

## Port Cygnet – Reopen Historic Wooden Jetty

### **Mr GEORGE question to MINISTER for PARKS**

My question is on behalf of the boaties in my electorate at Cygnet. Minister, will you intervene immediately to reopen the historic wooden jetty at Port Cygnet? This jetty is much loved, well used and greatly needed by boat owners, commercial operators and, of course, by fishers. The jetty is caught in a bureaucratic maze between MAST and Parks. Will you act to ensure that offers to repair and maintain the jetty are considered and that the jetty remains open?
