Dear Members of the Committee,

A significant part of the services we provide to the community in the North of the State consists of emergency relief and support to members of our community who have exhausted the resources they need for day to day living.

On many occasions these situations are exacerbated by access to poker machines in Tasmania's pubs and clubs.

We consider the initiative to remove these from pubs and clubs will reduce the proportion of low fixed income Tasmanians sabotaging their standard of living each week through excessive use of these machines.

Yours sincerely Stephen Brown Chief Executive Officer Launceston City Mission

Yours sincerely, Stephen Brown
