Hobart, 8th July, 1892.*

SIR,

I HAVE the honor to submit my Report upon the Statement of Accounts of the Receipts and Expenditure of the Consolidated Revenue of the year 1891 in accordance with the provisions of "The Audit Act." These statements were received from the Treasurer on 1st May, and returned duly audited and certified on 11th June.

REVENUE AND EXPENDITURE.

Revenue proper.—The Revenue for the year 1891 amounted to £878,667 7s. 5d., an increase compared with that of 1890 of £125,361 11s. 9d. The Main Line Railway Revenue had, however, been included for only three months of 1890 but for the whole year for 1891, thus preventing a fair comparison as to the total Revenue for the two years; however, leaving out the Railway Receipts, the aggregate increase for 1891 on other items of Revenue amounted to £59,957 15s. 4d. The following table shows very satisfactory increases in all the main sources of Revenue:—

Heads of Revenue.	1890.	1891.	Increase.	Decrease.

Expenditure.—The Expenditure on account of 1891 amounted to £847,406 12s. 5d., leaving a balance of £31,260 15s. to credit of the year, and reducing the accumulated deficiency of £164,609 8s. 11d. at the end of 1888 to £101,507; viz.—

	£ s. d.
Balance of Expenditure at 31st December, 1890.....	132,767 15 0
Ordinary Expenditure on account of 1891	847,406 12 5
	980,174 7 5
Revenue of 1891	878,667 7 5
Excess Expenditure over Revenue	101,507 0 0

Of the Treasury Bills for £160,000, authorised as a temporary aid to Revenue under Act 52 Vict. No. 29, there were £119,350 outstanding on 31st December, 1891, which will fall due as follows:—£59,650 in 1892, and £59,700 in 1893.

Collector of Revenue.—Certain irregularities discovered upon examination of the Accounts of the Post Office Department and reported, have been dealt with by the Government.

Expenditure requiring Parliamentary provision.—A Return is annexed, Appendix (A), of Expenditure authorised by the Governor in Council under Section 19 of Schedule 2 of "The Audit Act," £35,279 15s. 5d. being for excess expenditure over votes or new expenditure of the year 1891, and £1155 11s. 5d. for arrears of expenditure of former years, the greater portion of the latter being for amounts not claimed until the votes previously providing for the expenditure had lapsed.

DEBT OF THE COLONY.

The authorised permanent Debt of the Colony amounted to £7,348,721 5s. 6d. on 31st December, 1891, an addition of £769,771 5s. 6d. to the amount standing on 31st December, 1890. The balance sheet shows the Debt at £6,990,940, this being the amount issued and outstanding at that date; but the Treasury Bills to meet expenditure for Public Works authorised but not issued, amounting to £332,460, and the loan authorised but not floated, should be added, and the Debentures for £304,500 due in 1892,

'93, and '94, provided in advance under Act 55 Vict. No. 82, together with Treasury Bills, included in like manner in Loans Act, should be deducted; this will make the Debt as above stated. The table below will more clearly explain this:—

Amount as per Balance Sheet	£	s.	d.
Treasury Bills, 55 Vict. No. 11, and 55 Vict. No. 81, for Public Works, authorised but not issued	6,990,940	0	0
Loan Act, 55 Vict. No. 82, amount authorised but not floated.....	332,460	0	0
	1,500,000	0	0
	8,823,400	0	0
Less Debentures due in 1892, '93 and '94, included in the first amount as well as in Loans Act, 55 Vict. No. 82.....	£	s.	d.
Treasury Bills, ditto, ditto	304,500	0	0
	1,170,178	14	6
	1,474,678	14	6
	£7,348,721	5	6

The amount of the Treasury Bills outstanding for £119,350, also Treasury Bills for £360,000 authorised under Act 55 Vict. No. 80, have not been included in the above, as the former were authorised only for temporary aid to Revenue, and the latter to redeem Treasury Bills already charged. An asset against the total indebtedness of £145,004 2s. 7d., appears in the following Account.

TRUST FUNDS MANAGED BY THE GOVERNMENT.

Public Debts Sinking Fund.—The balance at credit of this Fund on 31 December, 1891, amounted to £145,004 2s. 7d., of which £124,620 had been invested in Government Debentures and Treasury Bills, £4520 at fixed Bank deposit, £15,400 placed in the Treasury at interest, and £464 2s. 7d. remaining at current account in the Commercial Bank. Up to the date named Debentures had been redeemed from this Fund amounting to £105,350. The following are the transactions in the year 1891:—

	£	s.	d.
Balance on 31 December, 1890	124,804	4	0
Reserves under the Waste Lands Act received.....	18,701	15	6
Under Act 50 Vict. No. 7	400	0	0
Mount Cameron Water-race Act, profit, 1890	221	13	8
Interest on Investments	5901	9	5
Premium on Treasury Bills	525	0	0
	150,554	2	7
Less Debentures paid off	5550	0	0
	£145,004	2	7

This Fund has now been in existence from November, 1881, and the accumulations in the ten years have realised the sum of £250,354 2s. 7d., partly used and partly available for reduction of the Public Debt. The measure has therefore been a most useful one in this direction.

It has been argued by some that the intention of the Act would be met when the Debentures and moneys mentioned in the Schedule of the Act should be fully provided for, and that any balance then remaining might fairly be used to meet cases of emergency; but I think this cannot be so, and that the provisions of Section 14 mean that when the Fund has reached a stage showing that any possible claim for the primary charges had been provided for, the balance then remaining should be used in redeeming any other portions of the Public Debt. Unfortunately, this is not very clearly defined in the Act, but it appears to be very desirable that legislative action should be taken in the direction of specifically providing for such a case; this would prevent any feeling of uncertainty arising with regard to the object for which the Fund was established being fully maintained in future.

Assurance Fund, Real Property Act.—The amount at credit of this Fund on 31st December last was £8808 9s. 3d., of which £8200 was invested in Debentures and Treasury Bills and £200 in fixed deposit, £408 9s. 3d. remaining in the Treasury. The following were the receipts for 1891:—

	£	s.	d.
Balance from 1890 account.....	8218	2	9
Interest on Investments.....	341	15	0
Assurance Fees	248	11	6
	£8808	9	3

Post Office Savings Bank.—The business of this Establishment again shows satisfactory expansion, the accumulated deposits having risen to £81,756 15s. 1d. from £56,188 9s. 2d. on closing accounts for 1890. The following were the transactions for the year 1891:—

	£	s.	d.
Deposits	78,777	1	1
Interest allowed on same	2002	19	9
	80,780	0	10
Withdrawals.....	55,211	14	11
Excess Deposits	£25,568	5	11

	70,202	1	6
Interest allowed to Depositors ditto	11,554	13	7
	£81,756	15	1

The sum of £60,300 was invested in Debentures and Treasury Bills and £12,000 in fixed deposit, the balance remaining temporarily in the Treasury. The profit for the year 1889 and 1890, amounting to £648 1s. 11d., has been transferred to the Consolidated Revenue; that for 1891, amounting to £144 0s. 3d., remaining in current account at the Treasury. It will be noticed that the profit for 1891 is smaller than that obtained for previous years. This is due (1) to larger withdrawals during the year, and (2) in consequence of the money in hand not having been invested so promptly as might have been desirable.

Post Office Money Order Business.—This account has been adjusted to 31st December, 1890, and a sum of £167 18s. 10d. which had accrued for void orders, together with surplus cash, 10s. 10d., has been transferred to the Consolidated Revenue. These amounts, however, will be liable for repayment should sufficient proof be forthcoming at any time to establish a claim. The adjustment of the account for the year 1891 is now being proceeded with.

Mount Cameron Water-race Fund.—The Account for Maintenance and Management under Act 51 Vict. No. 28, for the year 1891 has been examined and passed. The operation of the scheme in respect to its contribution for reduction of the capital and payment of interest thereon for the year show the following results:—

Receipts—	£	s.	d.
Sale of Water.....	2189	15	3
Half income from Rents of Mineral Land served by the Water-race	85	17	1
	£2275	12	4
Expenditure—	£	s.	d.
Management, Repairs, &c.	913	8	9
Balance paid to the Public Debts Sinking Fund	1362	3	7
	£2275	12	4

Territorial Police Provident Fund.—The following returns show the accumulated amounts on the transactions of the two branches of this Fund to 31st December, 1891:—

SUPERANNUATION BRANCH.

	£	s.	d.
Receipts—Deductions from Pay	5203	6	7
Interest on Investments.....	1000	14	0
	6204	0	7
Payments—Compensation allowances	811	11	2
	£5392	9	5

The fund has now been established for 10 years, and the increase gives 36·4 per cent. on the amount of deductions from the pay of members now in the Force. £600 has been invested in Government Debentures, and £4700 in Fixed Deposits; the balance, £92 9s. 5d., remaining temporarily in the Treasury.

REWARD BRANCH.

	£	s.	d.
Receipts—Fines and Interest	2399	1	11
Payments—Rewards.....	1386	10	0
	£1012	11	11

The sum of £1000 was invested at fixed deposit; the balance, £12 11s. 11d., remaining in the Treasury.

Fox's Fund and Dexter's Fund.—The account of these Funds, which are managed by the Chief Secretary's Department, have not yet been furnished, although application has been made for them.

Sinking Funds under the Local Bodies Loans Acts, 45 Vict. No. 16.—The following are the amounts held by the Treasury and placed to credit of the several funds to 31st December, 1891 :—

	£	s.	d.
Marine Board, Launceston	1285	5	6
Glebe Town Town Board.....	162	7	6
Latrobe Road Trust	145	0	9
Devonport Town Board	40	0	0
Ulverstone Town Board	12	10	0

These amounts have been invested in Treasury Bills and Fixed Deposits.

PUBLIC BODIES.

The annual Accounts of Local Public Bodies subject to examination under the Audit Act have been examined and passed, with the exception of the New Norfolk Municipality Accounts, which have not yet been supplied in a complete state. The numbers audited on account of 1891 were—

Rural Municipalities.....	18
Road Trusts.....	98
Main Road Boards.....	40
Town Boards.....	7
Marine Boards and Lighthouse Fund	7
Cemetery Trusts.....	23
Miscellaneous.....	4
TOTAL	197

Excepting the New Norfolk Municipal and the Richmond Road Trust Accounts, those of the other Local Bodies were rendered in a fairly satisfactory manner. Eleven Road Trust Accounts, however, came in too late for participation in the annual payments of subsidy. In the case of Richmond a deficiency of £50 was found to exist, but this was afterwards made good by the Treasurer.

INSPECTION OF ACCOUNTS.

The Travelling Inspectors were fully employed during the year, and examined 94 Accounts of Departments, 69 of Local Post Offices, and 155 of Public Bodies. The Post Office Accounts at Hobart, and the Accounts of the various Departments at Launceston, were in addition subjected to a special exhaustive audit by the Chief Clerk of this Department during the year 1891.

COLONIAL STOREKEEPER'S ACCOUNTS.

These Accounts have not yet been rendered.

ELECTION ACCOUNTS.

The Accounts in connection with forfeited election deposits for the Districts of Evandale, Brighton, Launceston, and Deloraine were examined and passed, and the balances unexpended have been paid into the Treasury; viz.—Evandale, £2 15s.; West Devon, £32 19s. 4d.; and Brighton (first election), £1 7s.

QUERIES AND LETTERS NOT SATISFIED.

Query 19. 9. 91., 533-M.—Claim for payment of £200 for Reporting Federal Council Proceedings.—In this case the Under Treasurer had paid the amount claimed upon an approval given by the Chairman of the Finance Committee of the Federal Council only, to which exception was taken upon the ground that before money could be legally issued from the Treasury a preliminary authority was necessary under the 18th Section of Schedule 2 of the Audit Act, which had not been obtained. The Honorable the Treasurer afterwards gave the required authority, and the query itself had therefore been satisfied, but a contention had been made by Mr. E. C. Nowell in the correspondence attached (Appendix B.) to the effect that the Federal Council had the right to appropriate any of the Revenue of the Colony it might require simply upon the approval of the Chairman of its Finance Committee. If this should be the case the Treasurer of the Colony would be compelled to issue such money upon such approval, without any reference to the requirements of the local Act. The correspondence having been submitted to the opinion of the Honorable the Attorney-General, he entirely concurs with Mr. Nowell. But, considering that a Federal Council, although acting under the provisions of an Imperial Act, cannot be looked upon as supplying the functions of a Federal Government, I still feel sceptical as to this being the meaning and intention of the Imperial Act in respect to such cases as that referred to, for it must, I think, be understood that if Mr. Nowell's contention be accepted, it would have the effect of placing into the hands of the Chairman of the Finance Committee of the Federal Council the power of controlling the appropriation of the Public Revenue of the Colony. It must be remembered also, that the authority of the Governor had not been obtained; but although this had been clearly pointed out by me, Mr. Nowell still insists that the approval of the Chairman of the Finance Committee of the Federal Council is *final and conclusive*. The argument, with all extraneous matter left out, is this :—One side says the Treasurer, whose office is created under local law, is bound to conform in matters relating to the issue of money from the Public Revenue to the provisions of the local law. The other side says, the Imperial Act, assented to by the local Legislature,

overrides the Colonial law, and therefore an officer appointed under the former has the power to draw money from the Treasury upon the mere authority of such officer, and consequently the Treasurer is not to be guided by the local law in such a case at all. Which is right? It is an important question, requiring careful consideration; it is therefore referred to Parliament for that purpose.

Query 124, May, 1891.—Re Importation of Deals per Harfruen—See Parliamentary Paper 173 Session, 1891.

Query 130, 3rd September, 1891.—Re Electoral Rolls and Polling Lists issued under Ministerial authority without charge of the usual fee. As the Electoral Act does not provide for the free issue of Electoral Rolls, the right of a Minister to authorise the issue free was questioned. The correspondence consequent thereon is published in Appendix (C).

Query 139, 11th December, 1891.—Payment of award in connection with the construction of the Brighton and Apsley Railway to Messrs. Jones & Atherton, £32,989 10s. 10d. In this case the amount was paid without proper authority, which was, however, afterwards forwarded, and intimation given that a vote would be submitted for approval of Parliament.

Letter, 14th January, 1892, requesting production of vouchers for unclaimed amounts paid to Treasury by the Curator of Intestate Estates. The Honorable the Attorney-General replied to the effect that the production of vouchers was unnecessary, as His Honor the Chief Justice had certified to the correctness of the Account. The matter is again referred for the consideration of Parliament, a Resolution having been passed by both Houses directing that such Accounts should be submitted for audit (see Papers No. 40, Legislative Council, 1887, and No. 63, House of Assembly, 1887).

Query, 22nd February, 1892, and 25th February, 1892.—Advance of £6000 to be repaid out of vote of £12,500 in 1891 for Harbour Improvements, &c., River Mersey, under authority of the Governor in Council. It is questionable whether the Governor in Council has the power to lend money in anticipation of a vote being obtained.

Letter, 9th May, 1892, et seq.—The question in this case was whether the premium received on sale of Treasury Bills should or should not be paid over to the Public Debts Sinking Fund, seeing that the expenses of floating the Loan in London exceeded the premium realised. As the question is important with regard to future operations, the correspondence is published for the information and consideration of Parliament (see Appendix (D)).

Requesting your attention to matters herein referred to,

I have the honor to be,

Sir,

Your obedient Servant,

W. LOVETT, *Auditor-General.*

The Honorable the Treasurer.

Federal Council.

VOUCHER 681—May, 1891. C. E. Davies, to reporting Federal Council Proceedings, &c., £200.
Please give a reference to preliminary authority.

J. W. ISRAEL, *pro Auditor-General.*

Federal Council : Auditor-General's Query, No. 122.

MEMO.

Legislative Council, November 21, 1891.

IN reply to the Auditor-General's request for a reference to the "preliminary authority," I cannot say more than I have already said, viz., that I cannot give any such reference, first, because I am not aware whether any written authority of the kind is in existence; and (2) because the arrangements for the *Hansard* were necessarily made by the Chairman of the Finance Committee (Mr. Bird) before my appointment, which took place only on the first day of the Session. I certified that the work had been performed, and obtained the written approval of the Chairman on the account. That was all I could do.

Mr. C. E. Davies, to whom I referred, thinks that only a verbal arrangement was made between Mr. Bird and himself.

As regards the "preliminary authority" itself, the request for its production is, I presume, based upon the requirements of our Audit Act. But, I submit, the Audit Act cannot govern the proceedings or affect the accounts of the Federal Council. The expenditure of the Council is regulated by Section 26 of the Imperial Act, 48 and 49 Vict., Ch. 60, and by Standing Order of the Council, No. 221, which provides that "there shall be appointed in each Session a Finance Committee, whose duty it shall be to ascertain *and certify* the necessary expenditure," the Committee being empowered to act when the Council is out of Session. The Chairman's certificate and approval appear, therefore, to be sufficient. The Council is independent of local control; and where local and federal legislation clash, the latter prevails. Our Audit Act, therefore, cannot interfere with the affairs of the Federal Council; and the Council has declared itself satisfied with the approval of its own Finance Committee.

If any doubt on this point should still remain, I would suggest that the question should be referred for the opinion of the Law Officers.

E. C. NOWELL.

B. T. SOLLY, Esq., *Under Secretary.*

MR. NOWELL evidently writes under misapprehension. The query from this Department was addressed to the Under Treasurer upon a payment made by the Treasury without the necessary preliminary authority having been obtained, as required by Sect. 18 of Schedule 2 of "The Audit Act," 52 Vict. No. 43. As Mr. Nowell argues, no doubt the Federal Council is independent of local control, but this is only at a certain stage, viz., when it uses its own funds. He forgets, however, the first stage, and that is the money must first be obtained in a legitimate manner. The Treasurer has not the power to issue money from the public chest for any purpose, legitimately, unless he conforms to the provisions of "The Audit Act," and I

fancy Mr. Nowell, who takes the position of the head of the Federal Council by certifying to the correctness of the account, is also amenable to the provisions of "The Audit Act" as the head of the department certifying to the account.

The Under Treasurer.

W. LOVETT.
Audit Department, 26th November, 1891.

FORWARDED to the Hon. the Chief Secretary with regard to the Auditor-General's further Memo. on the subject.

J. E. PACKER, *Under Treasurer.*
27. 11. 91.

FORWARDED to Mr. Nowell for his perusal.

B. TRAVERS SOLLY.
27 Nov. 1891.

C. E. Davies's Account, Federal Council : Auditor-General's Minute of
26th November, 1891.

MEMO.

Legislative Council, Hobart, 9th December, 1891.

I HAVE nothing to add to what I have already said except to emphasize the position that the regulations relating to the expenditure of the Federal Council being contained in the Imperial Act 48 and 49 Vict. Cap. 60, and the Standing Orders of the Council made thereunder. Those regulations cannot be overridden or set aside by a merely local Act of any one of the federated Colonies. Local legislation must give way before Imperial and Federal legislation.

I shall maintain, therefore, until I am shown by competent legal authority to be in error, that the Audit Act does not apply to the financial arrangements of the Federal Council, and that the approval of the Chairman of the Finance Committee is final and conclusive.

I must take exception to the statement in this connection, that "the Treasurer has not the power to issue money from the public chest . . . unless he conforms to the provisions of the Audit Act," inasmuch as the course to be pursued in defraying the expenses of the Council is expressly prescribed in Sections 26 and 27 of the Imperial Act, which gives the Governor and the Treasurer full power to deal with the matter of expenditure.

Nor can I admit that by certifying to the account I become amenable to the provisions of the Audit Act. My certificate in the account is simply to satisfy the Chairman of the Finance Committee that the account has been properly examined and has been found correct. It has no reference whatever to the Audit Act.

As this matter touches the privileges of the Federal Council, and involves an important principle, I would suggest whether the papers relating to it should not be forwarded for the perusal of the Chairman of the Finance Committee, in order that if he should think proper to take any steps in reference to it he may have the means of doing so.

E. C. NOWELL.

The Hon. the Chief Secretary.

FORWARDED for the perusal of the Chairman of the Finance Committee of the Federal Council.

B. TRAVERS SOLLY.
10th Dec. 1891.

Q. 122.

I FULLY admit the force of Mr. Nowell's Memorandum, yet at the same time I think it well that, as it is the funds of Tasmania that are expended in this case, a preliminary authority should be given by me. In this instance one was not given, but the expenditure was incurred with my verbal authority.

B. S. BIRD.
16. 12. 91.

Auditor-General.

Audit Department, 19 December, 1891.

Q. 130.

Re Payment of £200 on Voucher 681, May, 1891.

THE Honorable the Treasurer having now supplied the necessary authority, although in an informal manner, the query raised by this Department may be considered to be satisfied; but, as the contentions contained in Mr. Nowell's letters of 21 November and 9 December, which to some extent have been endorsed by Mr. Bird, as Treasurer of this Colony, affect an important principle in respect to the proper disbursement of the Public Revenue, it would not be right on my part to accept these contentions believing them to be erroneous.

The case is as follows :—Payment had been made by the Treasury of a claim for £200 incurred by the Federal Council upon a certificate as to correctness given by Mr. E. C. Nowell and authorised by the Chairman of the Finance Committee of the Federal Council. The Auditor, addressing the Under Treasurer, requested he would forward the preliminary authority as required by Section 18 of Schedule 2 of the Audit Act.

The Federal Council had not been questioned by the Auditor, who simply applied to the Treasury for the usual preliminary authority of the Governor (Minister) for incurring the expense, required by the Audit Act as already explained. This could have been given by the Treasurer without reference to Mr. Nowell, although the Under Treasurer appears to have properly referred the query to that gentleman for the reason given hereafter. Mr. Nowell, after apparently unreasonable delay, took up the ground under erroneous impression that an attempt had been made to improperly interfere with the privileges of the Federal Council.

Mr. Nowell says, in effect, that the Imperial Act, 48 and 49 Vict. Cap. 60, authorises the payment from the Treasury of money required by the Federal Council without reference to any condition imposed by the local Audit Act. But this cannot surely be accepted as the true intention of the Imperial legislation; for it would be unreasonable to suppose that any measure would be adopted by the Imperial Government that would have the effect of allowing any body the power to appropriate the revenues of a Colony with free institutions except under the conditions imposed by the law of that Colony, and this, it is thought, has been considered in this instance, from the fact that a similar condition has been prescribed in the Imperial Act to that contained in the Audit Act of this Colony, in effect that the Colonial Treasurer can only pay, and the Federal Council can only receive, the contribution payable by each Colony under the authority of the Governor.

The Treasurer, in allowing the money to be paid in the manner described, has issued the amount from the Treasury simply upon the authority of the Chairman of the Finance Committee of the Federal Council, and Mr. Nowell in certifying to the amount had overlooked the fact that the Governor's authority should also have been obtained.

It will thus be seen that the payment by the Treasury without the Governor's (Minister's) authority was contrary to the conditions imposed by the Audit Act of this Colony, and that the Auditor was therefore justified in objecting to pass the payment without such authority; also that Mr. Nowell, having omitted to obtain the Governor's authority before submitting the claim for payment, the Under Treasurer properly referred the query to Mr. Nowell, and further that the Federal Council had obtained the money improperly, because the Governor's authority had not previously been obtained as required by the Imperial Act.

There has been no intention on my part to override or interfere with the privileges or financial arrangements of the Federal Council; but I cannot accept Mr. Nowell's contention that the approval of the Chairman of the Finance Committee is final and conclusive for the purpose of enabling the Treasurer of this Colony to appropriate money from the Public Revenue for the purposes of the Federal Council, and hope the reasons shown by me herein will be accepted, but if not, would have no objection to the case being submitted for the opinion of competent authority.

W. LOVETT, *Auditor-General.*

The Honorable the Treasurer.

Would Mr. Nowell like to offer any remark on this Memo.? Or would he like to submit a case to the Law Officers?

B. S. BIRD.
5. 1. 92.

I think it *very* desirable that the matter should be referred for the opinion of the Law Officers, and forward herewith a "case," which I have drawn up with much care.

With regard to the Auditor-General's remark about "apparently unreasonable delay," and to the further delay in replying to the above reference, I desire to explain that until quite recently my time was so fully occupied with duties pertaining to the Legislative and Executive Councils—which could not be deferred—that I had to let matters relating to the Federal Council stand over until I could find leisure to give them the careful and continued attention which seemed to me to be necessary, where an important principle was concerned.

The Hon. the Treasurer and Chairman Finance Committee, Federal Council.

E. C. NOWELL.

Re Federal Council Expenditure.—The Auditor-General to the Hon. the Treasurer,
19th December, 1891.

MEMO.

CASE submitted for the Opinion of the Crown Law Officers.

THE Auditor-General asks in regard to the expenditure of the Federal Council, for the "preliminary authority" required in reference to local expenditure by the Audit Act of this Colony (52 Vict. No. 43).

It appears to me very clear that this Act does not apply to the accounts of the Federal Council, for the following reasons:—

1. The Federal Council was established under an Imperial Act (48 & 49 Vict. chap. 60) passed with the consent, and at the request of, and even drafted by, the Colonies themselves. That Act is therefore binding on the federated Colonies on two grounds,—1. That the Imperial Parliament has the power, if it chooses to exercise it, of legislating for the Colonies, notwithstanding their autonomy, as in the case of the Merchant Shipping Act; 2. That the Colonies were consenting parties.

The Expenditure of the Federal Council is regulated by Sections 26 and 27 of the said Act. Section 26 enacts that "The necessary Expenditure connected with the business of the Council shall be defrayed in the first instance by the Colony wherein the Expenditure is incurred, and shall be ultimately contributed and paid by the several Colonies in proportion to their population. The amounts payable by the several Colonies shall be assessed and apportioned, in case of difference, by the Governor of the Colony of Tasmania." Section 22 provides that in case of repugnance or inconsistency federal law shall prevail over local. Section 23 authorises the Federal Council to make standing orders and rules for the conduct of its business. The Federal Council accordingly made such standing orders and rules, of which No. 221, which relates to the present matter, says: "The Council shall appoint in each session a Finance Committee, whose duty it shall be to ascertain and certify the necessary Expenditure [it will be observed that the term is precisely the same as that used in the English Act, showing that the Council had that Act in mind, and intended the standing order to complete what was lacking in the Act] connected with the business of the Council during the Session."

The only authorities for federal Expenditure recognised by the law are therefore—1. The Imperial Act, which deals with the subject in a general manner; 2. The Standing Orders of the Council, which vest in the Finance Committee the duty of ascertaining and *certifying* Expenditure; and these are superior to local law.

Tasmania being one of the federated Colonies, stands in precisely the same position in all matters, Expenditure included, as any other Colony in the federation. When the Session is held here, it is perfectly evident that none of the Auditors of the other Colonies can call for any authorities required by the laws of their respective Colonies in regard to local charges; neither, therefore, since all the federated Colonies are on the same footing, can the Auditor-General of this Colony.

Section 26 of the Imperial Act deals with the Expenditure as a whole, *before* division, and read in connection with the Council's Standing Order No. 221, requires only the certificate of the Finance Committee; Section 27 deals with the Expenditure *after* division, and after the accounts have been paid, and requires the direction of the Governor to the Treasurer (which, it is presumed, is obtained by the Treasurer) to pay the amount apportioned to the Colony over which he presides.

It is submitted, therefore, that the Audit Act, being a local Act, cannot apply to the accounts of the Federal Council, or to any matters connected therewith, seeing that these are governed by enactments or regulations which are superior to local laws; and that no "authority" for any part of the Federal Expenditure, except such as is required by the Imperial Act, 48 and 49 Vict. chap. 60, and the Standing Orders of the Council, can be demanded or ought to be recognised.

The opinion of the Law Officers is requested on this point, and upon the subject generally, for future guidance.

E. C. NOWELL, *late Clerk Federal Council.*

The Hon. the Attorney-General.

WILL you kindly advise me on this?

B. S. BIRD.
7. 6. 92.

OPINION herewith endorsed on Mr. Nowell's Memo.

A. INGLIS CLARK.
8th June, 1892.

I AM of opinion that Mr. Nowell correctly interprets the provisions of "The Federal Council of Australasia Act, 1885," on the question raised by the Auditor-General; and I have nothing to add to his able Memorandum, except to say that in my opinion the Imperial Parliament has actually done that which the Auditor-General thinks that it would be unreasonable to suppose that that Parliament intended to do, viz., confer on the Federal Council the power to appropriate a portion of the revenue of each colony represented in the Council without reference to the law of that colony.

A. INGLIS CLARK.

The Auditor-General.

B. S. BIRD,
8. 6. 92.

The Honorable the Treasurer.

THE Honorable the Attorney-General and Mr. Nowell appear to have misunderstood my contentions as contained in this correspondence. It will be found upon a careful reading of my Memo. of 19th December that the power of the Federal Council to appropriate a portion of the Revenue of this Colony, without being bound by the provisions of its local Act, after the money has been obtained in a proper manner, has not been questioned; the argument on my part having been based upon the opinion that the Treasurer has not the power to issue money from the Consolidated Revenue of this Colony without having first obtained the authority required under the provisions of its Audit Act.

W. LOVETT,
Audit Department, 9th June, 1892.

The Hon. Attorney-General.

HAVE you anything to add after perusing the Auditor-General's Memo?

B. S. BIRD.
10. 6. 92.

I HAVE nothing to add to my previous opinion on this matter, but I might remind the Auditor-General that every Colony which joins the Federal Council does so voluntarily, with the provisions of the Act of the Imperial Parliament before it, and is at liberty to withdraw from the Federal Council whenever it pleases. The adoption of the Act of the Imperial Parliament by a Colonial Legislature is consequently a definite piece of legislation by that colony on the whole subject of the Federal Council, including provision for the payment of the cost of the Council.

A. INGLIS CLARK.

THE Auditor-General will doubtless consider it to be his duty to include in his Annual Report this unanswered query.

The Chief Secretary is not prepared to give any reason why the provisions of the Act have not been complied with, but is of opinion that any application to Members of Parliament for payment for Rolls either by themselves or by their constituents will be resented.

The Honorable the Treasurer.

REFERRING to the Honorable the Chief Secretary's Memo. of the 10th instant, the Auditor begs to point out that, as these Rolls have been supplied, under the authority of the Minister who issued the orders upon the Clerk of the Peace, free of the charge required by law to be paid into the Consolidated Revenue, the transaction practically amounts to an appropriation of revenue without the consent of the Legislature. He suggests, therefore, that the authority of the Governor in Council be obtained for such appropriation, under the provisions of Sections 19 and 20 of Schedule 2 of the Audit Act. By this means the amount could properly be paid into the revenue and charged to an appropriate item of expenditure, and this need not cause any feeling of resentment on the part of a certain section of the Members of the House of Assembly.

B. S. BIRD.
6. 5. 92.

The Auditor-General.

MR. BIRD desires me to draw the Auditor's attention to the provisions of Section 8 of 45 Vict. No. 15, and ask whether in such a case as this the premium should be handed over, seeing that the expenses of floating the Bills may be said to have absorbed the whole of the profit, and resulted in further charges on the Consolidated Revenue Fund.

J. E. PACKER, *Under Treasurer.*
7. 5. 92.

The Honorable the Treasurer.

UPON referring to previous transactions it is found that all premiums received have been paid to the Sinking Fund, irrespective of any reduction of the par value of securities caused by floating expenses (see the case of the Loan under Act 47 Vict. No. 47), and the Act 45 Vict. No. 15 does not contain any provision that admits of the above course being departed from. Under these circumstances I think the premium received in this case must be paid to the Fund.

W. LOVETT.
9 May, 1892.

The Auditor-General.

I CANNOT think that it was ever intended that premiums should go to Sinking Fund if not *actually received* by the Treasurer in excess of expenses of floating, &c. As a matter of fact the Treasurer has not *received* any premiums in this case, and therefore I should say there is none to hand over to the Sinking Fund.

B. S. BIRD.
10. 5. 92.

The Honorable the Treasurer.

UNFORTUNATELY we have to take the law as we find it, and cannot be guided by what we may suppose was the intention of the framers of the Act. I am afraid also that the Treasurer has received the premiums, although, on the other hand, he has had to pay the floating expenses.

W. LOVETT.
11. 5. 92.

The Honorable the Attorney-General.

SECTION 8 of Public Debts Sinking Fund Act provides that "all sums of money *received* by the Colonial Treasurer, for premiums upon the sale of Debentures or Treasury Bills, shall be paid to the Commissioners of the Public Debts Sinking Fund." Query: If the Treasurer places Treasury Bills in the hands of a Bank for sale, and if the Bank sells at a premium and charges the amount of the premium as its commission for the transactions, and only returns the par value of the Bills to the Treasurer, does the Act require that the amount of the premium which the Bank obtained, *but which was never received by the Treasurer*, should be taken out of the par proceeds and paid to the Sinking Fund?

B. S. BIRD.
12. 5. 92.

IN the absence of any specific provision by the Legislature that discount and other charges connected with the sale of Debentures and Treasury Bills shall be deducted from the nominal value of the Debentures or Treasury Bills, as the case may be, I do not think that the Treasurer can be held to have *received* any premiums on the sale of any Debentures or Treasury Bills until the total amount received by him for expenditure on the works for which the loan was obtained exceeds the nominal value of the Debentures or Treasury Bills.

A. INGLIS CLARK.
16th May, 1892.

The Auditor-General.

For his information.

B. S. BIRD.
18. 5. 92.

The Honorable the Treasurer.

As the Act 45 Vict. No. 15 distinctly provides that all premiums received shall be paid to the Sinking Fund, and as the receipt by the Bank, as agent for the Treasurer, appears to me to be equivalent to a payment to the Treasurer, I propose to refer this correspondence for the information of Parliament in my next Report
