Notices of Motion

241 Mrs Rylah to move—That the House:—

- (1) Notes the serious issue of quad bike safety and the tragic deaths around Tasmania that have occurred as a result of quad bike use.
- (2) Commends the Federal Government for its action in implementing a new mandatory safety standard for quad bikes.
- (3) Further notes that the Federal Government has undertaken reforms which will require that, within the next 24 months, all new quad bikes must:—
 - (a) have affixed a warning label alerting quad bike users to the risk of vehicle rollover;
 - (b) be tested for stability and the test result be displayed on the bike at the point of sale;
 - (c) have integrated rollover protection; and
 - (d) meet minimum stability requirements.
- (4) Further notes that the Hodgman majority Liberal Government has funded a rebate scheme which allows farmers a fifty percent rebate on the cost to equip existing quad bikes with approved rollover protection devices.
- (5) Further notes the Government's quad bike safety forums recently held around the State, aimed at increasing education and awareness to ensure farmers can continue to use quad bikes as an important piece of farming equipment in a safe manner.
- (6) Further notes the Government's commitment to a new public awareness and education campaign with a focus on keeping children safe around quad bikes.
- (7) Further notes that the Hodgman Liberal Government continues to work closely with all stakeholders to ensure that all possible measure are taken to prevent deaths and serious injuries as a result of quad bike use into the future. (26 November 2019)

242 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes the 70th anniversary of Peter and Una Rockliff's involvement in the seafood industry, being celebrated on 29 November 2019, and recognises the impressive contribution Peter and Una have made to our iconic industry.
- (2) Further notes the Rockliffs have been fishing for a very long time, with Peter establishing his first commercial fishing boat called the 'Alva', named after his mother, in 1949.
- (3) Further notes Peter and Una—who are from a well-known fishing family in Bridport—combined their names for one of their boats 'Petuna'.
- (4) Further notes the Rockliffs continued to build upon their fishing interests and soon finalised the construction of Tasmania's first deep sea fishing boat, the Petuna Endeavour in 1979.

NOTICES OF MOTION AND ORDERS

- (5) Further notes that by 1990 the Rockliffs had further broadened their fishing interests and expanded into Aquaculture, and established their Petuna head office, factory processing and distribution facility in East Devonport.
- (6) Further notes that Peter and Una's work pioneering Petuna Ocean Trout and Petuna Atlantic Salmon in aquaculture has been recognised with an Order of Australia Medal in 2004.
- (7) Congratulates Peter and Una on this 70th anniversary milestone.
- (8) Further notes that our important salmon industry provides thousands of direct and indirect jobs, many of which are in regional areas of the State, and many of which accrue to Petuna. (26 November 2019)

243 Mr *Tucker* to move—That the House:—

- (1) Recognises that criminal organisations such as Outlaw Motor Cycle Gangs (OMCGs) are a threat to community safety.
- (2) Notes the OMCGs culture is one where government and the rules of law don't apply to them, unlike the other 99 per cent of society.
- (3) Further notes that OMCGs engage in intimidation, drug trafficking and gun crime resulting in community harm and fear.
- (4) Acknowledges the efforts of Tasmania Police, along with police in other jurisdictions including the AFP, for their work in tackling serious organised crime.
- (5) Further notes that Tasmania's new consorting and colours laws send a clear message to OMCGs that they are not welcome in Tasmania.
- (6) Further recognises the new laws will help keep Tasmanians safe and calls on the House to support the Government's tough on crime approach. (26 November 2019)

247 Ms *Butler* to move—That the House:—

- (1) Recognises growing concern in the Westbury community over plans to build a maximum security prison in their township.
- (2) Notes that protests against the project have already attracted hundreds of people.
- (3) Further notes residents in Westbury are fearful that if they dare to protest construction of a Maximum Security Prison on their doorstep, they will be arrested and charged by Tasmania Police.
- (4) Calls on the Liberal Government to guarantee that protestors will not be prosecuted if they protest against the Westbury prison. (26 November 2019)

248 Ms *Standen* to move—That the House:—

- (1) Notes that in Tasmania the cost of living is increasing with the rising cost of housing meaning that too many families are struggling to pay for basic necessities like housing, food, heating, health care and education.
- (2) Recognises that too many Tasmanians are missing out on living a good life under the Hodgman Liberal Government's so-called "Golden Age".
- (3) Further notes that according to Shelter Tasmania over 120,000 Tasmanians live in poverty and 8,000 households are living in housing stress.
- (4) Further notes that according to the University of Tasmania's Institute for the Study of Social Change current demand for social and affordable housing is around 11,000 and that is projected to grow to 14,000 by 2036.
- (5) Further notes that the latest ANZ CoreLogic report showed that in Hobart, on average a record 33.9% of household incomes are spent on rent, which is the highest proportion of any Australian capital city.
- (6) Further notes that the SGS Economics Rental Affordability Index reaffirms Hobart is Australia's least affordable capital city, with rents increasing by 10% pa over the past 3 years.
- (7) Urges the Hodgman Liberal Government to increase the supply of social and affordable housing to meet growing demand across Tasmania. (27 November 2019)

249 Ms *Standen* to move—That the House:—

- (1) Notes that food insecurity is not simply about being hungry – food insecurity actively limits a person's physical and mental health and educational outcomes.

NOTICES OF MOTION AND ORDERS

- (2) Recognises that Foodbank Tasmania provides relief to over 13,733 Tasmanians every month but charities are struggling to meet the rising need for food relief.
- (3) Further notes that Foodbank's Hunger Report 2019 shows an 18% increase in Tasmanians seeking food assistance in the past year; an alarming 2,302 Tasmanians cannot be assisted each month and a 40% in food is required to meet demand.
- (4) Further notes that Loaves & Fishes Tasmania collects surplus food that would otherwise go to waste, ensuring Tasmanians have access to fresh produce and ready to eat meals. The provider services more than 220 community food programs and 38 school breakfast clubs across the State.
- (5) Further notes with concern reports that Loaves & Fishes Hobart operations are at risk of closure unless it can secure an additional \$150,000 in Federal funding, threatening its services in areas including Sorell, Huonville, Geeveston, Bridgewater, Gagebrook, Rokeby, Clarendon Vale, Copping and Hobart.
- (6) Urges the Hodgman Liberal Government to work with the Morrison Government to ensure the adequate resourcing and ongoing viability of Foodbank and Loaves & Fishes Tasmania and consider funding for food relief in the upcoming State Budget to meet increasing demand across Tasmania. (27 November 2019)

5 Battery of the Nation: Adjourned Debate on the Question proposed on Wednesday, 31 July 2019 by Mrs Rylah—That the House:—

- (1) Notes Tasmania has the renewable and dispatchable energy the rest of the nation needs, and the Hodgman Liberal Government is committed to using this advantage to ensure all Tasmanians benefit.
- (2) Records this Government's continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.
- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.

NOTICES OF MOTION AND ORDERS

- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs Rylah)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after “That the House:-” and inserting instead:

- “(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio.” (Next Speaker: Minister for Energy)

- (2) Further acknowledges that homelessness is often linked to other challenges such as mental illness, and the Tasmanian Government is focusing on the integration of mental health services to provide more holistic support and greater independence for clients.
- (3) Further acknowledges that Tasmania’s Affordable Housing Strategy is responding to the current challenges in the housing market by boosting supply across a spectrum of needs.
- (4) Further acknowledges that the Affordable Housing Action Plan Stage 2 and the additional investment in funding is another positive step towards continuing this momentum.
- (5) Recognises that all levels of government have a role to play in addressing the supply and demand in our housing market.
- (6) Call on all Members to work together to put the needs of Tasmanians above political point scoring. (Next Speaker: Minister for Housing)
