Subject: Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee,

Poker Machine gambling is a drain on our economy of hard earned cash.. which is best kept with the Home for more productive uses. Families are harmed by the stresses of problem gambling. Please work toward removing them from pubs & clubs where they are accessible to some of our most economically disadvantaged citizens. I understand that various poker machines are designed & geared to lure the customer and some are even rigged in favour of the House. The House ALAWYS wins in the end. Please remove this Community blight.

Yours sincerely, Michael Flood
