

No. 83

TUESDAY, 6 MARCH 2012

(At 10.00 o'clock a.m.)

Notices of Motion

Notices of Motion tabled prior to 22 November 2011 are published at:
<http://www.parliament.tas.gov.au/ha/hamot.pdf>

- 779** The Premier to move—That the House:—
- (1) Congratulates conservationist and eco-tourism operator Robert Pennicott on being awarded the Tasmanian Australian of the Year Award.
 - (2) Notes that this prestigious award recognises Mr Pennicott's significant achievement in running his world-renowned wilderness adventure business, and also his passion and commitment to giving back to the community and the environment.
 - (3) Acknowledges Mr Pennicott's boundless philanthropic endeavours, which earlier this year saw him circumnavigate Australia to raise around \$300,000 to go towards the eradication of polio.
 - (4) Congratulates the other award winners, namely:—
 - (a) Tasmanian Young Australian of the Year - Greg Irons, the director of the Bonorong Wildlife Sanctuary;
 - (b) Tasmanian Senior Australian of the Year - Keiran Brown of Devonport, who has enjoyed a remarkable teaching career and devoted much time and energy to St John Ambulance Australia; and
 - (c) Tasmanian Local Hero - Viktor Zappner of Burnie, a gifted pianist who founded the Jazz Action Society and remains the driving force behind the promotion of jazz on the North West Coast.
 - (5) Recognises that Tasmania's success is the result of fantastic people, like the award recipients and nominees.
 - (6) Congratulates all our State finalists for their many achievements and thank them for their positive contribution to their community and Tasmania as a whole. (22 November 2011)
- 780** Mr *Hidding* to move—That the House:—
- (1) Notes:—
 - (a) with concern the death of two valuable dogs during a Bass Strait crossing on a Spirit of Tasmania vessel; and
 - (b) the importance to the Tasmanian community of affordable and accessible transport of pets, show animals and race horses across Bass Strait.
 - (2) Calls on the Minister for Infrastructure to assure himself that the TT-Line makes available and practices appropriate standards of care to all animals during their journey across Bass Strait. (22 November 2011)
- 781** The Minister for Workplace Relations to move—That the House notes:—
- (1) That it is Asbestos Awareness Week - from Monday 21 to Sunday 27 November 2011.

NOTICES OF MOTION AND ORDERS

- (2) That this is a time to remember every worker and every person who have through no fault of their own contracted asbestos disease.
- (3) It is a time to:—
 - (a) remember the families who have lost a grandfather or grandmother, a mum or dad, or a brother or sister to an asbestos disease;
 - (b) acknowledge the work that men and women in the union movement who have campaigned for many years for safer – asbestos free workplaces; and
 - (c) focus on the massive task that still lies ahead of us:—
 - (i) to better identify and locate asbestos in workplaces and homes;
 - (ii) to better educate the community about the dangers of asbestos; and
 - (iii) to prioritise the removal of asbestos so that future generations are not exposed.
- (4) That there is more to be done but ‘Asbestos Awareness Week’ is also a time to reflect on what we have achieved so far.
- (5) The Parliament established Tasmania’s first no-fault Asbestos Compensation Scheme – so that workers can get fair and timely compensation at an extremely difficult time in their lives.
- (6) The improved education through a new website which provides practical help and information about the risks involved in dealing with asbestos.
- (7) That \$180,000 has been provided to the Tasmanian Chamber of Commerce and Industry, Unions Tasmania and Asbestos Free Tasmania to better educate the community about how to avoid exposure and protect their health.
- (8) It is vital that everyone works together to eliminate the risk of being exposed to this dangerous product. (22 November 2011)

782 The Minister for Police and Emergency Management to move—That the House:—

- (1) Recognises World Day of Remembrance for Road Traffic Victims on Sunday 20 November 2011, during this the first year of the Decade of Action for Road Safety.
- (2) Remembers the nearly 1.3 million people who needlessly lost their lives on the world’s roads this year and offers our support to all who have been directly affected by road trauma, including our vital emergency service workers.
- (3) Recognises that road accidents have become the leading cause of death for people aged 15 to 29 and that this is a tragedy.
- (4) Reaffirms the commitment to the Tasmanian Road Safety Strategy and the National Road Safety Strategy and to seeing the number of people killed or seriously injured on our roads continue to decline, because any loss of life on our roads is too many. (33 November 2011)

783 The Minister for Economic Development to move—That the House:—

- (1) Congratulates MyState Financial on the 2011 MyState Student Film Festival which was held on Sunday 20 November 2011 and showcased a large number of short films made by students at primary, secondary and post-secondary level.
- (2) Notes that the My-State Student Film Festival is now in its ninth year, and has a mission to nurture the talent of young Tasmanian film makers and provide a public platform for them to showcase their skills and gain recognition for their work.
- (3) Acknowledges that there were 134 short films entered this year by students and schools from all over Tasmania. These films are available to view on YouTube, and so far there have been 36,000 YouTube views of the films from all over the world.
- (4) Congratulates the following students and schools on their awards:—
 - (a) Primary Award: Launceston Church Grammar School for ‘Life is Beautiful – Sometimes’;
 - (b) Secondary – Year 10 Award: Emmanuel Christian School for ‘Five Fish’;
 - (c) Post Year 10 Award: Daniel James of Rosny College for ‘The Silence of Whitewater’;
 - (d) Premier’s Award: Andrew Reading of New Town High School for ‘Take Me Home’; with Honourable Mention to Ella Watkins from The Friends’ School for ‘From Little Things’;
 - (e) Peoples’ Choice Award: Andrew Reading of New Town High School for ‘Take Me Home’; and

NOTICES OF MOTION AND ORDERS

- (f) MyState Award for Best Film: Daniel James of Rosny College for 'The Silence of Whitewater'.
- (5) Further congratulates John Gilbert, Managing Director of MyState Financial, for his continuing commitment to the Student Film Festival, and Katie Ferguson of MyState Financial for her commitment and work in managing the Festival.
- (6) Notes that MyState Film Festival demonstrates a depth of talent and skill from Tasmania's young film makers that will in time lead to increased development of the State's screen industry, with potential increased economic outcomes for this industry sector.
- (7) Encourages all Members of the House to view the MyState Student Films on YouTube and support young Tasmanians in their film making endeavours. (22 November 2011)

784 The Minister for Climate Change to move—That the House:—

- (1) Notes:—
 - (a) the Australian Government's Carbon Farming Initiative that comes into effect in December 2011 and has the potential to re-vision our landscape and our approach to action on climate change;
 - (b) the Carbon Farming Initiative (CFI) is a carbon offset scheme that provides new economic opportunities for farmers, forest growers and land managers essential to maintaining a safe climate;
 - (c) the Climate Change Adaptation Unit is already working with farmers and graziers to ensure they have up to date information on the projected impacts of climate change; and
 - (d) the CFI and other carbon sequestration and abatement opportunities recognise what many farmers have practised in land stewardship for generations.
- (2) Acknowledges the need for the Australian Government to support farmers in the take-up of this scheme through further research and development of abatement opportunities and their measurement.
- (3) Brings to the attention of the House the recent research by Dr Judith Ajani that challenges the forestry industry's case to use native forests for energy production.
- (4) Notes that the study calculated that it takes 100 years for full carbon stocks to be returned to a forest, and also found that if the entire 2009 Australian native forest log cut was used for bioenergy it would still only displace 2.8% of coal based electricity production.
- (5) Calls on this place to recognise the opportunities that abound in protecting native forests for their carbon stores and biodiversity values, and the pitfalls of using native forests for bioenergy or biomass. (22 November 2011)

785 The Minister for Community Development to move—That the House:—

- (1) Notes that the first meeting of the Select Council on Women's Issues was held on 18 November 2011.
- (2) Acknowledges the work of the Select Council in three areas of nationally significant reform:—
 - (a) implementing the National Plan to Reduce Violence against Women and Their Children, with the first three year Action Plan due to be published in early 2012;
 - (b) developing a national framework for gender equality; and
 - (c) developing a national approach to promote the leadership of Aboriginal and Torres Strait Island women in governance and decision-making for communities and organisations.
- (3) Further notes the discussion of Women's Ministers on the impact of sexualisation of women and girls on gender equality, in particular the potentially negative impact of child beauty pageants, and the agreement by the members of the Select Council to work on this issue in their individual jurisdictions. (22 November 2011)

786 Mr O'Halloran to move—That the House:—

- (1) The Tasmanian Greens' Health Stakeholders Forum was held in Hobart on Friday 18 November 2011.

NOTICES OF MOTION AND ORDERS

- (2) This forum was undertaken to enable discussion between key stakeholders about the current and future challenges facing health in Tasmania.
- (3) The focus of this forum was to explore the views of stakeholders on the merits and challenges of a “single-funding stream” model for Tasmania’s health system.
- (4) The forum was well attended by a broad variety of stakeholders, including union representatives, health economists and health practitioners in both the private and public sectors, and that a number of stakeholders unable to attend also chose to provide a written submission to feed into discussion.
- (5) The time has come to end the boom-bust cycle that has plagued Tasmania’s health system for decades, and to this end, calls on Members of this House to put self-serving political agendas aside and to make informed decisions that will ultimately benefit the health of all Tasmanians into the future.
- (6) During these times of financial difficulty, there is a real opportunity to explore reform that could help put health on a more sustainable footing in Tasmania and that all proposals should be considered. (22 November 2011)

787 Mr O’Halloran to move—That the House:—

- (1) Notes:—
 - (a) the Tarkine has been long recognised as having outstanding natural and cultural values and has been “under consideration” for National Heritage Listing for seven years, making it the longest unresolved listing in Australian history;
 - (b) time is running out for National Heritage Listing as the region and many of its unique values are under immediate threat from mining activity; and
 - (c) if the area is not listed by 2 December 2011 the Federal Minister for Sustainability, Environment, Water, Population and Communities, Hon Tony Burke MP will not be able to consider, in context of the latest mining proposals, the heritage values of the area, the very values for which it has been nominated by the Australian Heritage Council for listing on the National Heritage Register.
- (2) Further notes that:—
 - (a) the Tourism Tasmania spring advertising campaign appears to have worked, with Tasmania being considered by an increasing number of tourists for a holiday;
 - (b) report after report has clearly demonstrated that the tourism industry in Tasmania is a long term sustainable job and wealth creator; and
 - (c) the Tarkine area has huge national and international name and brand recognition, and to capitalise on its potential, to become the Kakadu of the North West, the resource, the natural environment and wilderness, must be protected.
- (3) Calls for the Federal Minister for Sustainability, Environment, Water, Population and Communities to ensure that all appropriate Australian Heritage Listings are in place by 2 December 2011. (22 November 2011)

788 The Minister for Innovation, Science and Technology to move—That the House:—

- (1) Notes that the Tasmanian CSIRO Information and Communication Technology Centre won the Sustainability and Green IT Award at the Asia Pacific Information and Communication Technology Awards in Thailand on 11 November 2011.
- (2) Acknowledges that the Asia Pacific Information and Communication Technology Awards are the major information and communication technologies industry awards in the Asia Pacific Region, and that the recognition granted to the Tasmanian Information and Communication Technology Centre through winning this award is internationally significant.
- (3) Notes that:—
 - (a) the award was presented for work undertaken by the Tasmanian Information and Communication Technology Centre, led by Andrew Terhorst, in the South Esk region which involved integrating sensors from a range of organisations – the Bureau of Meteorology, Forestry Tasmania, Hydro Tasmania, the Department of Primary Industries, Parks, Water and the

NOTICES OF MOTION AND ORDERS

Environment and CSIRO – to create the South Esk Hydrological Sensor Web; and

- (b) the data from this Sensor Web has been combined with hydrological models to produce continuous flow forecasts for the South Esk catchment, which can be used for improved flood forecasting and irrigation management.
- (4) Further acknowledges that the success of the Tasmanian Information and Communication Technology Centre at the Asia Pacific Information and Communication Technology Awards builds upon its success in recent national and State awards. The Centre won a National Information and Communication Technology Award and four State iAwards for the South Esk Project.
- (5) Notes the State Government's continued support for the Tasmanian Information and Communication Technology Centre, as part of a tripartite funding arrangement between the Australian Government, the Tasmanian Government and CSIRO.
- (6) Congratulates the Tasmanian Information and Communication Technology Centre on its success in the national and international arena, and acknowledges its significance to the Tasmanian economy and brand.
- (7) Further notes that the State Government along with the University of Tasmania is currently working with the Tasmanian Information and Communication Technology Centre on the scoping of Sense-T, a sensor network project with long term benefits for the State. (23 November 2011)

789 Mr *McKim* to move—That the House:—

- (1) Notes the comments by the Shadow Treasurer *Peter Gutwein* MP that the Liberal Party is only interested in State tax reform if it means lower taxes.
- (2) Agrees that it is hypocritical in the extreme for any political party to suggest that front line services can be maintained or expanded whilst taxes are lowered.
- (3) Calls on Mr *Gutwein* to cease treating the State Budget as a magic pudding and be honest about the connection between tax rates, the tax mix and levels of sustainable service delivery. (23 November 2011)

790 Mr *McKim* to move—That the House:—

- (1) Notes:—
 - (a) that the Department of Infrastructure, Energy and Resources intends to spend \$10 million converting 750 metres of the Huon Highway running alongside the Franklin River into a four-lane dual carriageway;
 - (b) the original request by Huon Valley Council was for overtaking areas between Dover and Huonville but that this has inexplicably ballooned into an expensive white elephant in one of the State's most beautiful areas, which many local residents don't support; and
 - (c) that the small numbers of cars which use this road daily – about 3,000 – simply do not justify a dual carriageway.
- (2) Agrees that the Department of Infrastructure, Energy and Resources could create overtaking areas and install bus stops for a fraction of the cost, and could invest the rest of the money far more wisely on public transport infrastructure or other road upgrades that communities are crying out for.
- (3) Calls on the Department of Infrastructure, Energy and Resources to halt this unnecessary and wasteful project and to instead ask Franklin communities what transport improvements they would rather have the money invested in. (23 November 2011)

791 Ms *O'Connor* to move—That the House:—

- (1) Appreciates the good work of cat centres across the State, such as the Hobart Cat Centre, Brightside Animal Sanctuary and the RSPCA, in their work in re-homing many neglected and unwanted cats.
- (2) Acknowledges with sadness that thousands of cats are euthanized annually in shelters across Tasmania, primarily due to the number of cats roaming loose, and due to the lack of regulations surrounding the de-sexing of cats.
- (3) Notes the devastating effect that feral cats have on our native fauna, as an introduced predatory species.

NOTICES OF MOTION AND ORDERS

- (4) Understands that toxoplasmosis is a disease primarily spread by cats, which can affect not only animals, but humans as well.
- (5) Notes:—
 - (a) with alarm the risks that toxoplasmosis poses to our native wildlife, particularly our threatened species such as the Eastern-barred Bandicoot;
 - (b) the risks toxoplasmosis poses to livestock, particularly pregnant ewes, who can lose the lamb that they are carrying; and
 - (c) due to the current budget constraints, that the Cat Management Act passed by the Parliament on 19 November 2009 has not been proclaimed.
- (6) Urges the Minister for Primary Industries and Water to include provision within the 2012-2013 State Budget for the proclamation of the Cat Management Act. (23 November 2011)

792 The Minister for Climate Change to move—That the House:—

- (1) Notes:—
 - (a) the scientific evidence presented by the United Nations Intergovernmental Panel on Climate Change confirms that deforestation and forest degradation contribute an average of 20 per cent of global greenhouse gas emissions every year; and
 - (b) that the United Nations Intergovernmental Panel on Climate Change acknowledges that avoiding deforestation and forest protection is the simplest, cheapest and most effective way of mitigating the impacts of climate change.
- (2) Acknowledges that:—
 - (a) Tasmania's carbon rich native forest estate has always held intrinsic value and now in a carbon constrained economy our trees are also worth more standing in dollar terms than they are falling to an industrial scale logging and woodchipping regime; and
 - (b) in this critical decade tackling climate change is a moral responsibility that falls on individuals, communities, corporations and governments, and that we must take action by every means available – including the protection of native forests so we can leave a safe climate for our children, and their children's children into the future.
- (3) Calls on all members to take this responsibility seriously and to commit to decisive, determined action on climate change. (23 November 2011)

793 Mr *O'Halloran* to move—That the House:—

- (1) Notes:—
 - (a) the Australian Greens have recently introduced new legislation to protect children from junk food advertising;
 - (b) Tasmania has a burgeoning health crisis of childhood obesity;
 - (c) a preventative approach, including the need to curb the relentless advertising of unhealthy foods to children, is the most cost effective way to deal with the problem;
 - (d) self regulation has clearly failed and the existing advertising code is inadequate, as the highest rating children's shows are being saturated with junk food promotions;
 - (e) restrictions on junk food advertising are in place in other jurisdictions;
 - (f) parents are sick of having all the responsibility when all their hard work is undone by sophisticated and relentless advertising that is targeted at their children;
 - (g) the Obesity Policy Coalition recommendations support the Australian Greens' Bill; and
 - (h) the Australian Medical Association which represents more than 27000 doctors, also supports tighter regulations to protect children from junk food advertising.
- (2) Calls on all elected representatives in this place to lobby their Federal colleagues to support the legislation which will be debated in 2012. (23 November 2011)

794 Mr *Archer* to move—That the House:—

NOTICES OF MOTION AND ORDERS

- (1) Notes that the Green-Labor Government is still no closer to delivering an updated State Coastal Policy despite recent coastal erosion on beachfront properties on the Eastern Shore in 2011, highlighting the need for the State Government to develop an updated and more comprehensive State Coastal Policy.
- (2) That with the 2004 draft policy now being completely scrapped, the outdated 1996 policy still remains in place.
- (3) That a full and comprehensive State Coastal Policy which can deal with all coastal issues, particularly the issue of coastal erosion and liability issues, as well as the wider issue of climate change must be developed and finalised without further delay. (23 November 2011)

795 The Premier to move—That the House:—

- (1) Offers its sincere condolences to the family of Kate Scanlon who was tragically killed in a train fire in India on Tuesday 22 November 2011.
- (2) Expresses sympathy for the three other Tasmanian women – Bronwyn Smithies, Naomi Cappelli and Sophie Moore – who were involved in this incident while travelling with Miss Scanlon.
- (3) Sends its thoughts and sympathies to the families and friends of these young Tasmanian women.
- (4) Thanks the consular officials from the Department of Foreign Affairs and Trade who provided support to the women and their families. (24 November 2011)

796 The Premier to move—That the House notes that:—

- (a) the Government has risen to the challenge of dealing with a significant deterioration in the State's financial position in the wake of the loss of \$1.7 billion in GST and State tax revenue;
- (b) no new taxes or increase in existing taxes have been implemented to deal with the State's budget challenges;
- (c) the Government is budgeting to stay out of debt and avoid the crippling impact of a potential \$4 billion Net Debt and an interest bill of \$300 million per annum;
- (d) despite the difficult Budget environment the Government delivered important initiatives including:—
 - (i) \$6 million over three years to fund improvements in energy efficiency for low-income Tasmanians;
 - (ii) \$825 000 per annum to support neighbourhood houses to build community capacity in socially isolated and disadvantaged areas;
 - (iii) \$2 million over two years to assist service organisations to help Tasmanians in need to access support in dealing with cost of living pressures; and
 - (iv) the reintroduction of a Payroll Tax Rebate to encourage businesses to create new jobs;
- (e) the economy is now showing clear signs of economic recovery with a low unemployment rate of just 4.9 per cent, the second lowest of all states, with 400 net jobs created over the past two months and an addition 5200 total net jobs since employment began to recover post-global financial crisis; and
- (f) Tasmania is now recording encouraging growth in key indicators such as retail trade, exports, private investment on machinery and equipment and population. (24 November 2011)

797 Mr *Hodgman* to move—That the House:—

- (1) Notes that:—
 - (a) after 18 months, it is clear that the Green-Labor minority Government experiment is failing Tasmania with:—
 - (i) an economy that is underperforming and with over 1000 jobs lost since the Hon *Lara Giddings* MP became Premier;
 - (ii) business and consumer confidence at record lows; and
 - (iii) a Budget that has been wrecked after years of financial incompetence and mismanagement;
 - (b) Labor are clearly captive to the Greens, and that their actions in Government are more about their own political survival than the interest of the people of Tasmania;

NOTICES OF MOTION AND ORDERS

- (c) the Green-Labor Government's key policies include shutting down the forest industry, flogging off Government assets to plug its budget blackhole, and slashing essential frontline services;
 - (d) the Liberals present a strong positive alternative vision and plan for Tasmania to reboot the economy, put up the "open for business sign", to grow our industries, not shut them down, to protect and create jobs, and to take action to address cost of living pressures;
 - (e) the Liberal plan includes getting the priorities right by making savings in non-essential areas in order to deliver core essential services like education, health and police; and
 - (f) that each of the Liberals' positive policies are opposed by Labor and the Greens.
- (2) Calls on the Premier to accept that her unstable government is failing the people of Tasmania, has no mandate for the disastrous policies they are now implementing, and she should let the people of Tasmania have their say and call an election. (24 November 2011)

798 Mr *Rockliff* to move—That the House:—

- (1) Notes:—
- (a) the shameful disembowelment of our public health system by the Green-Labor Government after years of waste and financial mismanagement;
 - (b) the significant impact on Tasmanian patients and the Tasmanian health system from the Government's cuts to elective surgery, closure of hospital beds and reduction of frontline health jobs; and
 - (c) that this will cause prolonged pain, suffering and the death of patients, will see specialists and other health professionals leave the State, and will take at least 20 years to recover from.
- (2) Acknowledges the Liberals are the only political party in Tasmania that does not support the Green-Labor Government's cruel cuts to frontline health services, and the only party with a clear plan for alternative savings in non-essential areas to ensure patient health and safety. (24 November 2011)

799 The Minister for Health to move—That the House:—

- (1) Notes that:—
- (a) the Tasmanian Government is committed to getting on with the job of building a stronger health system; and
 - (b) the Tasmanian Government is making the difficult decisions to secure a sustainable health future for all Tasmanians.
- (2) Acknowledges that despite the budget challenges the Government continues to progress a positive agenda for improving health services for Tasmanians, including:—
- (a) record investment in modernising our health infrastructure, underpinned by the \$586 million Royal Hobart Hospital redevelopment;
 - (b) the release of A Healthy Tasmania, a blueprint to drive action on health and health inequity in Tasmania over the next 10 years;
 - (c) the introduction of new tougher smoking laws to ensure Tasmania is once again leading the nation in the fight against smoking;
 - (d) continued support for regional health services, including King Island, Westbury, Longford, Ouse and Oatlands;
 - (e) continues to invest in improving our hospitals, particularly in innovative models of care and support systems, such as:—
 - (i) \$48 million of Commonwealth and State funding to establish three regional cancer centres across Tasmania;
 - (ii) the completion of the new neo-natal unit at the Launceston General Hospital;
 - (iii) the establishment of a new satellite renal unit and home dialysis education centre at St John's Park;
 - (iv) the opening of a new independent living unit at the Launceston General Hospital aimed at getting long term patients home safely;

NOTICES OF MOTION AND ORDERS

- (v) the completion of stage one of the \$5.3 million upgrade of the Mersey Community Hospital's emergency department;
 - (vi) the construction of 12 new units at the Northwest Regional Hospital at a cost of some \$3 million for patients and families travelling some distance;
 - (vii) securing nearly \$200 million in funding over three years to ensure the Mersey Community Hospital can continue to provide core hospital services – an increase of some \$20 million over the previous agreement;
 - (viii) a new \$5.6 million state of the art ambulance operations centre which results in significantly faster and more effective coordination of patient transport; and
 - (ix) finalisation of the aero-medical retrieval services fixed wing contract with the Royal Flying Doctor Service, despite the Liberal Opposition calls to abandon proper process. The eight-year contract, with an option of a two-year extension, delivers a new aircraft with a modern aero-medical fit-out for the comfort and safety of patients and staff.
- (3) Notes that all of our major hospitals have accomplished full four year accreditation.
- (4) Recognises that we continue to invest in service improvements through the \$2 million radiology information and picture archive communication system and that we are a national leader in the fight against Hospital Acquired Infection through the publication of the first Healthcare Associated Infection Surveillance Report.
- (5) Further notes the Government is also moving ahead with a progressive policy agenda in mental health, including:—
- (a) the new Mental Health Bill, which will be introduced into the Parliament in 2012 after a comprehensive consultation process; and
 - (b) the progressive implementation of key initiatives under the Suicide Prevention Strategy including funding for a number of non-governmental organisations such as Relationships Australia, Rural Alive and Well, Advocacy Tasmania, the Oz Help Foundation, the Time Out House, and Lifeline Hobart.
- (6) Further acknowledges that the Government has launched the Agenda for Children and Young People – “Our Children Our Young People Our Future”. This 10 year strategy is drawing together the services from across government departments and other stakeholders to work on addressing the needs of children and young people in Tasmania.
- (7) Further recognises the Government's commitment to progressing the National Health reform agenda, including the establishment of three local Tasmanian Health Organisations which will lead to greater local control, more transparency, greater efficiency and improved responsiveness for our health system.
- (8) Further notes that the Government has consistently driven improvements in our health system, while managing a difficult budget situation and is taking action to secure a sustainable health system for the future.
- (9) Condemns the Liberal Opposition for their constant negativity, their consistent falsehoods and misrepresentations, their ongoing determination to score points through stoking fears and their failure to put forward a single credible idea to deal with the challenges facing the delivery of public health care today. (24 November 2011)

800 Mr *Hidding* to move—That the House:—

- (1) The House recalls with great interest the pledge made by all Greens to Tasmanians publicly signed at the front of Parliament House at the last election to deliver on five key policy areas no matter what the outcome of the March 20 election.
- (2) Notes that the five areas were:—
 - (a) cheaper electricity bills;
 - (b) lower water and sewerage bills;
 - (c) shorter hospital waiting lists;
 - (d) better literacy and numeracy rates; and
 - (e) growing jobs in the timber industry.

NOTICES OF MOTION AND ORDERS

- (3) Notes with disgust that the Tasmanian Greens despite their Cabinet positions, have comprehensively failed to keep their pledge to Tasmanians in all of the five key policy areas.
- (4) Further notes that the State Liberals present a strong positive alternative for the people of Tasmania with plans to reboot the economy, support industry, deliver core essential services like education, health and police, address cost of living pressures and allow the forestry industry to grow. (24 November 2011)

801 The Minister for Infrastructure to move—That the House:—

- (1) Notes the major achievements by the State Government in 2010-11 in the area of Economic Development, Innovation, Science and Technology including the:—
 - (a) launch and commencement of a pathway forward for the Tasmanian economy through the Economic Development Plan;
 - (b) development and launch of the Small Business Strategy;
 - (c) establishment of three regional reference groups to oversee development of regional economic plans;
 - (d) development of Digital Ready and Business Tasmania Online; and
 - (e) collaboration with the Federal Government to strategically transition key parts of the economy through the \$120 million funding from the Economic Diversification Stream of the Forestry Inter-governmental Agreement.
- (2) Further notes the major achievements by the State Government in 2010-11 in the area of Police and Emergency Management, including:—
 - (a) achieving the lowest total number of offences recorded for 30 years and the lowest level of public place assaults in more than 10 years;
 - (b) a reduction in recorded crimes by a further 11 per cent, building on the 4 per cent reduction from 2010, a reduction in offences against property of 10 per cent, a reduction in serious crime offences by 4 per cent and home burglary offences down 11 per cent;
 - (c) Tasmania achieving the highest level of perceived safety when walking locally during the day and night, of any jurisdiction in the National Survey of Community Satisfaction with Policing;
 - (d) the establishment of a dedicated Fraud and e-Crime Investigation Unit to investigate serious fraud and e-crime complaints; and
 - (e) further resourcing and infrastructure improvements, including the redevelopment and refurbishment of the Bellerive Police Station opened last week.
- (3) Further notes the major achievements by the State Government in 2010-11 in the area of Infrastructure, including:—
 - (a) the establishment of the Tasmanian Infrastructure Advisory Council which is playing a key role in providing the Government with strategic advice on infrastructure policy, planning and delivery;
 - (b) the lowest number of fatal and serious injury crashes in over 40 years, contributed to by road safety initiatives, funded by an increased annual investment of nearly \$10 million from the road safety levy;
 - (c) ongoing record high levels of Infrastructure investment including the early completion of major projects of national significance, such as the \$81 million upgrade of the East Tamar Highway, including the completion of the Dilston Bypass; and
 - (d) the commencement of projects connecting communities under the \$90 million Community Roads Program and the \$21 million West Coast Road Package.
- (4) Further notes the major Labor achievements by the State Government in 2010-11 in the area of Workplace Relations, including:—
 - (a) the establishment of Tasmania's first no-fault asbestos compensation scheme, a scheme which provides fairness and justice to workers who have been struck down by an asbestos disease acquired through their work;
 - (b) legislating for private sector workers to join public sector workers in gaining access to long service leave five years earlier than existing laws currently provide; and

NOTICES OF MOTION AND ORDERS

- (c) delivering to make our workplaces safer by passing new mine safety laws, which were developed with the support of unions and industry.
- (5) Recognises that these achievements show that the State Government has the agenda and the vision to continue to take Tasmania forward and highlights that we are getting on with the job of helping to make Tasmanian communities stronger. (24 November 2011)

802 Mr *Gutwein* to move—That the House:—

- (1) Notes:—
 - (a) the scandalous destruction of the forest industry by the Labor-Green Government by signing the Intergovernmental Agreement;
 - (b) the Intergovernmental Agreement trades off \$700 million in economic activity for \$7 million and will cost thousands of jobs and decimate rural and regional communities;
 - (c) the forest industry is being held to ransom by the Intergovernmental Agreement, including the Triabunna Mill; and
 - (d) the deal was changed in favour of the Greens after industry was given their final briefing, with Labor buckling to pressure from the Greens.
- (2) Acknowledges the Liberals have a strong positive alternative for the people of Tasmania reliant on our forest industry jobs and living in regional communities with a 13 point plan to grow the industry, save jobs and deliver strong environmental outcomes. (24 November 2011)

803 The Deputy Premier to move—That the House:—

- (1) Notes the Government's progress during 2011 in delivering major reforms and building on opportunities to strengthen and grow our economy.
- (2) Further notes:—
 - (a) changes to Tasmania's planning system which have seen the implementation of a new residential code to cut red tape and speed up approvals as part of ongoing reforms to keep pace with the aspirations of local communities and potential investors;
 - (b) the progress of the Government's irrigation development program and the benefits it is delivering to regional communities across the State;
 - (c) that \$100 million of public and private money has been invested in irrigation schemes so far with almost 300 farmers across the State gaining more reliable and secure access to water; and
 - (d) the Government's active role in the continued growth of our primary industries in areas like dairy farming and processing together with the expansion of the salmon industry.
- (3) Recognises the resurgence of Tasmania's mining sector which in 2011 has seen record levels of investment in mineral exploration and the consolidation of existing operations.
- (4) Further notes:—
 - (a) the significant contribution the mining industry makes to Tasmania's economy and the Government's ongoing commitment and strong support; and
 - (b) the Government's commitment to securing a sustainable future for our family-owned sawmills and veneer mills while achieving significant conservation outcomes as part of the Tasmanian Forests Intergovernmental Agreement as opposed to the do-nothing approach of the Liberals.
- (5) Condemns the Liberal Opposition for its complete lack of vision and leadership in relation to each and every one of the aforesaid matters. (24 November 2011)

804 Mr *Groom* to move—That the House:—

- (1) Notes:—
 - (a) the failure of the Labor-Green Government to properly understand the full extent of the power price pain being experienced by Tasmanian small business and households;

NOTICES OF MOTION AND ORDERS

- (b) the utter contempt shown by the Premier Hon *Lara Giddings* MP and the Minister for Energy and Resources, Hon *Bryan Green* MP in continuing to perpetuate the myth that Tasmania power bills are middle of the pack when they know full well that they are amongst the highest in the nation;
 - (c) the callous disregard for Tasmanian households and small business shown by the Government in its decision to rig the rules that apply to the economic regulator in order to force up power prices to keep Aurora afloat ;
 - (d) the failure of the Premier, Hon *Lara Giddings* MP to have any understanding of the potential adverse consequences the Labor-Green carbon tax could have for Tasmanian households and small businesses already drowning under the weight of cost of living pressures and the injustice of those potential consequences given this State's status as a renewable energy generator; and
 - (e) the failure of this government to articulate any clear direction in energy strategy for the State and its appalling failure of oversight of its government-owned energy businesses.
- (2) Acknowledges that, in contrast, the Tasmanian Liberals have presented strong positive alternative power price policies for the people of Tasmania including to introduce full competition into the retail electricity market in order to put downward pressure on power prices and also to hand back any carbon tax ripped out of the pockets of Tasmanian households and small businesses.

805 Mr *Booth* to move—That in accordance with section 47 of the Acts Interpretation Act 1931, Section 35 contained in the Fisheries (Rock Lobster) Rules 2011 dated 6 September 2011 and laid upon the Table of the House on Tuesday 18 October 2011 be disallowed. (24 November 2011)

806 The Minister for Climate Change to move—That the House notes the achievements in the Climate Change portfolio including:—

- (a) the launch of the Government's 2 year Climate Action Plan;
- (b) commencement of the Forest Carbon study with CO2 Australia;
- (c) inaugural carbon price roundtable held with Tasmania's major emitters on the same afternoon as the Clean Energy Future legislation passed the Senate;
- (d) a round of Climate Change "Climate Connect" and "Earn Your Stars" grants distributed, another round announced and open for applications currently;
- (e) work underway with four local councils on the Tasmanian Coastal Adaptation Decision Pathways Project, to prepare councils to adapt to climate change impacts;
- (f) release of the Antarctic Climate and Ecosystem Cooperative Research Centre's (ACE CRC) Climate Futures – Extreme Events report which has been distributed to all local councils, and aspects of which are available on the Land Information System Tasmania (LIST); and
- (g) Power Saving for Tenants energy efficiency program that will be rolled out once a successful tenderer is announced very soon to support low income tenants in private rental accommodation to reduce emissions and lower their power bills. (24 November 2011)

807 The Minister for Community Development to move—That the House:—

- (1) Notes with sadness the passing of peace activist Bronwen Meredith at the age of 92 and extends condolences to her family and friends.
- (2) Acknowledges the lifetime of tireless work and dedication of Mrs Meredith to the values of tolerance, peace and justice; including her continuous commitment to the Tasmanian branch of the Women's International League for Peace and Freedom since 1963 where she was the first State Secretary.
- (3) Further acknowledges Mrs Meredith's contribution to the ideals of peace and freedom by speaking out against issues such as chemical warfare, French nuclear testing in the Pacific ocean, reforms to the United Nations Security Council, conscription, the Vietnam War and the Iraq War and her passionate and ongoing support for issues such as Aboriginal rights and reconciliation, gun control and human rights.

NOTICES OF MOTION AND ORDERS

- (4) Notes that Bronwen Meredith was inducted onto the Tasmanian Honour Roll of Women in 2006 and remained active and determined in her pursuit of these ideals until the very end. (24 November 2011)

808 Mr *O'Halloran* to move—That the House:—

- (1) Directs the Minister for Environment, Parks and Heritage to declare the Tarkine region in the State's north-west a National Park under the provisions of the Nature Conservation Act 2002; and that the boundaries of such should reflect the proposed Australian Heritage Council recommended Tarkine National Heritage Listing recommendation of 2010.
- (2) Requires the draft Tarkine National Park Bill to be completed to be introduced into this place in the Autumn sitting of 2012. (24 November 2011)

809 The Minister for Environment, Parks and Heritage to move - That the House notes:—

- (a) a significant boost of \$4 million per year over 4 years to the Parks and Wildlife Service, enhancing fire management, providing a substantial investment in parks infrastructure, and improving the management and protection of our reserve system;
- (b) over \$3 million invested in infrastructure in our reserves, through works at the Stanley Nut, Joe Lyons Cottage, Low Head Pilot Station, Wineglass Bay, at northeast camping sites and Hastings Cave and Pool;
- (c) a commitment of \$2 million to the Arthur Pieman Sustainable Access Project, as part of our ongoing collaboration with the community to find a balanced approach to the sustainable use and protection of the area;
- (d) positive partnerships with Parks and tourism in development of the Tasman Tourism Development strategy, and development of the Three Capes Track Project, and other examples such as the development of the Maria Island Tourism development plan, and the implementation of the 60 Great Short Walks including strategy, promotion, signage and interpretation;
- (e) the investment of \$12.8 million which has drawn an additional \$12.5 million from the Australian Government and will bring some \$8 million from the private sector for the development of the Iconic Three Capes Track;
- (f) that these benefits have already started to flow with the current upgrade to the Cape Hauy Track. Five Tasmanian companies were awarded the contracts for the track work, supply of construction materials and provision of helicopter services, including two local contractors who are supplying the material for the track. This has generated some 20 jobs, some of which are local;
- (g) major achievements on conservation efforts on private land. Through close partnerships with landowners we have established over 600 conservation covenants, protecting some 78,000 hectares on private land;
- (h) significant progress on the development of contemporary Aboriginal Heritage legislation to replace the outdated Aboriginal Relics Act 1975;
- (i) continuing work to save the Tasmanian Devil, including establishing the insurance population, working with a range of stakeholders to establish free range enclosures and continuing research efforts into the devil facial tumour disease;
- (j) continuing commitment to eradicating feral pests from Macquarie Island with our successful baiting program, the largest island eradication operation undertaken worldwide using aerial baiting techniques;
- (k) the inclusion of 5 Tasmanian sites among the 11 that together form the Australian Convict Sites World Heritage Property;
- (l) the ongoing proclamation of nature conservation reserves under the Nature Conservation Act with the proclamation of 64 new reserve areas, which amounts to over 35,800 hectares of new reserves under the Nature Conservation Act, in 2011;
- (m) the successful hosting of the Inaugural, Standing Council for Law and Justice in Launceston, progress legislation on surrogacy, integrity commission act amendments, introduced vexatious proceedings legislation, progressing review of guideline judgments, Arson laws, and protection of emergency workers, and laws around protection of children and other witnesses;
- (n) proposed amendments to the Antidiscrimination Act; and
- (o) sex industry discussion paper and an electoral donations discussion paper are also nearing completion for public release. (24 November 2011)

NOTICES OF MOTION AND ORDERS

- 810** The Minister for Education and Skills to move That the House:—
- (1) Notes that:—
 - (a) Friday, 25 November 2011 was White Ribbon Day, people around the world will mark the United Nations International Day for the Elimination of Violence Against Women; and
 - (b) that violence against women is recognized as a major global health problem which has damaging impact on the physical mental and reproductive health of women and that it is still one of the most widespread human rights abuses in Australia.
 - (2) Acknowledges the impact of family violence on children and young people who witness it; which itself is widely recognized as a form of child abuse and neglect in its own right;
 - (3) Recognises the work of the Department of Education, through the K-10 Health and Wellbeing syllabus, which teaches young people resilience skills; and respectful relationships programs and family violence programs, such as LoveBites, which are being introduced into a number of Tasmanian schools.
 - (4) Further acknowledges the work of the Tasmanian Government in responding to family violence through the Safe at Home program.
 - (5) Calls on all male Parliamentarians to consider nominating as White Ribbon Day ambassadors or to go online to swear the White Ribbon Day pledge at www.whiteribbonday.org.au/myoath. (24 November 2011)
- 811** Mr *McKim* to move – That the House:—
- (1) Notes that:—
 - (a) the Tasmanian Greens have delivered on over 80 policies in part or full since the 2010 State Election; and
 - (b) the Liberals have delivered on none at all.
 - (2) Agrees that on any measure, the Greens have been far more successful, both in Parliament and within Ministerial portfolios, in delivering their policies than the Liberal Party. (24 November 2011)
- 812** Mr *Ferguson* to move – That the House:—
- (1) Notes that:—
 - (a) Friday, 25 November 2011 is the International Day for the Elimination of Violence Against Women, also known as White Ribbon Day; and
 - (b) many Tasmanian men have made the oath, “I swear never to commit, excuse or remain silent about violence against women, this is my oath.”.
 - (2) Encourages all Tasmanian men to make the oath. (24 November 2011)
- 813** Mr *Ferguson* to move – That the House:—
- (1) Notes:—
 - (a) the Labor-Green Government’s attempt this year to forcibly close schools without community consent or a genuine consultation process;
 - (b) the attempt by the Minister for Education and Skills to run away from accountability by handing his decision to close schools at the end of next year to an unelected body not answerable to the Parliament;
 - (c) the Minister’s decision to slash millions of dollars from the education budget, despite Tasmania performing poorly in a range of key indicators;
 - (d) the cuts to education will see class sizes increased, diminished support for children with special needs and the loss of critical literacy and numeracy support in our schools; and
 - (e) that in the shrinking education budget, the Minister is pushing ahead with the employment of 11 new middle management positions costing \$4.2 million.
 - (2) Acknowledges that the Liberals present a strong positive alternative for the people of Tasmania with policies to improve education standards in Tasmania, retention and completion rates, by investing in schools and helping families and communities by extending high schools to year 12. (24 November 2011)

NOTICES OF MOTION AND ORDERS

- 814** Mr *Shelton* to move – That the House notes that:—
- (a) the Green Labor Government is actively destroying regional Tasmania with their disastrous policies to annihilate the forest industry, close schools and abandon police stations in rural Tasmania; and
 - (b) only the Liberals truly represent and will stand up for regional Tasmania. (24 November 2011)
- 815** Ms *Archer* to move – That the House:
- (1) Notes the failure of the Government, after 13 years, to address the State’s planning laws, with some 36 different schemes and where development is hindered and costly.
 - (2) Acknowledges that the Liberals present a strong positive alternative for the people of Tasmania with policies to deliver a single statewide planning scheme and a simpler, fairer, faster and cheaper system where development is encouraged. (24 November 2011)
- 816** Mr *Brooks* to move – That the House:—
- (1) Notes the failure of the Labor-Green Government to support the engine of our economy, the 37,000 small businesses in this State by:—
 - (a) awarding an increasingly large slice of Government work to interstate companies;
 - (b) failing to introduce contestability in the electricity market; and
 - (c) the release of a flimsy strategy for small business containing 16 pages of bureaucratic mumbojumbo and a very nice photo of the Honourable Member for Lyons, Ms *White*.
 - (2) Acknowledges the Liberals’ strong positive alternative for the people of Tasmania and small business sector with policies to reboot the economy, introduce a Local Benefits Test to ensure the Government buys local more often, to slash red tape and reduce business costs by introducing competition into the electricity market, and handing back Hydro’s carbon tax windfall to Tasmanian households and small businesses. (24 November 2011)
- 817** Mrs *Petrusma* to move – That the House:—
- (1) Notes:—
 - (a) the failure after 13 years of this Government to arrest the spiraling costs of living pressures which are being felt by thousands of Tasmanians;
 - (b) that the Green-Labor Government has just spent half a million dollars on a cost of living strategy and has failed to act on 12 of the 13 actions, including the areas of “Immediate Support for People and Places” and “Capacity Building”;
 - (c) the Government will further delay action on the strategy by establishing a Parliamentary Inquiry to conduct a review of a review to produce a report of a report; and
 - (d) that the Inquiry will not report until July 2012, therefore no action will be taken on cost of living pressures until the 2013-14 State Budget, despite those pressures existing now.
 - (2) Acknowledges the Liberals’ strong positive alternative for the people of Tasmania with policies to address cost of living pressures now, including introducing competition into the electricity market, merging the water and sewerage corporations and handing the carbon tax windfall back to Tasmanians to keep bills down. (24 November 2011)
- 818** Ms *White* to move – that the House:—
- (1) Notes that:—
 - (a) there are clear signs of an underlying economic recovery in Tasmania;
 - (b) we have a near record low unemployment rate of 4.9 per cent, and the number of unemployed people has fallen by two thousand three hundred since February 2011;

NOTICES OF MOTION AND ORDERS

- (c) an additional five thousand two hundred net jobs have been created post-global financial crisis, including 400 new jobs in the past two months;
 - (d) over four billion dollars of total private investment recorded in the year to June 2011, the highest level in two years;
 - (e) retail trade has increased for six consecutive months and is now the equal fastest in the nation;
 - (f) Tasmania has recorded merchandise exports of three point two billion dollars over the year, up six point six per cent over the past quarter; and
 - (g) our population is at a record high of 510 thousand and has increased consistently over the past ten years.
- (2) Congratulates the State Government for showing responsible financial management which has created the conditions for a strong Tasmanian economy into the future. (24 November 2011)

Orders of the Day

1 Acts Enumeration Amendment Bill (*pro forma*) (No. 1 of 2010): Second reading. (The Deputy Premier)

2 Secondary Colleges (Restoration) Bill (No. 6 of 2010): Second reading. (Mr *Ferguson*)

3 Agricultural and Veterinary Chemicals (Control of Use) Amendment (Ban 1080) Bill (No. 20 of 2010): Second reading. (Mr *Booth*)

4 Tasmanian Teachers: Adjourned Debate on the Question proposed on Wednesday, 1 September 2010 by Mr *Wightman*—That the House:—

- (1) Commends two Tasmanian teachers, Jane Hall-Dadson and Mark Smithies for their outstanding contribution to education in this State.
- (2) Congratulates these two teachers upon the receipt of prestigious awards, respectively, the Eureka Prize for science teaching and the 2010 Microsoft Innovative Teachers Award for Tasmania, as recognition for their work in the fields of science and information technology.

5 Chemical Trespass Bill (No. 36 of 2010): Second reading. (Mr *Morris*)

6 Arts and Disability Program: Adjourned Debate on the Question proposed on Wednesday, 22 September 2010 by the Minister for the Arts—That the House:—

- (1) Notes a new State Government initiative to assist people with disabilities participating in the arts with the recent launch of Art Tasmania's inaugural Arts and Disability Program.
- (2) Acknowledges that this program will make grants available to professional artists with a disability and for activities by artists and organisations working with people with a disability.
- (3) Recognises that the program aims to break down the barriers which prevent people with a disability from taking part in the arts.
- (4) Further notes that workshops to assist artists make their applications are underway around the State. (Next Speaker: The Minister for the Arts)

7 Adult Literacy: Adjourned Debate on the Question proposed on Wednesday, 22 September 2010 by Mr *Wightman* —That the House: —

- (1) Notes:—
 - (a) record funding by the Government to improve adult literacy in Tasmania; and
 - (b) that almost \$11 million has been allocated over the next four years to support a range of initiatives in communities and workplaces across Tasmania to help people who lack basic literacy skills.
- (2) Acknowledges the implementation of the Adult Literacy Action Plan which will see the employment of up to 16.5 full time equivalent Adult Literacy Coordinators and a team of trained literacy volunteers working to tackle low levels of literacy.
- (3) Further notes that:—

NOTICES OF MOTION AND ORDERS

- (a) three of these Adult Literacy Coordinators will be located in the Tasmanian Prison Service to help provide training and support to inmate's pre and post release as well as to those serving community orders; and
 - (b) the establishment of an Adult Literacy Investment Fund will provide \$1 million a year on further State-wide programs.
- (4) Commends the Government for recognising and acting on the real needs of the many Tasmanians who find themselves at risk of social and economic isolation due to a lack of literacy skills. (Next Speaker: Mr *Brooks*)

8 Sakineh Mohammadi Ashtiani: Adjourned Debate on the Question proposed on Wednesday, 29 September 2010 by the Minister for Health —That the House:—

- (1) Notes:—
- (a) with grave concern the plight of Iranian citizen Sakineh Mohammadi Ashtiani who has been sentenced to death by stoning for adultery;
 - (b) that a sentence of 99 lashes has already been imposed and administered on Sakineh Mohammadi Ashtiani for engaging in consensual sexual relations; and
 - (c) international concern about the trial, sentencing and punishment of Sakineh Mohammadi Ashtiani.
- (2) Condemns the imposition of death by stoning in any circumstances.
- (3) Calls for the sentence imposed on Sakineh Mohammadi Ashtiani to be quashed and a review of the case to be initiated.
- (4) Calls on the Government of Iran, and other governments, to decriminalise consensual sexual activity between adults and eliminate other forms of discrimination against women. (Next Speaker: The Minister for Health).

9 Financial Integrity and Transparency Bill (No. 54 of 2010): Second reading. (Mr *Gutwein*)

10 Animal Welfare (Ban Battery Hens) Amendment Bill (No. 56 of 2010): Second reading. (Ms *O'Connor*)

11 Innovations Strategy: Adjourned Debate on the Question proposed on Wednesday, 20 October 2010 by Ms *White*—That the House notes that:—

- (a) the Premier launched the Innovations Strategy on 25 August 2010;
- (b) such strategy targets the five key priority areas of:—
 - (i) high-value agriculture, aquaculture and food;
 - (ii) renewable energy;
 - (iii) the digital economy;
 - (iv) a vibrant, creative and innovative Tasmania built on its lifestyle advantages; and
 - (v) further growing our tourism advantage; and
- (c) this marks the next significant step towards building a dynamic and modernised economy. (Next Speaker: Mr *O'Halloran*)

12 Same-sex Marriage Bill (No. 65 of 2010): Second reading. (Mr *McKim*)

13 Same-sex Marriage (Celebrant and Registration) Bill (No. 64 of 2010): Second reading. (Mr *McKim*)

14 Same-sex Marriage (Dissolution and Annulment) Bill (No. 63 of 2010): Second reading. (Mr *McKim*)

15 Tasmanian Regional Forest Agreement: Adjourned Debate on the Question proposed on Wednesday, 10 November 2010 by Mr *Shelton*—That the House:—

- (1) Notes that the Tasmanian Regional Forest Agreement, first established in 1997 by State and Federal Liberal Governments, and the Tasmanian Community Forest Agreement have brought major benefits to the industry, providing a strong pathway into the future and significant outcomes in terms of the Tasmanian environment.

NOTICES OF MOTION AND ORDERS

- (2) Calls on the State Government to immediately commence negotiations with the Federal Government to provide a 20 year evergreen Regional Forest Agreement from 2017 and to provide for rolling renewals of the RFA after each five-yearly review.
- (3) Unreservedly supports the Regional Forest Agreement and the Tasmanian Community Forest Agreement, which have together provided a secure future, as well as improving forest practices and protecting for all time environmentally significant parts of the State.
- (4) Strongly supports the Forestry Industry in Tasmania as a major direct and indirect creator of wealth and employment and an essential contributor to our State's economy. (Next Speaker: Mr *Hidding*)

16 Whales Protection (State Sanctuary) Amendment Bill (No. 66 of 2010): Second reading. (Ms *O'Connor*)

17 Supporting Local Business and Jobs (Local Benefits Test) Bill (No. 10 of 2011): Second reading. (Mr *Brooks*)

18 Supporting Local Business and Jobs (Reducing Red Tape) Bill (No. 11 of 2011): Second reading. (Mr *Brooks*)

19 Native Forestry Sector: Adjourned Debate on the Question proposed on Wednesday, 18 May 2011 by Mr *Gutwein*—That the House values our native forestry sector and supports native forest harvesting in perpetuity. (Next Speaker: Mr *Gutwein*)

20 Triabunna Woodchip Mill: Adjourned Debate on the Question proposed on Wednesday, 15 June 2011 by Mr *Morris* —That the House:—

- (1) Notes the public meeting held at Triabunna on 25 May 2011, that brought many members of the community together to start articulating possible futures for the Triabunna district following the closure of the woodchipping facility by Gunns Ltd.
- (2) Welcomes, encourages and congratulates the Triabunna community for showing the initiative to come together to identify business opportunities such as the Marine Discovery Centre, that will enable the local economy to transition and provide employment opportunities.
- (3) Recognises that there should be close consideration to providing financial and other support to regional economic development for Tasmanian regional communities, through opportunities such as the current Kelty Process. (Next Speaker: Mr *Morris*)

21 Small Business: Adjourned Debate on the Question proposed on Wednesday, 15 June 2011 by Mr *Brooks* —That the House:—

- (1) Notes the Greens complete failure, even though in Government, to deliver a single one of their small business policies some of which include:—
 - (a) \$750,000 Small Business and Innovation Roundtable;
 - (b) \$450,000 to establish an independent Office of the Business Commissioner;
 - (c) an Innovation Vouchers Scheme; and
 - (d) a Women Innovating Small Business support program.
- (2) Further notes that the Greens promised a Minister for Small Business, which is a policy supported by the Liberals, however there is still no dedicated Minister for Small Business, highlighting yet another failure to deliver what they promised.
- (3) Further notes that small business in this State has a confidence level of negative 20 points in Tasmanian Government policies according to the Sensis Business Index, and that the inability of the Greens to deliver a single one of their promised Small Business policies, together with the Labor's poor record on delivering promises to the Small Business sector is the primary cause of this lack of confidence.
- (4) Condemns the Greens and Labor parties for completely failing Tasmania's Small Businesses and not delivering what they promised. (Next Speaker: Mr *Groom*)

22 Alternative Budget: Adjourned Debate on the Question proposed on Wednesday, 15 June 2011 by Mr *Best*—That the House:—

- (1) Recognises the failure of the Liberal Opposition to prepare an alternative Tasmanian Budget for 11 years.

NOTICES OF MOTION AND ORDERS

- (2) Notes that:—
 - (a) with just two days to go before the 2010-11 Budget, the Leader of the Opposition, the Hon *Will Hodgman* MP refuses to say whether he will put an alternative budget to the Tasmanian people; and
 - (b) the Liberal Party has previously used every excuse under the sun for not preparing an alternative budget.
- (3) Acknowledges that last year the Liberals endorsed 95 per cent of the pre-election Budget in a makeshift financial document.
- (4) Recognises that the Liberals wanted to impose cuts on the State sector and drag increased dividends out of our electricity business, including an extra \$15 million out of Aurora Energy.
- (5) Calls on Hon. *Will Hodgman* MP to finally show some financial responsibility by committing to put forward an alternative Budget this year and every year. (Next Speaker: Mr *O'Halloran*)

23 State Economic Development Plan: Adjourned Debate on the Question proposed on Thursday, 22 September 2011 by the Minister for Economic Development—That the House:—

- (1) Notes the Premier's launch of a new State Economic Development Plan on Friday 26 August 2011 that will guide Tasmania's economic direction and priorities for the next decade and beyond.
- (2) Congratulates the staff of the Department of Economic Development, Tourism and the Arts for their intensive industry research which has driven policy making in this area.
- (3) Further notes that the business community and the leaders of Tasmania's key industry sectors were extensively consulted in the planning process for the Economic Development Plan and as a result are supportive of the four major goals around which the Plan is structured.
- (4) Acknowledges that, in releasing this Plan, this Labor Government is building upon its consistent pattern of driving positive reform underpinned by values that promote equity and a better life for all Tasmanians.
- (5) Further acknowledges that the Plan will grow and protect jobs by taking full advantage of Tasmania's strengths and opportunities in key sectors of our economy.
- (6) Further notes that the four main goals of the Plan are to:—
 - (a) support and grow businesses in Tasmania;
 - (b) maximise Tasmania's potential in key sectors;
 - (c) improve the social and environmental sustainability of the economy; and
 - (d) support and grow communities within regions.
- (7) Further notes that just some of the initiatives contained within the Plan are:—
 - (a) financial assistance and advisory services;
 - (b) Business Tasmania Online;
 - (c) an Energy Efficiency for Business initiative;
 - (d) development of environmental indicators;
 - (e) an environmental and social labelling feasibility study;
 - (f) a Small Business Connect project;
 - (g) establishment of a Major Investment Unit;
 - (h) a new Sectoral Intelligence System;
 - (i) establishment of three new Regional Reference Groups to guide the development of regional plans; and
 - (j) the establishment of a Carbon Price Roundtable, which will involve business – including emitters.
- (8) Further notes that the strong emphasis in the Plan on supporting job creating industries in regional and rural areas will be assisted by the \$120 million Regional Development Fund recently committed by the Commonwealth in the Forestry Intergovernmental Agreement.
- (9) Acknowledges that attracting the best sustainable development to the State will in turn attract more people to live, work, visit and invest in Tasmania.
- (10) Further notes that in contrast to this substantial and significant policy document, the Tasmanian Liberals have failed to produce any meaningful vision or direction for the economic development of Tasmania.
- (11) Acknowledges that the Tasmanian Liberals have no long term vision for Tasmania. (Next Speaker: The Minister for Health)

NOTICES OF MOTION AND ORDERS

24 Fruit and Nut Industry (Research, Development and Extension Trust Fund) Bill (No. 53 of 2011): Second reading. (The Deputy Premier)

25 Business Mentoring Program: Adjourned Debate on the Question proposed on Wednesday, 28 September 2011 by Ms *White*—That the House:—

- (1) Notes the importance of business people in Tasmania finding suitable mentors.
- (2) Supports Business Mentor Services Tasmania, part of the O Group, in their promotion of the role of mentors.
- (3) Congratulates Business Mentor Services Tasmania for identifying a gap in the number of female mentors available to business clients and filling that gap – growing their number of female mentors from 12 one year ago to 38 today – thanks to a proactive strategy targeting successful business leaders.
- (4) Highlights a women’s mentoring program in the Devonport/Latrobe region called “Inspire Business” that involves 12 women mentors giving new businesses the best start in life.
- (5) Further notes that this success in gaining a greater number of female mentors comes off the back of the highly successful 2011 Tasmanian Women Entrepreneur Awards.
- (6) Recognises the O Group’s work to help business women from around Tasmania gain the recognition they deserve and to inspire others who are following in their footsteps. (Next Speaker: The Minister for Community Development)

26 Animal Welfare Amendment Bill (No. 55 of 2011): Second reading. (The Deputy Premier)

27 North West Coast Employment: Adjourned Debate on the Question proposed on Wednesday, 19 October 2011 by Mr *Best*—That the House:—

- (1) Notes the importance of government to work with industry to facilitate employment opportunities in Braddon.
- (2) In particular notes:—
 - (a) working with industry has resulted with the Mersey Lyell region growing jobs by 2.3% for the year to the end of May 2011;
 - (b) whilst the North West Coast has been the hardest hit region through the global financial crisis, signs of economic recovery are showing, being lead through industry development; and
 - (c) the contribution our small businesses, farmers, exporters, manufacturers and miners make for the region.
- (3) Calls on the Honourable Member for Braddon, Mr *Brooks* to ‘please explain’ what he actually means by his negativity when he says he can create employment by cutting red tape, is he proposing:—
 - (a) to reduce industry safeguards;
 - (b) reduce quality standards; or
 - (c) somehow just cut corners.
- (4) Further, notes the importance of the role of government to facilitate industry development to enable business to flourish. (Next Speaker: Mr *O’Halloran*)

28 Financial Management and Audit (Quarterly Reporting) Amendment Bill (No. 49 of 2011): Adjourned debate on the Question proposed on Thursday, 24 November 2011 by Mr *Gutwein* – That the Bill be now read the Second Time. (Next Speaker: Mr *Gutwein*).

29 Wesley Vale Pulp and Paper Industry (Repeal) Bill (No. 81 of 2011): Second reading. (The Minister for Primary Industries and Water)
