TASMANIA

HOUSE OF ASSEMBLY

SESSION OF 2025 - 2026

(FIRST SESSION OF THE FIFTY-SECOND PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 56

WEDNESDAY, 18 NOVEMBER 2026

(At 10:00 o'clock a.m.)

Notices of Motion tabled prior to 29 October are published in the Motion Paper.

168 Ms *Badger* to move—That the House:—

(1) Acknowledges that Tasmania's National Parks and Wilderness World Heritage Area are of globally outstanding universal significance and are to be protected for generations to come.

(2) Recognises the heavy lifting our Parks and Wildlife Service do to protect our natural and cultural heritage with insufficient funding, and that further funding cuts, resulting in the removal of key professional conservation roles, will further restrict the Service's capacity to fulfil its statutory obligations in regard to nature conservation and land management.

(3) Notes that:—

(a) the Tyndall Range Next Iconic Walk is budgeted at $40+ million;

(b) $100,000 has been allocated for a consultant to investigate public land to facilitate a private 'wellness' centre in the north, and that there is another Expression of Interest (EOI) process for a privately run centre at Hastings Caves; and

(c) the Liberals' EOI process has been operating for 12 years, but despite costing the taxpayer millions, creating much community angst and garnering international scrutiny, only nine EOI projects have started commercial operations.

(4) Calls on the Government to, in the 2027-2028 Budget:—

(a) shelve the Tyndall Range Next Iconic Walk;

(b) abandon both the Privatise the Parks and 'wellness' centre EOI processes; and

(c) reallocate the funding from those projects into the Parks and Wildlife Service to secure jobs and properly fund the organisation, ensuring it can undertake all core land and appropriate visitor management functions. (29 October 2026)

169 Ms *Howlett* to move—That the House:—

(1) Acknowledges that:—

(a) Australia is facing a federal aged care crisis that is impacting every single state and territory; and

(b) decisions made by the Commonwealth are having significant negative impacts on Tasmania's public health system.

(2) Notes that, on Wednesday 11 November 2026, 141 patients statewide were stranded in hospital beds who were awaiting aged care or NDIS placement, with 60 patients waiting just for aged care at the Royal Hobart Hospital alone.

(3) Further acknowledges:—

(a) this took nearly 10 per cent of all beds statewide offline in our major hospitals; and

(b) that taking these beds offline is significantly impacting hospital performance, including ramping hours, department waiting times, and elective surgeries.

(4) Recognises that the availability and funding of aged care places is the responsibility of the Commonwealth Government.

(5) Thanks the Senate for rejecting the Commonwealth Government's proposed changes to private health insurance arrangements, which would have further increased pressure on health services.

(6) Calls on the Commonwealth Government to:—

(a) abandon these changes; and

(b) instead take urgent action to fix this crisis, including increasing aged care places and funding step down facilities. (17 November 2026)

170 Mr *Vermey* to move—That the House:—

(1) Recognises the outstanding contribution of Tasmania's small and family businesses, representing approximately 97 per cent of all businesses in the state, creating local jobs, supporting families and forming the lifeblood of our communities.

(2) Acknowledges the:—

(a) hard work, investment and personal sacrifices of small business owners who back themselves, employ Tasmanians and strengthen our local economy; and

(b) October 2026 NAB Business Survey shows Tasmania again topping the country in both business confidence and conditions.

(3) Notes that small businesses are already facing significant pressures from rising operating costs, higher interest rates, workforce shortages and increasing regulatory requirements.

(4) Expresses serious concern that the Albanese Labor Government is creating further uncertainty for small businesses through:—

(a) changes to capital gains tax arrangements and proposed taxation reforms affecting discretionary trusts, creating uncertainty for business investment and succession planning;

(b) additional cash flow and compliance pressures associated with Payday Super; and

(c) changes to card surcharging arrangements that risk increasing costs for small businesses and consumers.

(5) Further notes that the proposed visa changes are particularly concerning for Tasmania's tourism, hospitality and agricultural businesses, especially in regional communities where access to workers is already challenging and seasonal demand is critical.

(6) Calls on the Albanese Labor Government to genuinely consult with small businesses to reconsider the proposed visa restrictions, provide taxation certainty and recognise the unique workforce needs of regional Tasmania. (17 November 2026)

171 Ms *Butler* to move—That the House:—

(1) Notes:—

(a) the Liberal Minority Government’s malaise in providing timely advice on future government-contracted public transport service arrangements;

(b) that 106 school bus operators delivering 349 school bus services across Tasmania, in addition to private general access operators, have received no clear indication of the Government's intentions beyond their current contract term due to expire in 2029;

(c) that, while the Government is expanding the Derwent Ferry Network through new terminal developments, it has not appointed a Derwent Ferry Operator or even announced a process for tender/expression of interest; and

(d) the one-year trial afforded to the current Derwent Ferry Operator six years ago.

(2) Recognises that this uncertainty affects business investment, workforce planning and the long-term delivery of essential public transport services.

(3) Calls on the Government to:—

(a) publish a clear timetable for decisions regarding future bus contracts and Derwent Ferry operating arrangements;

(b) ensure existing bus operators are provided a pathway to seamless contract continuation where service and performance requirements are met;

(c) engage directly with affected operators and provide sufficient notice of future procurement and contracting decisions; and

(d) report to the House on steps being taken to provide certainty and stability across Tasmania's public transport network. (17 November 2026)

172 Ms *Dow* to move—That the House:—

(1) Welcomes the long-awaited entry into service of Spirit IV and V, which made their inaugural passenger sailings across Bass Strait on 31 October 2026.

(2) Recognises that the new vessels will deliver significant benefits to Tasmania, including:

(a) capacity for 400 more passengers and 60 per cent more vehicle space than the vessels they replace;

(b) three times the capacity for caravans and motorhomes, easing a long-standing barrier for visitors travelling to and around Tasmania; and

(c) a major boost to the tourism industry, regional economies and the freight task, particularly across the north west.

(3) Thanks the TT-Line crew and workforce, the Devonport community and regional tourism operators who have persisted through years of uncertainty.

(4) Notes with great disappointment the Liberal Government's handling of the Spirit of Tasmania replacement project, including that:

(a) the new vessels have entered service five years later than first promised, at a cost $700 million higher than the original business case forecast;

(b) the cost of the new berth and terminal works in Devonport has blown out from $90 million to $493 million;

(c) TT-Line's debt is forecast to peak at $1.1 billion this financial year, with the company projected to remain in debt until at least 2052; and

(d) Tasmanian taxpayers continue to bear the storage costs of Spirit I and II until a buyer is found.

(5) Calls on the Government to be upfront with Tasmanians about these costs and urgently finalise the sale of Spirit I and II. (17 November 2026)

173 Ms *Badger* to move—That the House calls on the Government to:—

(a) immediately enact a moratorium on all new AI and data centres in Tasmania that are larger than five megawatts in capacity; and

(b) keep this moratorium in place until the Parliament agrees that new comprehensive and fit-for-purpose legislation and regulation is in place, to ensure the impacts of such projects are effectively mitigated and benefits to the community are guaranteed. (17 November 2026)

174 Mr *Bayley* to move—That the House calls on the Government to facilitate scrutiny of public expenditure on the Macquarie Point Stadium construction, including expenditure above the committed $875 million cost cap and the scope of construction works, by enabling an extension of the sitting of the House of Assembly beyond the currently planned 26 November 2026 rising. (17 November 2026)

175 Mr *Willie* to move—That the House:—

(1) Notes that:—

(a) the Australian Medical Association Tasmania, the Australian Nursing and Midwifery Federation, the Health and Community Services Union and members of this Parliament support an Commission of Inquiry into Tasmania's health system;

(b) the health system has been in perpetual crisis, with ramping, bed block, workforce shortages and waiting lists all connected;

(c) in October 2026, two Tasmanians died after delays in getting an ambulance; more than 9,500 are waiting for elective surgery; and 78,000 are waiting for an outpatient appointment; and

(d) the Minister for Health, Mental Health and Wellbeing, Hon. Bridget Archer MP, has ruled that out, but is supporting $700 million worth of health cuts.

(2) Rejects the Minister's $30 million price tag excuse, noting that:—

(a) it equates to around three days of health spending, based on the Government's own figure of $10 million a day;
(b) it is the cost of the Commission of Inquiry into the Tasmanian Government's Responses to Child Sexual Abuse in Institutional Settings, which spanned every government department; and
(c) the New South Wales Healthcare Funding Inquiry took 18 months at a projected cost of $15.7 million.

(3) Recognises a Commission of Inquiry would deliver long-term value for money by making the system more efficient.

(4) Calls on the Government to:—
(a) establish a Commission of Inquiry into Tasmania's health system, including the interface between state and Commonwealth governments, their roles, funding and shared responsibilities; and
(b) abandon its $700 million in health cuts. (17 November 2026)
