NOTICES OF MOTION AND ORDERS

- (1) Expresses its sincere, heartfelt condolences to family members, friends and colleagues of the 201 Tasmanians who have died with Covid since the start of the pandemic.
- (2) Recognises these Tasmanians were loved and valued members of their families and communities, whose lives were tragically cut short.
- (3) Acknowledges with sadness:—
 - (a) 188 of these preventable deaths have been recorded since 15 December 2021, when Omicron arrived in Tasmania; and
 - (b) the thousands of Tasmanians who suffer from or at risk of disabling, long-term health consequences from Covid infection or reinfection.
- (4) Further recognises the removal of mandated protections, necessary to reduce mass Covid infections, has severely restricted the lives of many vulnerable Tasmanians, including the elderly and clinically vulnerable, and people with disability.
- (5) Accepts the scientific evidence that SARS-Cov 2 is an airborne pathogen with potentially fatal consequences and well understood, debilitating impacts on immune function.
- (6) Notes with real concern stagnating vaccination and booster rates, particularly amongst children and young people.
- (7) Agrees the trajectory of Australian Governments' Covid management, which facilitates constant reinfection, is untenable for individual and population health, as well as social and economic wellbeing.
- (8) Resolves to work cooperatively to educate, promote and model increased vaccination and booster uptake, indoor mask wearing and ventilation.
- (9) Calls on the Government to prevent further disabling illness and loss of life, and urgently adopt evidence-based policies, practices and communications that better protect Tasmanians from Covid. (Next Speaker: Dr *Woodruff*)
