

Residential Parks Legislation – Fact Sheet for Residents

Ms FINLAY question to MINISTER for BUSINESS, INDUSTRY and RESOURCES

My question comes from Michelle and Kathleen, both residents at the Beauty Point Tourist Park. Residents across Tasmania are eagerly awaiting clear information about what the new Residential Parks legislation will mean to them, including when they'll be able to sell their homes and what rights will apply. When will your Government provide a plain-English fact sheet setting out exactly when the new laws will commence, how residents can sell their homes and what protections will apply in the meantime?
