1811 Mrs *Rylah* to move—That the House:—

- (1) Notes that:—
 - (a) the Hodgman Government knows the cost of living is a real issue for Tasmanians and is taking action by taking on the cost of living challenges for everyday Tasmanians by keeping power prices low, and for example, have reduced the fares on the Spirit of Tasmania;
 - (b) there is more work to be done and we will make sure we will keep cost of living down by keeping the cost of government services like car registration costs, drivers licences, and national park fees, on average, at or below the rate of inflation over the next four years; and
 - (c) the Government's aim for Tasmania is to keep it as one of the most affordable places in the country to live, work and raise a family, especially for the elderly and those on low and fixed incomes.
- (2) Congratulates the Hodgman Liberal Government on its new positive plan focused on six key priorities:—
 - (a) to deliver a stronger economy and more jobs;
 - (b) act on the cost of living;
 - (c) invest more into health, education and Tasmanians in need;
 - (d) keep Tasmanians safe;
 - (e) protect the Tasmanian way of life; and
 - (f) build Tasmania's infrastructure for the 21st century. (16 August 2017)

1812 Mr *Jaensch* to move—That the House notes that:—

- (a) the Hodgman Liberal Government's plan to take ownership and responsibility for water and sewerage services is the only plan that treats protection of the environment and ensures all Tasmanians have access to safe, clean, affordable water as urgent priorities;
- (b) under the current model:—
 - (i) 29 Councils own TasWater as shareholders but lack effective control of its delivery of services to Tasmanians;
 - (ii) works programs are constrained by a business model that places profits and dividends ahead of environmental compliance and safe drinking water for all Tasmanians; and
 - (iii) TasWater's own trade waste policies threaten the closure of businesses and job losses in every Tasmanian town.
- (c) the Government's plan changes all that;

- (d) Labor has avoided taking responsibility for fixing our water and sewerage problems in the past and nothing has changed. Their latest cop-out is to beg for Federal funding for three high-profile city projects, and leave local government with the heavy lifting everywhere else;
- (e) the Greens are all over the place and, bizarrely, have rejected our plan to protect the environment from untreated sewerage in 5 years instead of 10; and
- (f) only the Hodgman Liberal Government has a plan that takes action, ownership and responsibility for fixing Tasmania's water and sewerage services, and is faster, cheaper and fairer for Councils and consumers. (16 August 2017)

1813 Ms Dawkins to move—That the House:—

- (1) Recognises the release of the Tasmanian Disability Education Reform Lobby (TDERL) - 2017 Parent Satisfaction Survey.
- (2) Acknowledges that the TDERL provides parents of students living with disability in Tasmanian schools a voice. Their aim is to ensure that all Tasmanian students living with disability have equal access to a quality education in Tasmania.
- (3) Notes that the 2017 survey produced a number of findings that highlight the difficulties these families face with their children in mainstream schools, including:—
 - (a) parents of students with disability in mainstream schools reported a satisfaction rate of 22%. Only 1 in 5 parents and carers are satisfied with the level of support their child receives;
 - (b) six out of every ten families surveyed received no additional funding to assist their school to provide the reasonable adjustments they need to access an education on the same basis as other students;
 - (c) part-time enrolments have increased from 15% in 2016 to 27% in 2017; and
 - (d) one-third of parents/carers reported that their child had been excluded from a school activity, with reasons given relating to funding for support staff and infrastructure.
- (4) Calls on the Government to confront the issues parents of students have detailed and challenges the Minister for Education, Hon. Jeremy Rockliff MP, to ensure that the next snapshot shows improvement so that all students are given access to high quality education. (16 August 2017)

1814 The Minister for Health to move—That the House:—

- (1) Commends the Bridport running group who have been raising funds for Huntington's disease (HD) by each runner donating a gold coin each week.
- (2) Notes that HD causes brain cell death affecting the frontal lobe and basal ganglia – the regions of the brain responsible for motor movement control and coordination, cognition and emotions.
- (3) Recognises that 1,800 Australians live with HD and a further 9,000 are at risk.
- (4) Further notes that what was initially a short term-initiative for the group has continued into the winter months due to the community being so supportive and the group has so far raised \$225 and are aiming towards \$1,000 by the end of 2017 through a 65 kilometre relay run from Launceston to Bridport.
- (5) Once again, commends the group for their dedication to raising funds for a worthy cause and making a positive difference in their community health and fitness. (16 August 2017)

1815 The Premier to move—That the House:—

- (1) Acknowledges that 18 August 2017 marked Vietnam Veterans Day, a time for Tasmanians to reflect upon the sacrifices made by our armed forces over the 12 year conflict, the longest war Australia has ever been involved in.
- (2) Remembers the 1,800 Tasmanians who served in Vietnam, particularly the sixteen Tasmanian soldiers that did not come home.
- (3) Notes that 2017 marks the 51st anniversary of the 1966 Battle of Long Tan, a conflict that saw 108 Anzacs from D Company 6 RAR, led by the Tasmanian Commanding Officer Lieutenant Colonel Harry Smith SG MC (Retd), engage in battle against more than 2,000 Viet Cong troops.

- (4) Further notes that we will continue to acknowledge the service and sacrifice of all those Australian men and women who have fought for the freedom of this country. (17 August 2017)

1816 The Minister for Human Services to move—That the House notes:—

- (1) Monday 21 August 2017 to Sunday 27 August 2017 marks Brain Injury Awareness Week, which plays an important role in promoting the awareness and reducing the incidence of Acquired Brain Injury (ABI), while also providing opportunities to celebrate the many contributions people with ABI make to our community.
- (2) ABI is a complex disorder that refers to any type of brain damage or neurological disruption occurring after birth. ABI is also a common but hidden disability in the community with the World Health Organisation reporting it affects more than 1.6 million Australians, or one in 12.
- (3) The theme for 2017 is Brain Injury in the Military. Brain injury is referred to as the 'signature injury' of the wars in the Middle East.
- (4) 1 in every 10 Australian Defence Force personnel who has served in the Middle East "reported the criteria for a new mild Traumatic Brain Injury" post-deployment. This is why 2017's national Awareness Week is being devoted to advancing the recognition of brain injury in the military.
- (5) Brain Injury Awareness Week also allows us to recognise the many organisations around Tasmania who do wonderful work in providing awareness, support and practical help to people living with an ABI in our community.
- (6) To support Brain Injury Awareness Week, more information can be found at www.biat.org.au/biat-bia-week. (17 August 2017)

1817 Mr *Jaensch* to move—That the House:—

- (1) Notes that:—
 - (a) the Hodgman Government backs Tasmania's manufacturing and contracting sector to grow our share of Australia's \$30 billion annual defence spend and overseas defence industry opportunities, and the results are starting to show;
 - (b) in July 2017, Liferaft Systems Australia was selected to supply marine evacuation systems to the Royal Navy's new Queen Elizabeth Class aircraft carrier and CBG Moonraker was contracted to supply antenna systems for nine new Italian Navy vessels;
 - (c) on 16 August 2017, Penguin Composites was announced as the supplier of fibreglass body panels for the Thales Hawkei armoured military vehicle for the Australian Defence Force, creating 15 new jobs on the NW Coast;
 - (d) the Thales contract was first discussed at the Land Forces 2016 defence expo in Adelaide, where our Government hosted 7 Tasmanian firms exploring defence opportunities for the first time. A similar delegation will attend the Pacific 2017 naval defence expo in Sydney in October 2017;
 - (e) these companies join established defence industry suppliers including Taylor Bros, Elphinstone, Currawong Engineering and the Australian Maritime College, growing Tasmania's profile in this specialised market; and
 - (f) in the week commencing 7 August 2017, the Minister for State Growth, Hon. Matthew Groom MP, announced the appointment of Tasmania's first Defence Advocate, retired Rear Admiral Steve Gilmore, who will promote Tasmanian defence suppliers to key decision makers in Canberra and internationally.
- (2) Congratulates Penguin Composites on securing new defence opportunities and jobs for Tasmania, and will continue to back our capabilities in this important sector. (17 August 2017)

1818 Ms *Courtney* to move—That the House:—

- (1) Notes that the BuyAbility Procurement project for Northern Tasmania has recently been launched in Launceston.
- (2) Recognises that this initiative is designed to increase employment for people with disability through the promotion, connection and management of procurement

opportunities for Australian Disability Enterprises (ADE) with public and private sector buyers

- (3) Applauds the work of our Australian Disability Enterprises. Tasmania has 11 ADEs who directly employ and support more than 450 Tasmanian and are the largest employer of people living with disabilities in the State.
- (4) Acknowledges the Tasmanian Community Fund for their generous funding of this project.
- (5) Encourages Members to promote the BuyAbility Procurement project with ADEs in their local areas. (17 August 2017)

1819 Ms *Courtney* to move—That the House:—

- (1) Congratulates the Launceston City Mission on setting up the Inside Out 4 Kids program, which provides trauma, grief and loss support to children.
- (2) Recognises that many young people are significantly impacted by grief and loss issues and do not have the emotional capacity or family support to deal with the associated trauma. Grief can result from a range of life circumstances: death of a loved one, separation or divorce, domestic violence, community crisis or removal from the family home.
- (3) Appreciates that often adults are impacted by the same issues and as a consequence, can have reduced capacity or resources to support their children.
- (4) Understands that this program is therapeutic in the sense of providing peer support and nurturing in a judgement-free environment. Children are given the opportunity to share, laugh, cry, listen and participate in activities as part of the process of equipping them to deal with grief in a confidential and safe space.
- (5) Applauds the wonderful IO4K team, led by Teenette van Dyk, for their strength and compassion in helping these children in need. (17 August 2017)

1820 Ms *Courtney* to move—That the House:—

- (1) Welcomes the inaugural Hurricanes Champions League T20 competition, a new partnership between the Intercultural Sports League and Cricket Tasmania.
- (2) Acknowledges the benefits the Hurricanes Champions League offers the Tasmanian multicultural community, including a competition where all players can feel welcome, and a place that families can join in barbecues and kids' programs.
- (3) Notes the growing demand from Tasmania's multicultural community to play cricket and that this partnership will directly bolster cultural diversity for cricket in Tasmania.
- (4) Encourages Tasmanians to get behind the Hurricanes Champions League as it runs from October 22 and January 21.
- (5) Further notes this partnership's contribution to the Hodgman Liberal Government's commitment to Tasmania having the healthiest population in Australia by 2025.
- (6) Extends thanks to the President and Founder of the Intercultural Sports League Raj Chopra for this exciting opportunity to engage more Tasmanians in sport. (17 August 2017)

1821 Ms *Woodruff* to move—That the House:—

- (1) Acknowledges the release of the Community Legal Centres' Report into drug treatment and law reform, which calls on the Government to treat personal drug use through a public health lens, instead of with a criminal response.
- (2) Understands the "war on drugs" has failed on all its own measures, and has not cut the supply or demand for drugs, has not kept individual users from harm, or the community safer from violence and property crime.
- (3) Notes last year, 80 per cent of Tasmania's 1100 arrests for drug-related offences were for personal illicit drug use, and 880 Tasmanians were needlessly criminalised.
- (4) Recognises the focus of law enforcement should be on criminals trafficking or manufacturing drugs, not on personal users of illicit drugs.
- (5) Supports a health-care approach to managing illicit drugs through decriminalising drugs for personal use; and preventing addiction and a cycle of crime with well-funded early intervention, education and drug recovery programs, and court mandated diversions.

- (6) Further understands decriminalisation of illicit drugs for personal use is policy in many regions around the world, and Portugal has for 16 years successfully demonstrated it reduces rates of drug use in young people and hard drug users.
- (7) Agrees that dismissing the overwhelming research and observations of the harms of maintaining a political “tough on drugs” approach, instead of a health focus, is cruel, negligent, irresponsible, expensive and making our state a less safe place to live.
- (8) Calls on the Liberal and Labor parties to accept the evidence and calls from former chief magistrates, police commissioners, premiers and health experts to decriminalise personal use of illicit drugs, and to invest the \$28 million a year saved in Tasmania into prevention, treatment and reintegration of ex-offenders. (17 August 2017)

1822 Ms *Woodruff* to move—That the House:—

- (1) Understands the Liberals’ State Planning Provisions silence community voices, undermine the character of our towns and cities, remove environmental and heritage protections, and threaten national parks.
- (2) Notes the Minister for Planning and Local Government, Hon. Peter Gutwein MP, has ignored warnings from the Local Government Association of Tasmania that the task councils face in developing complicated local schedules to the new state-wide scheme is enormous and complex.
- (3) Further notes no council has yet submitted or exhibited their draft local schedules, and many councils are still unable to nominate a completion date.
- (4) Further understands despite the Liberals claims the state-wide scheme would be “fairer, cheaper, simpler and faster”, the Kingborough Mayor has referred to it as “big, cumbersome and complicated” and that “our paperwork has probably trebled or more”.
- (5) Recognises that even despite Minister Gutwein ignoring major recommendations from the Tasmanian Planning Commission and bullying councils to speed up the development of Local Planning Schedules, the Tasmanian Planning Scheme is not in place by 1 July as promised, and will not be in place for some time.
- (6) Calls on the Minister for Planning and Local Government to hear the widespread concerns of Tasmanians that the Tasmanian Planning Scheme puts developer interests first and community interests last, and to overhaul the scheme to:—
 - (a) introduce far stronger planning controls so that developments must benefit the community’s interests and sustain environmental biodiversity;
 - (b) remove ministerial powers of intervention into planning decisions;
 - (c) restore the powers and independence of the Tasmanian Planning Commission;
 - (d) protect our plants and animals by reducing allowable land clearing, funding the development of a high quality state-wide vegetation map, and protect national parks and reserves;
 - (e) preserve the unique differences of our towns, suburbs and countryside, including local character and heritage; and
 - (f) strengthen third party rights to appeal, reduce the costs for appeals, and promote community consultation before decisions are made. (17 August 2017)

1823 Mr *Shelton* to move—That the House notes:—

- (a) the ever increasing Wallaby population within Tasmania is having devastating effect on the profitability of farm land;
- (b) that now with better pasture management, the increase in irrigation activity and Plantation establishment within the state has led to increased breeding opportunity for the wallaby population;
- (c) that with no real substitute for 1080 and the high cost of Wallaby proof fencing and add the demise of the MIS schemes has led to limited management of the wallaby population by farmers on their land and within many plantations over a number of years;
- (d) that the wallaby population in Tasmania is now estimated between 7 and 10 million;
- (e) this financial burden is solely being incurred by the farmers of Tasmania; and

- (f) that a farmer could run an extra sheep for every 3 Bennett's Wallaby or 5 Pademelons that's currently grazing their land. (17 August 2017)

1824 Ms Dawkins to move—That the House:—

- (1) Recognise the work of the Migrant Resource Centre (MRC) in Launceston, who deliver services and provide support to humanitarian entrants, migrants and culturally and linguistically diverse communities in Northern Tasmania.
- (2) Notes the MRC in Launceston has had a significant history of success in assisting thousands of CALD clients to settle and integrate well in the Northern Tasmanian community.
- (3) Further notes that its programs cover the areas of youth, employment, business and community development, immigration and cultural awareness training. It has also provided humanitarian settlement services for Northern Tasmania for well over ten years.
- (4) Further recognise that the federally funded Humanitarian Settlement Services contract will not be renewed at the MRC (Nth Tas), with the new equivalent contract awarded to an interstate service provider.
- (5) Further notes that:—
 - (a) the MRC continues to have highly trained and capable specialist settlement staff, and is a significant employer in the settlement sector in Launceston;
 - (b) the MRC has an extensive service delivery infrastructure in place, and continues to have networks and relationships that facilitate positive outcomes for humanitarian clients; and
 - (c) the activities of the MRC contribute substantially to the Launceston economy, through the settlement of people, the employment of skilled staff, and the acquittal of program funds directly into local businesses.
- (6) Congratulates the MRC for their long-term work in Humanitarian settlement and CALD services, thanks them for providing a highly regarded settlement service for over a decade, and supports any efforts they make to attract new programs and projects. (17 August 2017)

1825 The Acting Minister for Corrections to move—That the House:—

- (1) Congratulates Whitelion for their successful Gala Dinner held on Saturday, 12 August 2017 which raised over \$13,000 to support programs helping young people in Tasmania.
- (2) Notes that since 2002 Whitelion has been supporting at risk youth between the ages of 10 and 25 years of age in Tasmania, working with young people across the State providing the specialist services that give young people the opportunity to build positive lives for themselves through role modelling, mentoring and employment.
- (3) Further notes that Whitelion focuses on support for young people as they transition back into the community from Out-of-Home-Care and the youth justice system, helping these at risk youth develop positive relationships and providing access to communities for social and skills development, growing young people and supporting their progress towards life goals.
- (4) Commends Whitelion for their unique ideas to help support their work including the Bailout and Three Peaks Challenge.
- (5) Further notes that the Hodgman Liberal Government's commitment of \$600,000 over three years for Whitelion's Work Ready Program as part of our package to see more young Tasmanians enjoying the dignity and opportunity that a job provides.
- (6) Commends the leadership team, staff and volunteers at Whitelion for their efforts in supporting and growing young Tasmanians in need. (17 August 2017)

1826 The Acting Minister for Corrections to move—That the House:—

- (1) Notes that from 4 to 9 July 2017 Prison Fellowship Australia hosted an art exhibition called "Art from Inside" which showcased artwork from Tasmania Prison Service inmates, and was held at the Waterside Pavilion in Mawson's Place and attracted over four hundred visitors.
- (2) Recognises it was the most successful art exhibition that Prison Fellowship has held in Tasmania, and it was my absolute pleasure to attend the opening night, view the

art, and to talk with the many guests that were there to view the work. The theme of this year's exhibition was "Rejected/Selected"; a very meaningful theme for the artists that submitted work.

- (3) Recognises and congratulates those inmates who had their artwork on display in the exhibition, and acknowledges that events and exhibitions such as this assist in establishing a sense of achievement and increasing self-esteem for inmates. It also provides inmates with an outlet for their expression and some outstanding talent.
- (4) Notes that prisoners often have many obstacles to overcome, and participating in activities such as 'Art from the Inside' is a very positive step for those involved, allowing them to engage with the community. I congratulate those involved. (17 August 2017)

1827 The Minister for Resources to move—That the House:—

- (1) Recognises that Friday, 18 August 2017 was Vietnam Veterans Day, an annual day of remembrance for those who served during the Vietnam War.
- (2) Notes that this day, originally known as Long Tan Day, commemorates the day in 1966 when the battle of Long Tan was fought by the men of D Company, 6th Battalion, the Royal Australian Regiment (6RAR).
- (3) Further notes that this day, first commemorated in 1969 with the raising of a cross at the battlefield by the men of 6RAR, has since been adopted to cover all veterans who served in the Vietnam War – the longest conflict in Australia's history.
- (4) Pays tribute to the almost 60,000 Australians who served in Vietnam between May 1962 and April 1975, including 521 who paid the ultimate price and more than 3,000 who were wounded.
- (5) Acknowledges the service of the approximately 1,800 Tasmanians who served in Vietnam, including 17 who died in their country's service.
- (6) Further notes commemorative service and wreath-laying ceremonies will be held across Tasmania to mark the event including at St. Helens on Friday 18 August 2017, hosted by the Vietnam Veterans Association of Australia (East Coast Sub-branch) of which I am honoured to be Patron, and thanks all involved with the branch, including President Gary Graham, Secretary Debbie Shields and other members of the Executive for their efforts in supporting Vietnam veterans on the East Coast over the years.
- (7) Honours the service and sacrifice of all those who fought for freedom in this conflict and remembers the motto of the VVAA: 'Honour the Dead but Fight like Hell for the Living'. (17 August 2017)

Orders of the Day

1 Acts Enumeration Amendment Bill (*pro forma*) (No. 2): Second reading. (The Premier)

2 Hearing Awareness Week: Adjourned Debate on the Question proposed on Wednesday, 27 August 2014 by Ms *Courtney*—That the House:—

- (1) Notes that 24 – 30 August 2014 is Hearing Awareness Week.
- (2) Further notes that hearing loss can be caused by hereditary conditions, infectious disease, prolonged exposure to excessive noise or the effects of aging and that less than 20% of the people who could benefit from wearing a hearing aid wear one. One in six Australians is affected by hearing loss which is an estimated 3.5 million people.
- (3) Urges Tasmanians who are concerned about their hearing to have a hearing test.
- (4) Thanks those people and organisations that are involved in Hearing Awareness Week, which will see a range of promotional activities happen across the country, including 'silent' sports events, public exhibitions on hearing technologies, and hearing safety training by employers to alert people to the issues. (Next Speaker: Mr *Shelton*)

3 Mineral Resources Development (Hydraulic Fracturing) Amendment Bill (No. 9 of 2015): Second reading.

4 Buy Local: Adjourned Debate on the Question proposed on Wednesday, 25 March 2015 by Ms *Ogilvie*—That the House:—

- (1) Notes that the Liberal Government's promise to Buy Local is nothing more than a cruel joke.
- (2) Recognises that the promise has been broken in a litany of ways including:—
 - (a) sending \$4 million worth of training funding to interstate companies;
 - (b) awarding \$2.5 million to a multinational firm to provide the TasTAFE student management information technology system;
 - (c) providing a \$420,000 contract for debt collection services for all units of the Department of Health and Human Services to a Victorian company when two of the five firms who put in tenders were from Tasmania;
 - (d) awarding a contract valued at \$360,000 for car parking at the North West Regional Hospital to Victoria when two of the three firms that made bids for this job were Tasmanian;
 - (e) giving a \$105,000 contract for upgrading the asbestos register to New South Wales when seven of the 11 companies who tendered for this were Tasmanian;
 - (f) gifting more than \$330,000 to a New South Wales company to make jackets and raincoats for our police;
 - (g) awarding a Victorian company almost \$600,000 in information technology funding to build an asset management system for the Parks and Wildlife Service, despite receiving four bids from Tasmanian companies; and
 - (h) overlooking a Tasmanian company to undertake \$1.5 million worth of pavement marking and instead giving this work to a Victorian firm.
- (3) Further notes that these examples alone add up to nearly \$10 million worth of work that has gone interstate, in direct contradiction to the Liberal Party's promises.
- (4) Calls on the Liberal Government to reintroduce its own Bill "Supporting Local Business and Jobs (Local Benefits Test) Bill 2011" to prove that its commitment to buying locally is more than just a hollow slogan.

5 China-Australia Free Trade Agreement: Adjourned Debate on the Question proposed on Wednesday, 16 September 2015 by the Minister for State Growth—That the House:—

- (1) Notes the importance of Tasmania's strong relationship with our largest trading partner China, and the importance of the China-Australia Free Trade Agreement for Tasmania, specifically:—
 - (a) Tasmania's exporters will become more competitive as a result of the free trade agreement and will facilitate jobs growth and investment in Tasmania;
 - (b) the agreement supports Tasmanian farmers by removing tariffs of up to 30 per cent on dairy products, beef, lamb, wine, apples, cherries, vegetables, seafood, hides, skins and leathers. Farmers will also gain access to growing the exclusive clean wool quota each year until 2024;
 - (c) Tasmania's resources sector will benefit from China removing all tariffs on resources, making our miners more competitive;
 - (d) tariffs on manufactured goods including, textiles, clothing and footwear will be removed;
 - (e) education service exporters will benefit as well, with agreement to progressively liberalise measures affecting trade in services;
 - (f) tariffs on whiskey will also be lifted; and
 - (g) with the Chinese market importing \$119 million of Tasmanian produce in 2014, this is positive news for Tasmania producers.
- (2) Expresses its strong support for the China-Australia Free Trade Agreement.

6 Building and Construction Industry Security of Payment Amendment Bill (No. 55 of 2015): Second reading. (The Treasurer)

7 Animal Welfare (Ban Battery Hens) Amendment Bill (No. 18 of 2016): Second reading. (Ms *Dawkins*)

8 Care and Consent to Medical Treatment Bill (No. 19 of 2016): Second reading. (Ms *Ogilvie*)

9 Small Business: Adjourned Debate on the Question proposed on Tuesday, 24 May 2016 by Mr *Barnett*—That the House:—

- (1) Notes that:—
 - (a) small businesses make a vital contribution to the successful Tasmanian economy and community;
 - (b) in addition to being a major contributor to the economy in terms of output, employment and the overall number of businesses, the small business sector in Tasmania is generally self-reliant, innovative, responsive and entrepreneurial by nature; and
 - (c) Tasmania has around 37,000 small businesses, employing over 100,000 Tasmanians and that these businesses are the lifeblood of our communities, particularly in rural and regional areas, with two fifths of Tasmania's small businesses located in regional areas.
- (2) Recognises that small businesses are typically independently owned and operated, generally with one or two people making critical management decisions around financing, accounting, staffing, processing, purchasing and marketing, and 60 per cent are non-employing.
- (3) Further notes the continuation and success of programs delivered by the Hodgman Liberal Government such as the Business Tasmania Service, Winning Government Business, Retailer Development and Digital Ready programs.
- (4) Acknowledges that small business is vital to the growth and prosperity of Tasmania and has the full support of the Hodgman Liberal Government. (Next Speaker: Mr *Barnett*)

10 Police Offences Amendment (Begging) Bill (No. 67 of 2016): Second reading. (Ms *O'Connor*)

11 Criminal Code Amendment (Rape) Bill (No. 70 of 2016): Second reading. (Ms *Giddings*)

12 Cultural and Creative Industries Bill (No. 21): Second reading. (The Premier)

13 Children, Young Persons and Their Families Amendment Amendment Bill 2017 (No. 24): Second reading. (Minister for Human Services)

14 Mineral Resources Development Amendment Bill 2017 (No. 38): Adjourned Debate on the Question proposed on Tuesday, 8 August 2017 by the Minister for Resources – That the Bill be now read the second time. (Next Speaker: Ms *O'Connor*)

15 Water and Sewerage Tasmania Bill 2017 (No. 41): Further consideration in Committee of the whole House. (Clause 6 read)
