

Gretna Cricket Club Funding

Ms WHITE question to PREMIER

One of my constituents, Ben, is a member of the Gretna Cricket Club. They were promised \$21,000 for a new kitchen in their club rooms at the recent election. They are keen to commence the works and would like to know what the process is for accessing the funding. Can you outline when the funds will be made available to all the community organisations who received election commitments and what the process is for these groups to access these funds?
