CHARLES MEREDITH, Colonial Treasurer.

Colonial Treasury, Hobart Town, 31st May, 1866.

WM. LOVETT, Deputy Auditor.

Audit Office, 15th June, 1866.

SIR,

THE Annual Balance Sheets and Detailed Statements of the Public Accounts for the year 1865 having been examined are herewith returned. I have now the honor to submit my report thereon, in accordance with the instructions contained in the 22nd Section of "The Audit Act."

In the general arrangement of these Accounts two cases arise which appear to call for remark:—

1. An omission to transfer from the General Revenue to the Land Fund a sum of £500, which had been raised, under Act 27 Vict. No. 40, to meet Debentures falling due during the year chargeable to the Land Fund. This error simply involves delay in transferring from one fund to another, and it has been corrected by an entry on 31st March last.

2. As an arrangement of Account with the Commissariat, £30,500 balance of debt due to the Imperial Government, incurred in the years 1844, 1845, and 1846, has been allowed as a set-off against a like sum due to the Colony in aid of Police and Gaols. The effect of this has been to charge the Land Fund of the year with £25,500 more than was contemplated when the Estimates for 1865 were framed, only £5000 having been provided under the head of "Instalment of Debt due to the British Treasury." On the other hand, the General Revenue of the year receives credit for £27,000 "in aid of Police and Gaols" over the amount estimated under that head for 1865; this sum being the accumulation on account of annual Contributions due by the Home Government from 1st July, 1860, to 31st December, 1864, which appears to have been held back by the Commissariat Officer in charge with a view of carrying out an arrangement of this description, but which would, under ordinary circumstances, have been paid from year to year as the amounts became due.

The only case of delay in rendering Returns of Revenue which it is necessary I should bring under notice is that of the Collector of Rural Police Rates for the District of Hobart, who has failed to complete any of his detailed statements from the year 1859. I have written to him repeatedly upon the subject, and also reported the matter to you on the 12th December last, but no progress appears to have been made since that time. It is as well to explain that this delay does not necessarily involve a loss of Revenue, it being more than probable that all sums received by the Collector have been paid into the Treasury; but, as the payments have not been supported by the necessary documents, great inconvenience is caused to this Department. I trust, therefore, that a special order will be issued for the completion of these Returns within a reasonable period.

I regret to have to refer to the culpable delay and irregularity which has taken place with regard to rendering the Accounts of the Board of Immigration. These Accounts have not passed audit for the years 1859 and 1860, in consequence of questions raised by this Office not having been answered; and for the following years they have not even been furnished. I considered it my duty to report to the Honorable the Colonial Secretary on 27th January and 27th March last this neglect on the part of the Secretary of the Board: in those Reports the circumstances are more fully set forth.

In Vouchers 201 and 202, October 1865, an expenditure of £702 13s. 2d. appears for Timber supplied to the Public Works' Department during the years 1859, 1860, and 1861 for distribution to various Works and Establishments; and in other Accounts which have been forwarded to me for examination sums occur for Timber supplied in a similar manner during 1862, 1863, and 1864 amounting to about £900. As it did not appear that any satisfactory account of the disposal of this Timber had been furnished, I addressed you upon this subject on the 19th February last. I have not yet been favoured with a reply to my letter, but have been informed verbally by an Officer in the Public Works' Department that the Accounts are in course of preparation.

By Section 39 of the Regulations under "The Audit Act" a remedy is provided for errors or irregularities in Accounts submitted for audit; but this Rule, which is certainly an important one, is rendered to a considerable extent inoperative, in consequence of the delay and difficulty frequently experienced in obtaining satisfactory replies to queries raised by this Department. I therefore desire to point out that serious evils may arise by overlooking any laxity on the part of a Public Servant in attending to this duty, and trust that the suggestions for a more stringent enforcement of the Rule, contained in my letters to you of the 3rd March and 31st May last, may be carried out.

I have the honor to be,

Sir,

Your most obedient Servant,

WM. LOVETT, *Deputy Auditor.*

The Honorable the Colonial Treasurer.
