Subject: Submission to Select Committee on Firearms Legislation and Policy

Dear Todd,

I just received notification from a friend of a friend that submissions to this Committee closes tomorrow.

My submission is brief. I do not support any watering down or relaxation of the current gun control regime in Tasmania. I have never touched a gun or seen a gun in real life... and I don't wish to either. I feel safe in this wonderful state of Tasmania and I would be extremely concerned if there was any change to gun control laws for myself and my 11 year old daughter.

Kind regards,
