House of Assembly

Hobart. 20th March, 1930

The Acting Under Secretary
Premier's Department
Hobart.

Dear Sir,

Select Committee on Bellarine-Lindisfarne-Hobart
Penitentiary.

In reply to your letter of the 20th instant, conveying a request from the Chief Secretary that arrangements should be made for the above-mentioned Committee to meet and take the evidence of Engineer Commander Rees as soon as the Committee can make it convenient to attend, I desire to state that, immediately after the receipt of your letter on Friday morning the 21st instant, I telephoned to Mr. Cotton, to whom the Committee left the arrangements with Engineer Commander Rees as to a convenient time for him to attend before the Committee, and he (Mr. Cotton) promised to try and get into touch with the Commander and to let me know the result, but after waiting several days, and having had further telephone communication with Mr. Cotton, I am unable to obtain any definite information on this matter.

Yours faithfully

W. H. Phillips
Chief of the House.

The Council Clerk

Westbury.

Dear Sir,

I have to acknowledge the receipt of cheque for £13 13s 6d thirteen shillings and sixpence for cost of printing in connection with the Carrick Water Bill, 1929 (No. 84). This amount was sixpence in excess of the Government Printer's account for the abovementioned Bill, but as the cheque I received from your Council on the 25th February last was for sixpence less than the cost of printing in connection with the Westbury-Hagley Water Bill, 1929 I paid the excess sixpence to make up the deficiency.

These two accounts are now adjusted as will be seen by receipts Nos. 111 and 115 enclosed herewith.

Yours faithfully,

Hy M Pherson
Clerk of the House.

Public Servants Desiring to Petition Parliament.

Dear Sir,

With regard to your request over the telephone on the 10th instant, to be supplied with a form for a Petition to Parliament from a branch of the Public Service, I desire to state, that although all citizens have the right to Petition Parliament on matters over which Parliament has control, this is only allowable when other means have failed. In the case of Public Servants, the question is somewhat different, for Public Servants are servants of the Crown, and under the control of Ministers, and it is to Ministers that they should apply in the case of grievances affecting their conditions as Public Servants. Numerous instances can be found where Petitions have been presented to the House on behalf of members of the Public Service, but I cannot find any Petition from Members of the Service. The reason, seems to me, obvious, that Public Servants should apply to Ministers for redress for their grievances and it would be against public policy to allow Members of the Public Service to, in a sense, go behind the backs of Ministers and address themselves directly to Parliament, but as last resort, redress might be sought by a Member of the House moving a substantive Motion in the House with regard to the above question.

Yours faithfully,

Clerk of the House.

House of Assembly

Hobart. July 4, 1930

The Honourable

The Chief Secretary.

Sir,

I have the honour to acknowledge the receipt of your letter of the 3rd instant, relating to the payment of salary to Major Davies, Member of the House of Assembly for the Electoral Division of Bass, as from the date of his election, the 5th October, 1929, while Mr. Shoopbridge, as Member for the Electoral Division of Wilmot, received payment of salary as from the 27th September, 1929, the day upon which he was elected.

In reply, I desire to state that, at the time I made the payment to Major Davies, I was fully aware of the circumstances which prevented the Member for Bass being elected on the same day as the Member for Wilmot, and also that I appreciate your remarks that, "the Returning Officer was not legally in a position to endorse the Writ at a date earlier than the 5th October, 1929". Similar reason weighed with me, when making payment to Major Davies. I was guided solely by Section Four of "The Payment of Members Act, 1927", which provides that, "in case of any Member elected after the commencement of this Act his salary shall be reckoned as from the day of his election".

I am afraid that I am unable to offer any advice in this matter beyond stating that, I do not know of any Ministerial or other authority that would make it competent for me to make the adjustment desired by Major Davies.

I have the honour to be,

Sir,

Your obedient Servant,

Clerk of the House.

Sir,

I have the honour to inform you that I have received from the Librarian, Legislative Assembly, Southern Rhodesia, a letter dated June 25, 1930, inquiring whether the House of Assembly would be prepared to send volumes of our Statutes as published to the Parliamentary Library, Southern Rhodesia, on an exchange basis. It is urged as a reason for seeking this arrangement, that they have no Dominion Statutes in the Library and that there is a constant demand on the part of Members for them.

My reason for placing this matter before you is that, should the proposal be favourably considered, Ministerial Authority would be necessary for the Government Printer to supply the abovementioned Acts.

Dear Sir,

I desire to bring under your notice what I consider to be lack of courtesy on the part of your office. I rang Mr. Rowland yesterday and asked him if he could let me know whether you were satisfied with the declaration of the Clerk-Assistant relating to deduction claimed under the provisions of the Official Salaries Reduction Act, and Mr. Rowland assured me that you were satisfied and promised to let me have it in writing. But to my surprise your reply was forwarded to the Clerk-Assistant. As Head of this Department and also as certifying and paying officer, I maintain that this should have been forwarded to me. I resent being told by your Secretary that it is "red tape" for me to make such application. I desire to remind ^{you} that if your memorandum had been sent to me, there would have been no need for duplication, as suggested by your Secretary. I again stress the point that all communications to this office should be to the Head.

Yours faithfully,

Dear Sir,

Private Bill relating to the Churches of Christ

Dear Sir,

I have to acknowledge the receipt of your letter of the 11th instant relating to the above matter.

In reply I would point out that, although Standing Order No. 273, provides that - "Notice of the intention to apply for every Private Bill shall be published once a week, in one or more daily newspapers published in Hobart, and in one or more public newspapers published in or nearest the District affected by the Bill, and once in the "Gazette", your letter states that you advertised only, once in the "Advertiser" and the "Mercury" on the 14th June last. Therefore it will be seen from the abovementioned Standing Order that its provisions have not been complied with.

The second paragraph of your letter which states that the Bill is printed, conflicts with the provisions of Standing Order No. 286, which reads inter alia, "When leave to bring in a Private Bill shall have been obtained, and before it shall be read a third time, it shall be printed by the Government Printer, &c."

With regard to the third paragraph of your letter in which you say you do not know if, under the circumstances, the Speaker could dispense with that part of the Petition, stating that notice has been given &c. On the preceding the presentation, I would point out, that no reason has been advanced as to why the Public Notice of Intention to apply for the above Bill was not published in the "Advertiser" & "The Inquirer" for two consecutive weeks, instead of just

Dear Sir,

I have to acknowledge the receipt of your letter of the 17th instant, in which you state that "The Notice of intention to apply for the Private Bill was advertised for the four consecutive weeks as required by the Standing Order.

In reply I desire to state, that this makes the position easier and leaves only one obstacle to be overcome, viz, that the Public Notice required was given prior to within the three months preceding the presentation of the Petition to the House. This necessitates the suspension of a Standing Order. I would point out that the Speaker cannot, as suggested by you, dispense with any part of the Petition. The procedure with regard to this question is, - that the Clerk of the House shall certify to the Speaker, whether the Standing Orders have or have not been complied with. He shall also report the facts upon which his report is founded, and any special circumstances connected with the case. This report is read to the House by Mr. Speaker, and if the House is satisfied, it then decides whether the Standing Order shall or shall not be suspended. I would remind you that a similar case occurred when you petitioned for leave to bring in the Equity Trustees Bill in 1928. I have noted in your first letter that full details of the title deeds of the various churches in Tasmania were not available, and that it was very difficult indeed to get the necessary information, but that it is now available.

Under these circumstances I desire to inform you, that when you are ready to proceed with the presentation of the Petition to the House, I shall do all that I reasonably can to assist you.

The Joint Secretary

Dear Sir,

In reply to your memorandum of the 24th instant you have information relating to the excess expenditure over the amount appropriated by Parliament, incurred by this Department. I think you will find that the excess above the amount appropriated is as follows:-

Incidental expenses, including catering and
Incidental books in Library and uniforms for
Members.

Select Committees charged against the

{ 1928-29

{ 1929-30

Stationery, Stores, Postal charges, Telephones
Hiring and advertising.

{ 1928-29

Telephones charged against the

{ 1928-29

{ 1929-30

Although I have no control over the above expenditure being incurred by the House in appointing Select Committees, in the case of telephones, and although the vote for Stationery and Stores was exhausted in 1928-29, I did not think it right to estimate my expenditure for 1929-30 on the 1928-29 basis because I had hoped that the telephone accounts would have been settled in 1929-30 then in 1928-29 owing to the extra calls made during the General Election Campaign, but I have been disappointed.

Dear Sir,

I desire to express regret at the delay in answering your letters of October 2 and 11 respectively, relating to inquiry concerning the late Thomas Gabriel. The delay was due to waiting a reply from the Registrar-General on this subject. He now informs me that he is unable to trace the date of Mr. Head's birth and that the only record that he has is that Mr. Head died at the Mental Diseases Hospital, New Zealand, in October 1894 at the age of 70 years.

I am forwarding you herewith, the death notice and obituary of Mr. Head, which I have had copied from "The Mercury" and which I trust will be of some use to you. I again express regret at the long delay in replying and I hope the little information forwarded will not be too late for the purpose for which it was required.
