Subject: AFL SUBMISSION

Thank you Mr. Dean for the opportunity to voice my opinion!

Term of Reference:

1. I do not agree that a Tasmanian Team in the AFL would be beneficial for Tasmania because of costs.
2. The Tasmanian Taxpayer should not pay for that Team
3. I doubt that the on-going support would come from Tasmanians.

I ask:

- What is the population of Tasmania?
- Of that population how many people ARE interested in AFL?
- Of those who ARE interested, how many will leave their current team and support a Tasmanian Team as their FIRST TEAM?

I suggest that those interested in AFL would PERHAPS support a Tasmanian Team as a SECOND team.....!!!

In my humble opinion

- I do not think that Tasmania can afford a Tasmanian Team in the AFL.
- If Tasmanian Taxpayers money IS offered to an AFL Team, other sports are entitled to some monies as well.
- Tasmania should get Aussie Rules in this state in order first

Thank you again.
