

HOUSE OF ASSEMBLY

SESSION OF 2018

(FIRST SESSION OF THE FORTY-NINTH PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 27

TUESDAY, 16 OCTOBER 2018

Notices of Motion tabled prior to 27 September 2018 are published at: http://www.parliament.tas.gov.au/ha/hamot.pdf

Notices of Motion

111 Mr Shelton to move—That the House:—

- Notes the Tasmanian forestry industry is experiencing renewed confidence and (1) optimism in the sector.
- (2) Further notes the revival is consistent with the Hodgman Liberal Government's plan to support jobs in our forestry industry, knowing that working forests create jobs.
- Further notes the renewed optimism is backed up by a report by Associate Professor (3) Jacki Schirmer from the University of Canberra, with findings that note:
 - the industry generated more than 5,700 jobs in 2017-18 including more than *(a)* 3,000 direct jobs;
 - (b) a far higher proportion (82%) of those jobs are full time, compared to the workforce as a whole (60%);
 - (c) the direct annual contribution to the Tasmanian economy is more than \$700 million, rising to more than \$1.2 billion when flow-on effects are included;
 - (d) the industry is particularly important for regional communities, with forestry directly employing more than 9% of the workforce in Dorset, 6.6% in Circular Head, 6.5% in the Derwent Valley, 6% in George Town and 5.4% in the Central Highlands; and
 - forestry jobs are spread across the native forest sector, as well as softwood (e) and hardwood plantation sectors.
- Acknowledges just over half (55%) of the businesses contacted by Associate (4) Professor Schirmer felt demand would grow for their services, or products would over the next 12 months. The remainder (45%) felt that, that demand would remain about the same. No businesses reported feeling that demand for their services or products would reduce. (27 September 2018)

112 Mr *Brooks* to move—That the House:—

- Notes that there is no better friend of Tasmania's resources industries, including (1)mining and forestry, than the Hodgman Liberal Government.
- Acknowledges that these industries employ more than 11,000 Tasmanians directly (2) and indirectly, particularly in rural and regional areas, and create billions of dollars in income and export revenue for the State.
- Further notes that the Tasmanian Greens' front groups such as the Bob Brown (3) Foundation, Save the Tarkine and the Wilderness Society, not content with the lockup of 50% plus of the State, are engaged in an unreasonable and never ending campaign for more lock ups.
- Further notes that these groups' latest push for another 680,000 hectares to be locked (4) away in an extension to the World Heritage Area, would deliver a devastating blow to our resources industries, putting thousands of jobs at risk and adversely impacting the rights of recreational land users such as fishers, hunters and 4WDivers.

NOTICES OF MOTION AND ORDERS

- (5) Further acknowledges advice from the Department of State Growth that shows this land grab would:—
 - (a) ban mining in one of our most prospective mining regions, which includes more than 1,000 known mineral deposits;
 - (b) impact at least eight current mining leases;
 - (c) based on past expenditure, cost the State upwards of \$150 million in mining and exploration investment over 20 years;
 - (d) lock up more than 12,000 hectares of the Permanent Timber Production Zone and 91,000 hectares of our Wood Bank the future potential production forest;
 - (e) cost a further \$250 million in the value of native forest harvesting over the next 20 years; and
 - (f) add to the sovereign risk issues that have seriously impeded investment in Tasmania for decades.
- (6) Calls on all Tasmanians to resist this destructive push and stand up for the very existence of our mining and forestry sectors, and the thousands of livelihoods they provide for Tasmanians. (27 September 2018)
- 113 The Minister for Resources to move—That the House:—
 - (1) Notes that the Australian Engineering Excellence Awards, Tasmanian Division, was held in Hobart on 9 August 2018.
 - (2) Further notes that the awards identify, recognise and reward outstanding achievement in the practice of engineering.
 - (3) Acknowledges that the Engineer of the Year Awards confer recognition for outstanding individual engineering achievements and recognises engineering professionals who show innovation and resourcefulness.
 - (4) Commends two engineers from Hydro Tasmania's engineering consulting arm, Entura, who received the top accolades for bringing that vision to life.
 - (5) Congratulates Donald Vaughan, Principal Consultant, Electrical Primary Systems, who was named Professional Engineer of the Year, and engineer Lyndon Johnson who won the Young Professional Engineer of the Year award.
 - (6) Further commends Entura on being selected as finalist for the Kidston Pumped Storage Hydro Project in Far North Queensland and the Yap Hybrid Renewable Energy Power System on the North Pacific island of Yap, in the Federated States of Micronesia. (27 September 2018)

Orders of the Day

NOTICES OF MOTION AND ORDERS

- **10** Tasmanian Export Growth: Adjourned debate on the Question proposed on Wednesday, 26 September 2018 by Mr *Hidding*, as amended—That the House:—
 - (1) Notes that the most recent export figures released by the Australian Bureau of Statistics (ABS) show Tasmania exported a near-record \$3.7 billion of goods in the year to July 2018.
 - (2) Further notes that Tasmania leads the nation with 29.2 per cent growth in exports over 2017, which is nearly four times higher than the national rate of growth.
 - (3) Further notes that over 80 per cent of Tasmanian goods exports were into Asian markets, with top export sectors being mining and mineral products, as well as agriculture and seafood.
 - (4) Further notes that Tasmania's top five export destinations were China, Malaysia, Japan, Taiwan and Thailand representing \$2.25 billion worth of our total exports.
 - (5) Further notes that this continued strong growth in exports demonstrates the success of the Government's plan to open up new opportunities for Tasmanian products, underpinned by Trade Missions with the business sector to important export markets.
 - (6) Further notes that the Government's strong focus on trade is leading to new investment and job creating opportunities in Tasmania. (Next Speaker: Ms O'Connor)
- 11 Mental Health Amendment Bill 2018 (No. 43): Second reading. (Minister for Justice)
- 12 Police Offences Amendment (Begging) Bill 2018 (No. 44): Second reading. (Ms O'Connor)

SHANE DONNELLY, Clerk of the House
