Dear Madam Secretary,

It is crucial that the greyhound racing industry be made accountable for the welfare of all animals involved. Current regulations are inadequate. I strongly believe that the recommendations of the RSPCA in this area be implemented, including:

(a) practices in the Tasmanian greyhound racing industry, including whether live baiting, 'wastage' and 'draining' of greyhounds is occurring, and if so, to what extent;

(b) the role of regulatory authorities in upholding animal welfare standards in the industry and encouraging best practice;

Yours sincerely,
Alison Bailey
