F. BELSTEAD, *Secretary of Mines.*

It is impossible to say, without an inspection of the country, that every one of the selections enumerated in this Return would be accessible to the proposed Race. All that I can certify to is that they are in close proximity to the proposed course of the Race, and would *most probably* be accessible to it.

There has been no correspondence relative to the forfeiture of leases in arrears of rent, excepting as to the two leases marked thus *, in the case of which it has been understood that the payment of rent was to be deferred pending the negotiations as to the sale of the Water-rights and Race by the Company to the Government.

F. BELSTEAD, *Secretary of Mines.*
