

TASMANIA

HOUSE OF ASSEMBLY

SESSION OF 2008 - 2009

(SECOND SESSION OF THE FORTY-SIXTH PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 92

TUESDAY, 17 NOVEMBER 2009

(At 10.00 o'clock a.m.)

Notices of Motion

Notices of Motion tabled prior to 3 November 2009 are published at:
<http://www.parliament.tas.gov.au/ha/hamot.htm>

825 Mr *McKim* to move—That the House:—

- (1) Notes that for the second year running the Ombudsman has called for the position of Deputy Ombudsman to be established to assist in meeting the additional responsibilities that the State Government has placed on the Office of the Ombudsman.
- (2) Recognises that currently there is legislation before the Parliament, including the “Integrity Commission Bill 2009”, the “Public Interest Disclosures Amendment Bill 2009”: and the “Right to Information Bill 2009” which if passed, will add further significant duties to the role of Ombudsman.
- (3) Directs the Bartlett Government immediately to make provision for an appropriately resourced position of Deputy Ombudsman to be established. (3 November 2009)

826 Mr *Whiteley* to move—That the House:—

- (1) Notes that:—
 - (a) according to the Department of Health and Human Services Annual Report 2008-09, the number of people in the Senior Executive Service in the Department of Health and Human Services has more than doubled in the past four years since 2005, increasing from 23 to 50; and
 - (b) this increase in highly paid health bureaucrats has occurred under the current Minister for Health, Hon Lara Giddings MP.
- (2) Calls on the Government to rein in the bloated health bureaucracy and re-direct all available funding into meeting the health needs of Tasmanians. (3 November 2009)

827 Mr *Booth* to move—That the House:—

- (1) Notes with grave concern:—
 - (a) the staggering amount of \$17,685,447 lost from the community to pokie machines over the month of September 2009 alone, which is an increase of \$335,876 from the same period for 2008;
 - (b) that \$165,594,846 has been lost to pokies so far this year alone;
 - (c) losses are expected to reach the appalling level of \$220 million for the full calendar year of 2009; and
 - (d) that many Tasmanians have a family member in jail as a result of pokie addiction which is deliberately created by the owners of the machines, and tragically too many Tasmanians have a family member or friend who has taken their life as a result of gaming addiction.

NOTICES OF MOTION AND ORDERS

- (2) Calls on the Bartlett Labor Government to accept responsibility for these pernicious machines and immediately amend the “Gaming Control Act 1993” to allow them to be removed from our community. (3 November 2009)

828 Mr *Booth* to move—That the House:—

- (1) Seriously condemns the underhanded attempts of National Foods Australia Pty Ltd to divide and rule Tasmanian dairy farmers by refusing to deal with the farmers collective bargaining group and instead choosing to pick off vulnerable farmers one by one.
- (2) Notes that farmers are being driven into bankruptcy, family breakdown and tragically worse as a direct result of National Foods Australia Pty Ltd paying less than the price of production for milk.
- (3) Notes that the Tasmanian Farmers and Graziers Association does not represent the dairy industry on this issue and the House calls on them to retract their support for National Foods Australia Pty Ltd.
- (4) Calls on all Tasmanians to support the boycott of ‘Pura’ brand milk. (3 November 2009)

830 Mr *Butler* to move—That the House:—

- (1) Notes the record allocation of funding for Tasmanian schools in the 2010 School Resource Package.
- (2) Further notes:—
 - (a) the package includes \$16 million in new funding;
 - (b) that this highlights the Bartlett Labor Government’s determination to improve Tasmania’s literacy and numeracy levels and post year 10 retention rates;
 - (c) that the resource package together with reforms of post year 10 education and the Government’s emphasis on early years learning demonstrates its commitment to making a difference; and
 - (d) that for the first time schools are receiving advice on most school funding allocations in one lump sum amount to give them the opportunity to plan more strategically.
- (3) Acknowledges that the Bartlett Labor Government is supporting its reforms with the financial resources to make them work. (3 November 2009)

831 Mr *Hulme* to move—That the House:—

- (1) Notes that Tasmania now has the highest operational police numbers on record.
- (2) Further notes that:—
 - (a) since December 2008, 64 new police recruits have graduated and been deployed around Tasmania; and
 - (b) a further 7 already experienced police officers have been fast tracked to join the ranks prior to Christmas;
- (3) Acknowledges:—
 - (a) the ongoing funding increases for police by Government, including support to establish initiatives such as Public Order Response Teams;
 - (b) recent figures that show Tasmania remains the safest State in Australia after achieving a reduction in crime for the third year in a row; and
 - (c) that once again Tasmania Police be congratulated for its work and the significant reduction in crime. (3 November 2009)

832 Mr *McKim* to move—That the House:—

- (1) Notes with disappointment that:—
 - (a) despite debate progressing to establish a Tasmanian Integrity Commission, the Labor Government has still failed to introduce a Charter of Human Rights; and

NOTICES OF MOTION AND ORDERS

- (b) the Tasmanian Law Reform Institute recommended in October 2007 that a Charter of Human Rights be enacted in Tasmania.
- (2) Calls on the Bartlett Government to recommit to a Charter of Human Rights for Tasmania. (4 November 2009)

833 Mr *Butler* to move—That the House:—

- (1) Notes the Bartlett Labor Government's far reaching reforms to support families and that they are already making a big difference to peoples' lives.
- (2) Further notes that:—
 - (a) the new Gateways and Integrated Family Support Services are providing support for children, including unborn children, and their families;
 - (b) the Government has committed funding of \$8.7 million to these programs;
 - (c) this means across Tasmania some 3,400 families a year will be supported under the new system;
 - (d) these new initiatives in the family support sector are developing a strong structure that vulnerable Tasmanian families need to access family support services; and
 - (e) the State Government is also establishing a Targeted Youth Support Program for 10 to 17 year olds to address a gap in services for young people who without intensive intervention are at risk of developing chronic problems. (4 November 2009)

834 Mr *Hidding* to move—That the House:—

- (1) Confirms the need for the Minister for Primary Industries and Water, from time to time, to close wild fisheries for periods to allow for rebuilding of stocks and long-term sustainability of the fishery.
- (2) Notes that:—
 - (a) these closures are properly done at the request of the relevant Fisheries Advisory Committee which has made its decision based on science, catch history and first-hand industry experience and with proper notice so businesses can continue to operate;
 - (b) the Minister for Primary Industries and Water recently gazetted a one month closure of the commercial garfish fishery in Tasmania, following some three years worth of discussion by his Scale-fish Advisory Committee, but has done so in a manner which has severely affected the business operations of garfishermen due to:—
 - (i) a completely outrageous minimal three week timeframe to inform these commercial fishermen of the cessation of their business for 30 days;
 - (ii) the timing of the closure being carefully selected to sit precisely on the 4 week premium table fish season at the Melbourne Fish Market;
 - (iii) no apparent science that this closure period is the peak spawning period of the year for garfish in the Upper Reaches of Tamar estuary and Bass Strait;
 - (iv) the complete omission of the garfish species from the recent major scalefish review by the Wild Fisheries Management Branch, an omission which ensured that no commercial garfisherman has had any input into the management of their fishery for many years; and
 - (c) the foregoing is evidence of ongoing incompetence in the oversight of wild fishery management in Tasmania by the Minister for Primary Industries and Water, Hon *David Llewellyn* MP. (4 November 2009)

835 Mrs *Butler* to move—That the House:—

- (1) Notes the Bartlett Labor Government's commitment to ensuring Tasmanians receive the best protection possible from the threat of bushfires.
- (2) Further notes that:—

NOTICES OF MOTION AND ORDERS

- (a) a second helicopter has been secured to boost the State's aerial fire fighting resources for the 2009-10 bushfire season; and
 - (b) the new helicopter, to be based in the North of the State, will improve the capacity for rapid deployment of high volume water bombing.
- (3) Acknowledges that:—
- (a) following the disastrous fires in Victoria in February this year, the Tasmanian Fire Service has been working hard to ensure Tasmanians are protected in the forthcoming bushfire season; and
 - (b) a new bushfire safety campaign has been developed for Tasmania.
- (4) Further notes that the Tasmanian Fire Service launch of the Summer Bushfire Campaign to inform communities about new nationally agreed fire danger ratings, a new three-tier system for community alerts and warnings and the need to plan and prepare for bushfires and act safely when they break out. (4 November 2009)

836 Mr *Booth* to move—That the House:—

- (1) Notes with grave concern the proposed logging operation planned for 186 Mountain Rd Lilydale Title Ref: 122587/3, PID 1809506).
- (2) Further notes:—
- (a) the proposed logging is proposed for a 220 acre block that includes critical areas of water catchment for the towns supply and immediately abuts Lilydale's town water intake, which lies 100 m downstream;
 - (b) the proposed logging is predominantly a clear felling operation with some selective harvesting, followed by conversion of land to *E.nitens* plantation albeit with some regeneration to native forest along the southern boundary and north-east corner;
 - (c) that over 65% of the land proposed for logging is under Launceston City Council Water Protection zone; and
 - (d) that over 75% of the land proposed for logging is under Launceston City Council Scenic Protection Zones and any development will adversely impact on the landscape character and residential amenity of the area, with subsequent impacts on property values and that the natural values enjoyed by bushwalkers and tourists who hike the summit of Mt Arthur will be diminished.
- (3) Calls on the Bartlett Labor Government to ensure that in line with previous commitments that this conversion of native forests does not occur and that immediate steps are taken to protect the Lilydale township's water supplies and landscape values. (4 November 2009)

837 Mr *Best* to move—That the House:—

- (1) Notes that Tasmania has secured another round of the O'Neill Coldwater Classic World Tour next year with an option for 2011.
- (2) Further notes that:—
- (a) this international event supported by Events Tasmania attracts some of the world's best surfers to our State; and
 - (b) the inaugural event on the North-West Coast this year attracted national and international visitors to the State and promoted Tasmania to millions of people globally.
- (3) Acknowledges:—
- (a) the partnership between Events Tasmania and O'Neill provided significant tourism benefits to the State;
 - (b) that the event injected more than \$300,000 into the North-West economy;
 - (c) that this is a clear demonstration of why the Bartlett Labor Government has injected an additional \$1 million this year to help retain and attract new events to Tasmania; and
 - (d) that through the Government's support of events like the Coldwater Classic we will continue to get the message out that Tasmania is one of the world's greatest places to visit. (4 November 2009)

838 Mr *Booth* to move—That the House:—

- (1) Notes:—
 - (a) the success of the Launceston’s A-Team, which provides specialised support services for children living with Aspergers (Autism Spectrum Disorder);
 - (b) that the Premier Hon *David Bartlett* MP:—
 - (i) has indicated that the A-Team program will be closed down at the end of this year;
 - (ii) has since discussed the future of the A-Team program with representatives of Autism Tasmania and parents of children who are currently assisted by the A-Team; and
 - (iii) during Estimates Week committed his Government to “provide all the support that we possibly can for diagnosis and for service and for alterative settings”, in relation to students living with Aspergers;
 - (c) that a petition of more than 1200 signatures supporting the ongoing funding of the A-Team program was presented on 14 October 2009; and
 - (d) that the Premier, Hon *David Bartlett* MP has agreed to again meet with representatives of Autism Tasmania and parents who have a child in the A-Team program, after they have discussed the proposed changes to the A-Team program with Department of Education representatives this coming Friday 6 November 2009.
- (2) Calls on the Premier, Hon *David Bartlett* MP to retain the A-Team program in Launceston, and to examine the benefits that may flow from extending this successful program statewide. (5 November 2009)

839 Mr *Booth* to move—That a Joint Select Committee be appointed, with power to send for persons and papers, with leave to sit during any adjournment of either House exceeding 14 days, with leave to report from time to time, and with leave to adjourn from place to place to inquire into and report upon the state of the Tasmanian dairy industry, with particular reference to:—

- (1) Whether National Foods Australia Pty Ltd has used its monopoly powers to exploit or intimidate farmers.
- (2) Whether the Tasmanian Farmers and Graziers Association or its Chief Executive Officer has colluded with National Foods Australia Pty Ltd in order to damage the effectiveness of the suppliers group negotiating on behalf of affected farmers.
- (3) The role of Corporate Communications in undermining Tasmanian dairy farmers in their negotiations with National Foods Australia Pty Ltd.
- (4) The effect that lowering the milk price to National Food Australia Pty Ltd suppliers will have in suppressing the price paid to suppliers by Fonterra and the flow on effect that that will have on the Tasmanian economy.
- (5) Any other matters concerning the Tasmanian dairy industry.
- (6) Any matters incidental thereto.

And that the number of members to serve on the part of this House shall be three and that the committee report by 19 December 2009. (5 November 2009)

840 Mr *McKim* to move—That the House:—

- (1) Notes:—
 - (a) that dyslexia is a specific learning difficulty in which the person has difficulties with language and words and affects approximately 10 per cent of the population;
 - (b) that despite them having average, or above average intelligence, people with dyslexia have difficulty with reading, and with other language-based tasks such as writing and spelling.
- (2) Recognises that while the most common characteristics of dyslexia are language difficulties which often appear to be for no apparent reason, that dyslexia is in fact believed to be a neurological disorder.

NOTICES OF MOTION AND ORDERS

- (3) Acknowledges that while most people affected eventually learn to read, they may have severe spelling problems unless they get support and specialised education.
- (4) Agrees that dyslexia is not a symptom of low intelligence, and that Leonardo da Vinci and Thomas Edison, both highly intelligent and creative people, had dyslexia.
- (5) Calls on the Government to adequately fund specialised services for people of all ages who have dyslexia in order for them to have the same life chances, and fulfil the same life dreams, as people who do not live with learning difficulties in the Tasmanian community, and to do so as a matter of urgency. (5 November 2009)

841 Mr *Hulme* to move—That the House thanks Tasmanian volunteers from Timber Communities Australia and Rotary International for their compassionate assistance to communities in Traralgon South and Healesville devastated by the Black Saturday bushfires. (5 November 2009)

842 Mr *Hulme* to move—That the House:—

- (1) Calls on the Tasmanian Liberal Opposition to reveal how it will fund its growing list of big-spending election promises.
- (2) Notes that the vast majority of the more than 60 policies on the Leader of the Opposition Hon *Will Hodgman's* website remain uncostered and unfunded.
- (3) Calls on Hon *Will Hodgman* MP to:—
 - (a) to guarantee the Liberal Party would not send Tasmania back into debt or increase taxes to fund his election policies; and
 - (b) to come clean with the Tasmanian community and only feature on his website those policies which he has actually costed and knows he can fund.
- (4) Further notes the Liberal Opposition has clearly demonstrated it does not have the capacity to manage its own funding promises let alone Tasmania's economy. (5 November 2009)

843 Mr *Green* to move—That the House:—

- (1) Notes that Sunday, 8 November 2009 was the first Celebrate Tasmania Day.
- (2) Further notes that:—
 - (a) more than 80 community organisations staged 45 events around Tasmania as part of the celebrations;
 - (b) Celebrate Tasmania Day is dedicated to volunteers and the fantastic contributions they make to their communities;
 - (c) the Bartlett Labor Government has worked in partnership with Volunteering Tasmania to promote volunteerism and recognise the efforts of community volunteers; and
 - (d) Celebrate Tasmania Day is also aimed at increasing awareness and participation in volunteering especially among those under the age of 35.
- (3) Encourages all Members of Parliament to lead the way for Tasmanians to take a moment to thank a volunteer. (5 November 2009)

844 Mrs *Butler* to move—That the House:—

- (1) Notes the success of Tasmania's public hospitals in recruiting junior doctors for next year.
- (2) Further notes that all available places for interns, resident medical officers and registrars at the Royal Hobart, Launceston General, North-West Regional and Mersey Community hospitals are expected to be filled by January.
- (3) Acknowledges that:—
 - (a) this is very positive news and clearly demonstrates that our hospitals are attractive places for junior doctors to either seek work or to remain working; and
 - (b) the successful recruitment of doctors is recognition of the strong career pathways and excellent training available in our hospitals together with the lifestyle advantages that come with living in Tasmania.

NOTICES OF MOTION AND ORDERS

- (4) Further notes the positive message this sends for the ongoing recruitment of medical staff to our hospitals. (5 November 2009)

Orders of the Day

1 Acts Enumeration Amendment Bill (No. 1 of 2008): Second reading. (The Premier)

2 Constitution (Fixed Term Parliament) Amendment Bill (No. 10 of 2008): Second reading. (Mr *Hodgman* (Franklin))

3 Post Ministerial Probity Bill (No. 12 of 2008): Second reading. (Mr *McKim*)

4 Housing Affordability: Adjourned Debate on the Question proposed on Tuesday, 4 March 2008 by Mr *Rockliff*—That the House:—

- (1) Notes:—
- (a) the continuing crisis in housing affordability in Tasmania;
 - (b) the recently released Housing Institute of Tasmania affordability report which highlighted that housing affordability hit a new low in the December 2007 quarter, with mortgage payments now accounting for 32.3 per cent of total first-home buyer income, the highest proportion on record;
 - (c) that for the average family to buy a house in Tasmania have to go into “housing stress”, which is defined by the Australian Institute of Health and Welfare as a level of housing costs that is not affordably sustainable;
 - (d) that a raft of State Labor induced fees, charges and levies including the State’s regressive taxation system have also added greatly to Tasmanian’s woes in considering buying their own home; and
 - (e) the increases in interest rates in the first 100 days of the Rudd Labor Government that will put further pressure on Tasmanian families.
- (2) Calls on the State Labor Government to recognise that housing affordability in Tasmania is a serious impediment to our social and economic growth and to immediately develop and implement a comprehensive plan to ensure that Tasmanians have a greater opportunity of attaining their slice of the Great Australian Dream—owning their own home. (Next Speaker: Mr *Morris*)

5 Water Development: Adjourned Debate on the Question proposed on Tuesday, 4 March 2008 by the Minister for Primary Industries and Water—That the House:—

- (1) Acknowledges the sustainable competitive advantage afforded to Tasmania by our access to around 12% of the nation’s average annual water run-off.
- (2) Notes that the potential value of Tasmania’s abundant water resources has soared in the context of climate change and drought.
- (3) Acknowledges that the Government has established a powerful combination of political will, appropriate governance, significant funding and regulatory settings that will enable Tasmania’s regional communities to fulfil their potential as the food bowl of our nation.
- (4) Endorses the establishment of the highly skilled Tasmanian Irrigation Development Board to facilitate urgent water developments that will harness this advantage and help drought-proof Tasmania.
- (5) Commits to put tawdry party politics aside to work shoulder to shoulder with the Government to bring Tasmania’s water development agenda to reality. (Next Speaker: Mrs *Napier*)

6 Building Practitioners Accreditation (Miscellaneous Provisions) Bill (No. 21 of 2008): Second reading.

7 Chemical Trespass Bill (No. 30 of 2008): Second reading. (Mr *Morris*)

8 Same-Sex Marriage Bill (No. 43 of 2008): Second reading. (Mr *McKim*)

NOTICES OF MOTION AND ORDERS

9 Same-Sex Marriage (Celebrant and Registration) Bill (No. 42 of 2008): Second reading. (Mr *McKim*)

10 Same-Sex Marriage (Dissolution and Annulment) Bill (No. 41 of 2008): Second reading. (Mr *McKim*)

11 Repeal of Fair Trading (Code of Practice for Retail Tenancies) Regulations Postponement Bill (No. 37 of 2008): Second reading. (The Minister for Justice)

12 Tasmanian Olympic Athletes - Adjourned Debate on the Question proposed on Wednesday, 27 August 2008 by the Minister for Sport and Recreation - That the House:—

- (1) Notes that Tasmania is enjoying its highest ever representation at the Olympics with 14 athletes competing in Beijing.
- (2) Notes that this compares with a total of nine athletes who competed at the Olympics in Athens in 2004.
- (3) Notes that the State will also have a representative competing at the Paralympics.
- (4) Notes that there is strong representation of coaches and officials from Tasmania at Beijing.
- (5) Applauds all our representatives not only for their achievements but also their role as sporting ambassadors for our State.
- (6) Congratulates the Tasmania Institute of Sport on this outstanding record which reflects the quality of its administration, coaching and programs. (Next Speaker: The Minister for Sport and Recreation)

13 Meander Dam: Adjourned Debate on the Question proposed on Wednesday, 24 September 2008 by Mr *Green* —That the House:—

- (1) Notes the wonderful sight of water spilling over the Meander Dam in recent days - representing another milestone in the State Government's water development strategy for Tasmania's primary producers.
- (2) Also notes that work on the first pipeline for the Meander Dam to supply irrigation water to farmers in the Quamby Brook area is set to proceed now that an appeal by opponents against the project has been dismissed by the Resource Planning and Development Commission.
- (3) Acknowledge the futility of constant opposition by the Tasmanian Greens and unrelenting delaying tactics given the Meander Dam is now full, wholly subscribed and generating renewable energy.
- (4) Recognise the importance of providing further water infrastructure for irrigation to relieve the impact of the current drought and mitigate against future droughts and condemns frivolous attempts to stall such progress.
- (5) Further notes work is progressing on a proposal to provide new irrigation infrastructure to farmers in the Wesley Vale and Sassafra areas via the existing water pipeline to Australia's Wesley Vale paper mill.
- (6) Negotiations between Cradle Coast Water and the company are continuing with the authority also preparing a business case for the Irrigation Development Board for the project as well as assisting with plans for other potential developments such as the Mersey/Forth scheme. (Next Speaker: Mr *Booth*)

14 Consumer Credit (Limitation on Advertising) Bill (No. 64 of 2008): Second reading. (The Minister for Corrections and Consumer Protection)

15 Breast Cancer Research. Adjourned Debate on the Question proposed on Wednesday, 29 October 2008 by Mrs *Butler*—That the House:—

- (1) Recognises that over 300 people in Tasmania are likely to be diagnosed with breast cancer in 2008.
- (2) Endorses Breast Cancer Network Australia's "Wear it Pink" on 27 October 2008.
- (3) Notes:—
 - (a) the importance of the day in promoting awareness of breast cancer among the general public; and

NOTICES OF MOTION AND ORDERS

- (b) notes the contribution made by support groups such as the Tasmanian Breast Cancer network; Amazon Heart; the Devonport Breast Cancer and Lymphodema Support Group; Dragons Abreast Tasmania; Encore; the Hobart Breast Cancer Support Group; Launceston Breast Cancer Support Group; and Look Good Feel Better.
- (4) Encourages Members of Parliament to support initiatives such as Pink Ribbon Breakfast and Think Pink Ball in Launceston to help raise funds for world class breast cancer research at the Menzies Research Institute and the University of Tasmania.
- 16** Director of Public Prosecutions Amendment Bill (No. 76 of 2008): Second reading. (Mr *Hodgman* (Denison))
- 17** Local Government (Kerbside Recycling) Amendment Bill (No. 75 of 2008): Second reading. (Mr *Hidding*)
- 18** Corrections (Victims of Crime) Amendment (No. 86 of 2008): Second reading. (Mr *Hodgman* (Denison))
- 19** Police Offences (Dangerous Knives and Weapons) Amendment Bill 2009 (No. 7): Second reading. (Mr *Hidding*)
- 20** Metro Services: Adjourned Debate on the Question proposed on Wednesday, 11 March 2009 by Mr *Morris*—That the House:—
- (1) Notes with considerable disappointment that:—
- (a) Metro recently decided to discontinue the Purdie Street West Moonah bus route with no public consultation and very little notice despite the service being reasonably well patronised;
- (b) Metro only reinstated the service after a considerable outcry from local residents and then only on a short term basis; and
- (c) several other Metro services are apparently also to be withdrawn without notice or adequate consultation including the Warrane Doorstopper service.
- (2) Calls upon the Minister for Infrastructure to publish minimum consultation standards and notice prior to any Metro or other contracted bus service being withdrawn or substantially altered. (Next Speaker: The Minister for Infrastructure)
- 21** Tasmanian Economy: Adjourned Debate on the Question proposed on Wednesday, 25 March 2009 by Mr *Gutwein* —That the House:—
- (1) Welcomes Hon. Michael Aird's embarrassing back-flip on the Liberal's call for an export summit when he wholeheartedly threw his support behind Austrade's summit for exporters, Beyond the Financial Crisis Seminar to be held on 5 March 2009.
- (2) Notes that this is only one of a number of examples of this Government playing catch-up on matters relating to the economy.
- (3) Also welcomes that the Government has now adopted the Liberal's call for wage restraint, noting that the Premier has now placed on the table the possibility of a wage freeze for the public sector.
- (4) Calls on the Premier, prior to attempting to negotiate a pay freeze for the broader public sector, to adopt the Liberal position of entering into negotiation with senior bureaucrats at Senior Executive Service level to gain their support for a pay freeze at their level, before expecting a nurse, a teacher, or someone in the police service to freeze their more modest salary.
- (5) Calls on the Government to adopt the Liberals call for an aggressive tourism marketing campaign, a Liberal initiative which is now accepted and adopted by the State's premier tourism body as sensible policy.
- (6) Welcomes the Premier's belated decision to close the Canberra office, a decision the Liberals have been calling for since it opened.
- (7) Welcomes the Premier's admission that ministerial offices have been allowed to become bloated and that already \$500,000 has been slashed as per Liberal policy.

NOTICES OF MOTION AND ORDERS

- (8) Notes that the Treasurer has admitted that the efficiency dividend included in the mid year financial report will probably need to be increased this year due to the severity of the economic downturn, a position advocated by the Liberals since December 2008.
- (9) Welcomes the Greens belated entry into the economic debate and their support on 2 March 2009 for the Liberal's position requiring the Government to update the mid year financial report immediately so that the true state of the budget is known. (Next Speaker: The Minister for Primary Industries and Water)

22 Traffic (Double Demerit Points) Bill 2009 (No. 23): Second reading. (Mr *Rockliff*)

23 National Broadband Network: Adjourned Debate on the Question proposed on Wednesday, 19 August 2009 by Mr *Hulme*—That the House:—

- (1) Notes:—
 - (a) the enormous social and economic benefits Tasmania is set to gain from being the first Australian State to have the new National Broadband Network (NBN) rolled-out, starting in July 2009;
 - (b) that the Tasmanian Government was the only State Government to lodge an NBN submission, reflecting our strong commitment to capitalising on the opportunities for the ICT sector;
 - (c) that the Prime Minister's extraordinary leadership and support for Tasmania will quickly see this State become the most connected place on the planet;
 - (d) that it will see more than 200,000 Fibre To The Premises (FTTP) connections across Tasmania, representing the vast majority of the State's homes and businesses, including towns with populations of well under 1,000;
 - (e) that the roll-out will provide an economic and employment boost for Tasmania and bring major advantages for businesses relying on high-speed broadband, for consumers and in the areas of health and education; and
 - (f) condemns the State Liberals for opposing Tasmania becoming the world leader in the roll-out of FTTP technology.
- (2) Calls on the Liberal Leader, the Hon *Will Hodgman*, to reverse his party's weak and lazy decision in the dying days of the 2006 State election campaign to sell Tasmania's fibre optic assets for a paltry \$20 million – a decision which would have prevented this new Federal Government investment in Tasmania worth several hundred million dollars.

24 Coles Bay Jetty: Adjourned Debate on the Question proposed on Wednesday, 19 August 2009 by Mr *Hidding*—That the House:—

- (1) Notes:—
 - (a) that after 11 years of State Labor Government, in full knowledge of the deteriorating condition of the Coles Bay Jetty, in spite of constant reminders from the State Opposition; the commercial fishing industry; recreational boaters; commercial charter operators; and the local community, the Government has done absolutely nothing about addressing the options for action to resolve the matter;
 - (b) the State Liberal position, backed by industry, has been that Marine and Safety Tasmania should take responsibility for this asset; and
 - (c) that the Marine Police and Emergency Services are also regular users of the facility.
- (2) Condemns the plans by the Parks and Wildlife Service to ban access to the jetty and close the facility within 12 months. (Next Speaker: Mr *Hidding*)

25 Education Amendment (Publication of School Results) Bill (No. 52): Second reading. (Mr *McKim*)

26 High Speed Broadband Roll-out: Adjourned Debate on the Question proposed on Wednesday, 30 September 2009 by Mr *Green*—That the House:—

- (1) Acknowledges the roll-out of high speed broadband to Smithton which demonstrates the Bartlett Labor Government's commitment to delivering sophisticated communications to regional communities.
- (2) Notes that:—

NOTICES OF MOTION AND ORDERS

- (a) the extension of the fibre-backbone from Port Latta to Smithton and new local optic fibre networks will see a new era in telecommunications for Circular Head;
 - (b) it is great to see Smithton together with Scottsdale in the North East and Midway Point in the south chosen as key regional centres to be the first to benefit from the roll out of the ground-breaking National Broadband Network; and
 - (c) this is just the start with broadband to be delivered to 200,000 Tasmanian homes and businesses over the next five years.
- (3) Recognises that this is one of the most important infrastructure developments in Tasmania's history.
- (4) Notes this would not have been achievable under the Tasmanian Liberals who until recently wanted to sell off Tasmania's optic fibre network. (Next Speaker: Mr *Green*)

27 Kingston Bypass: Adjourned Debate on the Question proposed on Wednesday, 7 October 2009 by Mr *Hulme* — That the House:—

- (1) Congratulates the Bartlett and Rudd Labor Governments for their commitment to building the Kingston Bypass and providing much needed relief from congestion for local commuters.
- (2) Notes that according to the Department of Infrastructure, Energy and Resources' Kingston and Environs Transport Study, peak hour travel times along the Channel Highway between Huntingfield and Firthside will increase threefold without the Kingston Bypass.
- (3) Welcomes the decision of the Kingborough Council to approve the Kingston Bypass at its meeting on 28 September 2009.
- (4) Further notes that:—
 - (a) endorsed Greens Councillor, Michele Higgins voted in favour of the bypass together with the majority of Kingborough Councillors who understand the benefits to Kingston and Channel residents; and
 - (b) endorsed Greens Councillor, Julian Bush split with his council colleague and voted against the Kingston Bypass.
- (5) Condemns the Leader of the Tasmanian Greens, *Nick McKim*, MP and other Green activists and politicians, for their cynical and short-sighted opposition to the Kingston Bypass.
- (6) Supports the construction of the Kingston Bypass as the best way to ease traffic congestion in the Kingborough Municipality. (Next Speaker: Mr *McKim*)

28 Dangerous Goods (Road and Rail Transport) Bill (No. 66): Second reading. (The Minister for Workplace Relations)
