LEONARD RODWAY, ESQ., L.D.S., Eng.

### Secretary, House Steward, Clerk, and Storekeeper.

MR. FRANK H. OLDHAM.

### Lady Superintendent:

MISS NANCY JOHNSTONE TURNBULL.

## GENERAL HOSPITAL, HOBART.

ANNUAL REPORT OF THE BOARD OF MANAGEMENT FOR  
THE YEAR 1900.

SIR,

In accordance with the Rules of the Hobart General Hospital, I have the honour to lay before you the following Report, containing such tabulated and other information as will, I trust, fully exhibit the working of the institution during 1900.

Twenty Board and one hundred and eighteen Committee meetings were held during the year, at all of which the attendance of members was, without exception, good.

The hospital is again indebted to many citizens for continued acts of kindness towards the patients and nursing staff by the frequent donations of fruit, flowers, books, periodicals, and the daily newspapers.

In February the Medical Committee brought under the notice of the Board the excess of work falling upon the Honorary Medical Officers, and the difficulty of filling the place of a Resident Medical Officer in the event of a breakdown through illness, &c., and strongly recommended the appointment of two Assistant Honorary Medical Officers. The Board adopted the suggestion, and Dr. R. G. Scott and Dr. Gregory Sprott were unanimously elected; and the services they have since rendered have been of the greatest value to the hospital.

As will be seen from the detailed list, a large and increased number of surgical operations have been performed during the year, and the Board of Management has again much pleasure in recording its high appreciation of the manner in which the Honorary Medical Officers have discharged their onerous duties.

The want of increased accommodation for the treatment of female cases is more pressing year by year; even now it frequently happens that cases have to be refused admission until there is a bed available, a condition of affairs which should be obviated by the erection of a larger and more suitable hospital for the treatment of female cases.

During 1899, 1400 cases were treated in the hospital; this year, 1451, of which number 106 proved fatal, 34 deaths occurring within 72 hours after admission. The average stay of patients in hospital was twenty and a half days, as against twenty-two and a half days in the preceding year. Of the 1451 cases treated, 633 came from country districts.

The average cost per patient was £4 0s. 1½d., as compared with £4 0s. 1¼d. in 1899. The fees received from patients amounted to £780 15s. 7d., being a decrease of £160 16s. 2d. as compared with the amount recovered in the preceding year. The fees remaining on the books for collection at 31st December amounted to £92 18s. 11d.

I have the honour to be,

Sir,

Your obedient Servant,

W. F. BROWNELL,  
*Chairman Board of Management.*

*The Hon. Geo. T. COLLINS, M.L.C., Chief Secretary.*

1. The following is a comparative statement of certain statistics of 1899 and 1900:—

|  | 1899.                | 1900.                |
|--|----------------------|----------------------|
| Number of diets issued to In-patients.....     | 31,508               | 29,930               |
| Average stay in hospital of each patient ..... | $22\frac{1}{2}$ days | $20\frac{1}{2}$ days |
| Average daily number of In-patients .....      | 86                   | 82                   |
| Number of diets issued to Staff (Males).....   | 2951                 | 2555                 |
| Ditto (Nurses and female Servants) .....       | 13,412               | 13,426               |

|     |   |                               |                           |
|-----|---|-------------------------------|---------------------------|
| 2.  | 1. No. of Wards or Rooms for patients .....           |                               | 30                        |
|     | 2. Average capacity in cubic feet of ditto .....      |                               | 273,800                   |
|     | 3. No. of beds .....                                  |                               | 148                       |
|     |   | Males.                        | Females.                  |
|     | 4. No. of In-patients at beginning of year.....       | 44                            | 22                        |
|     | 5. No. admitted during year.....                      | 813                           | 572                       |
|     | 6. No. discharged—                                    |                               | 1385                      |
|     | (a.) Cured or relieved .....                          |                               |                           |
|     | (b.) Incurable .....                                  | 753                           | 522                       |
|     | (c.) At their own request or on other grounds .....   |                               | 1275                      |
|     | 7. No. died .....                                     | 66                            | 40                        |
|     | 8. Remaining at end of year .....                     | 38                            | 32                        |
|     | 9. Average No. during year .....                      | 42                            | 40                        |
|     | 10. Total Number Diets of In- { Colonial Government } |                               | 29,930                    |
|     | patients chargeable to { Imperial Government }        |                               |                           |
|     | 11. Cases treated during the year :—                  |                               |                           |
|     | (a.) In-patients .....                                | 857                           | 594                       |
|     | (b.) Out-patients* .....                              | ..                            | 1706                      |
|     | 12. Ages of In-patients :—                            |                               |                           |
|     | (a) Under 10 years.....                               | 60                            | 47                        |
|     | 10 to 15 ditto.....                                   | 65                            | 45                        |
|     | 15 to 25 ditto.....                                   | 175                           | 185                       |
|     | 25 to 35 ditto.....                                   | 160                           | 110                       |
|     | 35 to 45 ditto.....                                   | 148                           | 78                        |
|     | 45 to 55 ditto.....                                   | 66                            | 48                        |
|     | 55 to 65 ditto.....                                   | 59                            | 37                        |
|     | 65 and upwards.....                                   | 124                           | 44                        |
|     | TOTAL .....   | 857                           | 594                       |
|     | (b.) Average age of each In-patient :—                |                               |                           |

|---|-------|-------|-------|
| Number of orders for medicine received from the Government Medical Officer attending the poor in their own homes..... | 616   | 588   | 204   |
| Number of Prescriptions made up for the above.....  | 807   | 777   | 249   |

## OUT-PATIENTS.

## RETURN of Diseases treated during 1900.

|   |   |     |
|---|---|-----|
| I.—SPECIFIC FEBRILE OR<br>ZYMOTIC DISEASES.                       | ORDER 1.—Miasmatic Diseases.                  |     |
|   | Chickenpox .....                              | 6   |
|   | Scarlet Fever.....                            | 3   |
|   | Influenza .....                               | 14  |
|   | Whooping Cough.....                           | 11  |
|   | Mumps.....                                    | 1   |
|   | Simple Continued Fever.....                   | 8   |
|   | Typhoid, Enteric Fever. ....                  | 6   |
|   | Total Miasmatic.....                          | 49  |
|   |   |     |
| II.—PARASITIC<br>DISEASES.  | ORDER 2.—Diarrhoeal Diseases.                 |     |
|   | Diarrhoea .....                               | 15  |
|   | Total Diarrhoeal.....                         | 15  |
|   |   |     |
|   | ORDER 5.—Venereal Diseases.                   |     |
|   | Syphilis.....                                 | 43  |
|   | Gonorrhœa, Stricture of Urethra.....          | 42  |
|   | Total Venereal.....                           | 85  |
|   |   |     |
|   | ORDER 6.—Septic Diseases.                     |     |
| III.—DIETIC<br>DISEASES.  | Erysipelas .....                              | 3   |
|   | Total Septic.....                             | 3   |
|   |   |     |
|   | Thrush .....                                  |     |
|   | Others from vegetable parasites.....          | 2   |
|   | Hydatids .....                                | 2   |
|   | Others from animal parasites.....             | 21  |
|   | Total Parasitic.....                          | 26  |
|   |   |     |
|   | Starvation, want of Breast Milk .....         |     |
| IV.—CONSTITUTIONAL<br>DISEASES.                                   | Intemperance—Chronic Alcoholism .....         | 3   |
|   | Total Dietic.....                             | 5   |
|   |   |     |
|   | Rheumatic Fever .....                         | 7   |
|   | Rheumatism.....                               | 53  |
|   | Gout .....                                    | 2   |
|   | Cancer, Malignant Disease.....                | 12  |
|   | Phthisis.....                                 | 50  |
|   | Other forms of Tuberculosis, Scrofula, &c.... | 4   |
|   | Anæmia, Chlorosis, Leucocythaemia .....       | 46  |
| V.—DEVELOPMENTAL<br>DISEASES.                                     | Diabetes Mellitus.....                        | 6   |
|   | Total Constitutional.....                     | 180 |
|   |   |     |
|   | Other Congenital defects .....                | 1   |
|   | Old Age.....                                  | 9   |
|   | Total Developmental.....                      | 10  |
|   |   |     |
| VI.—LOCAL DISEASES.   | ORDER 1.—Diseases of the Nervous System.      |     |
|   | Apoplexy .....                                | 1   |
|   | Softening of Brain .....                      | 1   |
|   | Hemiplegia, Brain Paralysis.....              | 1   |
|   | Chorea .....                                  | 5   |
|   | Epilepsy.....                                 | 18  |
|   | Paraplegia, Diseases of Spinal Cord .....     | 4   |
|   | Others... .....                               | 22  |
|   | Total Nervous .....                           | 52  |
|   |   |     |
| VI.—LOCAL DISEASES—continued.                                     |   |     |
| ORDER 2.—Diseases of the Organs of Special Sense.                 |   |     |
| Otitis, Otorrhœa.....   |   |     |
| Epistaxis and Diseases of Nose .....                              |   |     |
| Ophthalmia and Diseases of Eye .....                              |   |     |
| Total Special Sense.....  |   |     |
|   |   |     |
| ORDER 3.—Diseases of the Circulatory System.                      |   |     |
| Endocarditis, Valvular Disease .....                              |   |     |
| Angina Pectoris .....   |   |     |
| Aneurism .....  |   |     |
| Varicose Veins.....   |   |     |
| Others .....  |   |     |
| Total Circulatory.....  |   |     |
|   |   |     |
| ORDER 4.—Diseases of the Respiratory System.                      |   |     |
| Laryngitis .....  |   |     |
| Others of Larynx and Trachea .....                                |   |     |
| Asthma, Emphysema .....   |   |     |
| Bronchitis .....  |   |     |
| Pneumonia.....  |   |     |
| Pleurisy .....  |   |     |
| Others .....  |   |     |
| Total Respiratory .....   |   |     |
|   |   |     |
| ORDER 5.—Diseases of the Digestive System.                        |   |     |
| Stomatitis .....  |   |     |
| Dentition .....   |   |     |
| Sore Throat, Quinsy .....   |   |     |
| Dyspepsia .....   |   |     |
| Diseases of Stomach .....   |   |     |
| Enteritis .....   |   |     |
