2 August 2012

Hon Adriana Taylor MLC
Inquiry Chair
Integrated Transport Options
Parliament House
Hobart TAS 7000

Dear Ms Taylor

Please find enclosed a submission from the Tasmanian Bus Association to the inquiry in relation to the integrated transport options for Southern Tasmania.

Included for your information is a copy of the Tasmanian Bus Association Policy Statement, together with the Sustainable Transport Policy for Tasmania, completed late 2009.

Also enclosed is a copy of a DVD produced by the Bus Industry Confederation on the effectiveness of Bus Rapid Transport.

I have included the following two presentations on related transport issues in Tasmania by eminent professors on passenger transport in Australia:-

- Professor Graham Currie from Monash University on “Developing Tasmanian Public Transport” February 2010
- Professor John Stanley from the University of Sydney on “Moving People” November 2011

Thank you for the invitation to submit a submission to your committee and I would be available to brief the committee and further explain the submission in detail.

Yours sincerely

Geoff Lewis
General Manager
