NOTE.—The Grants are carried into those years when they were actually approved of, without reference to the dates of the Location Orders, except in cases where no other dates could be discovered.

Since the year 1853, the Pre-emptive Right Lands which have been paid for are included in the totals of the Lands sold.

\* In this quantity are comprised 366,425 acres (in nine Grants), the property of the Van Diemen's Land Company, which, though located several years before, were not finally approved until this year.

† This sum includes £5869 6s. being interest on the "Ross Reserve" sales.
