

Glen Dhu Pool

Ms FINLAY question to MINISTER for EDUCATION

One of our constituents, Jeff, contacted me on Friday after finding out that you have decided to permanently close the Glen Dhu pool, noting that the Liberals have promised to reopen the Glen Dhu pool at the last two state elections - that is twice. He wants to specifically know: When will you publicly release the engineering report you are relying on to justify your broken promises? When was the engineering report finalised? How much would it cost to reopen the pool again? How much was spent on the heating upgrades that you completed just this year? Where on earth are the young people of the north going to learn to swim now?
