Dear Committee Members,

I am writing to express my strong opposition to the Tasmanian Government spending \$750 million of taxpayers money on a stadium at Macquarie Point or anywhere else.

I want my taxes to be spent on important things like medical care, education and protecting the environment. If the Tasmanian Government argues that it can't afford to pay teachers and doctors the same as in other States because we are small and can't afford it, we certainly can't afford \$750 million for a stadium.

Judith Paxton
