

TASMANIA

HOUSE OF ASSEMBLY

SESSION OF 2021

(FIRST SESSION OF THE FIFTIETH PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 5

THURSDAY, 1 JULY 2021

(At 10:00 o'clock a.m.)

Notices of Motion tabled prior to 29 June are published at:

Notices of Motion

13 Dr Broad to move—That the House:—

- (1) Notes that Marine and Safety Tasmania (MAST) now requires that person in a rowing shell must wear an approved life jacket unless accompanied by a powered craft which is at all times within 200 metres of the rowing shell and is carrying sufficient Level 50 life jackets (or higher) for each person on the rowing shell.
- (2) Further notes that wearing a life jacket in a rowing shell is completely impractical and will:—
 - (a) restrict movement;
 - (b) cause discomfort;
 - (c) inhibit rowers getting back into a capsized boat; and
 - (d) is not required anywhere else in Australia.
- (3) Further notes that it is impossible for most coaching craft to carry the required number of life jackets when coaching multiple crews.
- (4) Further notes that enforcing the Regulations during regattas is impractical and would require umpires following an eights race at Lake Barrington to carry life jackets for eight crews or 72 life jackets in total.
- (5) Further notes that rowing shells have sealed compartments and can be classified as floatation devices.
- (6) Further notes that rowing clubs and schools are very conscious about safety.
- (7) Further notes that there have been no drownings from rowers capsizing rowing shells in at least the last 50 years, if ever.
- (8) Calls on the Government to exempt a person in a rowing shell from any requirement to wear an approved life jacket. (29 June 2021)

15 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes that Motor Neurone Disease (MND) affects over 420,000 people globally with over 140,000 people diagnosed with MND each year, which is more than 380 new cases every day.
- (2) Further notes that over 2,000 Australians are living with MND, including more than 40 Tasmanians, with MND Australia reporting more than 2 people per day die from MND.
- (3) Further notes that “The Big Freeze 7 at the G” at the MCG fundraiser, coordinated by FightMND, in 2021 raised a record \$14.6 million allowing more funds to be made available for research into finding an eventual cure for MND.
- (4) Thanks Neale Daniher, football great and former Essendon and Melbourne player - as well as coach of Melbourne Football Club from 1998 to 2007 - for his courage in living with MND and supporting fundraising efforts for research and advocacy.

NOTICES OF MOTION AND ORDERS

- (5) Recognises that 21 June 2021 was MND Global Day, a global day of recognition for Amyotrophic Lateral Sclerosis (ALS) and MND—a disease that affects every country on the globe.
- (6) Congratulates and thanks both MND Australia and MND Tasmania, who for more than twenty years, have proved an effective advocate, promoted optimal care and support options for those living with MND and tirelessly raised funds for research into the cause and, ultimately, cure for MND. (29 June 2021)

16 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes that Hydro Tasmania has been named as a finalist for the 2021 Clean Energy Council Awards in the Community Engagement category for their COVID-19 Recovery Program to assist Tasmanian communities in overcoming the challenges associated with the pandemic.
- (2) Further notes that Hydro Tasmania’s program had two phases: the Sustain phase reassured Tasmanians that essential energy generation would continue, while the Recovery phase partnered with community organisations to deliver initiatives to assist hard-hit sectors and vulnerable groups.
- (3) Acknowledges that the program enabled community organisations to help more people affected by the pandemic and delivered a range of positive community initiatives across Tasmania.
- (4) Further notes that the 2021 Clean Energy Council Awards will be presented on 13 July 2021 at the 2021 Australian Clean Energy Summit. (29 June 2021)
