To Whom it may concern,

I am strongly opposed to creating a road where we have demanded for decades to build public transport infrastructure.

More Roads mean more cars mean more congestion.

Do not do this This is a disgrace that you even have entertained the idea. This is a public open space dedicated for public transport.

Put the light rail in and leave our public amenities alone.

Stop privatising our space.

Stop the idiotic decisions.

JUST STOP!

Yes to implementing public transport.

Sincerely,

Rachel Tenni
