T A S M A N I A.

QUEEN'S ASYLUM.

RETURN OF THE PARENTAGE OF THE CHILDREN.

Laid upon the Table by the Colonial Treasurer, and ordered by the House to be printed, September 15, 1865.

Colonial Secretary's Office, 15th September, 1865.

MEMO.

THE accompanying Return of Children in the Queen's Asylum, called for by the Clerk of the House of Assembly, is forwarded to the Honorable the Colonial Treasurer.

The Colonial Secretary regrets that he is unable to furnish the information in every case, on account of the same not being supplied in cases admitted prior to 1861. Up to that time the only information required by the Imperial authorities was, whether the case was one of real destitution, and the civil condition of the Mother; by the latter, alone, the fund on which the Child's maintenance should be borne was decided. The Institution was under the control of the Imperial Government up to January, 1860; and almost every Child to that time, whose maintenance was charged to the British Treasury, was admitted by the direct authority of the Comptroller-General.
