LEGISLATIVE COUNCIL.

PARLIAMENTARY LIBRARY:

REPORT OF LIBRARIAN.

Laid upon the Table by Mr. Moore, and ordered by the Council to be printed,
January 13, 1880.

Library of Parliament, 14th November, 1879.

SIR,

I HAVE the honor to present my Annual Report on the Parliamentary Library.

2. During the Recess of 1878 Mr. Maning, then Clerk Assistant, aided me in taking stock of all the Books and Papers in the various rooms, lobbies, and cellars in which the Parliamentary Library Volumes are stored; and we found no less than 72 volumes missing, and of which no account could be given, they having been taken irregularly from the Library at various times since I first took charge on 3rd November, 1857.

I successfully prosecuted one thief who, by the connivance of a servant of one of the inferior officers of the Legislative Council, had stolen a Book and pawned it.

3. Owing to the Library being open to the Public during Recess, irregularities have occurred, and will still occur, unless the Library Committee rescind the Resolution to admit others than Members.

4. Since last year's Report I have received a box of Patent Specifications from England, which I have had arranged and placed with the others in the Seizure Vault of the Custom House; a safe but unsuitable place for these Books of Reference, which extend over the last 200 years.

5. A list of Books which have been added by purchase is annexed (Appendix A).

6. A list of the Missing Books at this date is also annexed (Appendix B). This does not contain the titles of those Books which have from time to time been issued to Members (and others who have since ceased to be Members, but who are still liable for the Books). The list is contained in Appendix C.

7. By the action of the Royal Commission on the Philadelphia Centennial Exhibition, of which Commission I had the honor to be Secretary, a friendly interchange of Public Books has been established with the Smithsonian Institute at Washington, from which large numbers of American publications have been added, by presentation, to the Parliamentary Library. The contents of the last box received are to be found mentioned in Appendix D.

8. I have again the honor to point out the extreme desirability of one large Library Room being prepared for Parliament, instead of having the Books placed in eight small rooms, where immediate reference to Books for the use of Members is a matter of difficulty even to myself, who for upwards of twenty-two years have had the control of the Library.

I have the honor to be,

Sir,

Your most obedient Servant,

HUGH M. HULL, *Librarian to Parliament.*

The Honorable the Colonial Secretary.
