen the democratic traditions of the State and the integrity of its institutions.

Compliance with the law may not always be enough to guarantee an acceptable standard of conduct. Members must not only act lawfully, but also in a manner that will withstand close public scrutiny.

This Code sets out ethical standards and principles to assist Members in observing expected standards of conduct in public office and to act as a benchmark against which their conduct can be measured.

Neither the law nor this Code is designed to be exhaustive, and there may be instances where Members find it necessary to adopt more stringent norms of conduct in order to protect the public interest, and to enhance public confidence and trust. In making choices about conduct, Members should have regard to community values and standards.

Members should also, where possible, avoid giving unnecessary offence to groups in the community whose beliefs and views differ from those held by the Members or by groups the Member represents.

Members are expected to promote and support this Code by leadership and example.

STATEMENT OF VALUES

This Code is derived from the fundamental values of the institution of the Parliament in this State. By adopting and upholding this Code, all Members of Parliament share in and support these values.

As Members of Parliament, we value:

- the public interest and the fundamental objective of public office to act solely in terms of the public interest;
• the improvement of the economic and social conditions of all Tasmanian people, and our service to our fellow citizens to achieve this;
• the promotion of human, social and environmental welfare through the responsible execution of our official duties;
• integrity, honesty, accessibility, accountability, fairness, transparency, courtesy, respect and understanding, without harassment, victimisation or discrimination;
• respect for differences, equity and fairness in political dealings, with fellow Members of Parliament; and
• ethical political practices that support the democratic traditions of our State and its institutions, and the rejection of political corruption.

ETHICAL STANDARDS

Conflict of interest

A Member protects and upholds the public interest by taking all reasonable steps to avoid, disclose and manage any conflict of interest that arises, or is likely to arise, between their personal interests and their official duties.

A conflict of interest may be financial or non-financial and may be potential, actual or perceived.

A conflict of interest does not exist where the Member, their spouse or domestic partner, relative or associate is affected only as a member of the public or of a broad class of persons.

Each Member is individually responsible for avoiding and managing conflicts of interest.

Declaration of personal interests

A Member is personally responsible for full and accurate disclosure of their financial and other interests, in accordance with their obligations under the Parliamentary (Disclosure of Interests) Act 1996.

Use of public office

A Member makes proper use of their office to represent and serve the community, conducting themselves in ways that maintains the trust and confidence of the public.

A Member must not use their influence as a Member to improperly obtain appointment, promotion, advancement, transfer or any other advantage or benefit on behalf of themselves or other persons.

A Member must not appoint their spouse, domestic partner or relative to a position in their own office.

A Member must not receive or seek to receive any fee, payment, retainer or reward, nor permit any compensation to accrue to their beneficial interest, for or on account of, or as a result of, their position as a Member, other than compensation to which they are entitled as a Member of Parliament.
Use of official information

A Member makes appropriate use of official information strictly for the purpose of performing their role as a Member of Parliament in the best interests of the public.

A Member must take care to protect confidential and official information in their possession or knowledge.

A Member must not use official information which is not in the public domain, or information obtained in confidence in the course of their official duties or position, for the advantage or benefit of themselves or another person.

Use of public resources

A Member uses public resources and assets strictly for the purpose of performing their role as a Member of Parliament, and in accordance with any rules and guidelines regarding the use of those resources and assets.
