Subject: End greyhound racing now

Dear Stephanie Hesford,

I am writing to request that you support a complete end to greyhound racing in Tasmania.

Going by much of the evidence presented to the public in recent times, I can only conclude that this industry is rife with barbaric practices and horrendous animal cruelty.

I don't believe it is possible to rectify these issues as the very nature of greyhound racing and using animals for entertainment/profit is at odds with proper animal welfare. Such a "sport" should not be legally allowed in a developed nation.

Please support an end to greyhound racing now.

Sincerely,

Renate Homburg
