HOUSE OF ASSEMBLY

SESSION OF 2024

(FIRST SESSION OF THE FIFTY-FIRST PARLIAMENT)

NOTICES OF MOTION AND ORDERS OF THE DAY

No. 4

WEDNESDAY, 22 MAY 2024

(At 10:00 o'clock a.m.)

Notices of Motion tabled prior to 16 May are published in the Motion Paper.

Notices of Motion

- 4** Mr *Behrakis* to move—That the House:—
- (1) Notes the failures of the Federal Labor Government to adequately invest in Tasmania's primary health sector, resulting in General Practices being forced to close.
 - (2) In light of these failures, calls on the Federal Labor Government to provide adequate funding to incentivise bulk-billing by General Practitioners and reduce the likelihood of further closures.
 - (3) Calls on the State Labor Opposition to lobby their Federal colleagues for more urgent care clinics for Tasmania in areas of most need. (21 May 2024)
- 5** Mr *Bayley* to move—That the House:—
- (1) Agrees the proposed Macquarie Point stadium is a matter of significant public interest and concern across lutruwita/Tasmania.
 - (2) Recognises a primary public concern is the massive expenditure of public funds on a new stadium – especially given the critical need to build more homes, invest in better hospitals, and deliver cost of living relief.
 - (3) Notes significant uncertainty about the exact scale of public expenditure on the stadium given:—
 - (a) the Rockliff Government's apparent failure to negotiate a Commonwealth Grants Commission exemption for the \$240 million Federal contribution;
 - (b) Tasmania's sole liability for all development and construction cost overruns;
 - (c) serious challenges associated with construction at the Macquarie Point site;
 - (d) uncertainty over the public /private partnership model; and
 - (e) the rapidly rising costs in the construction industry.
 - (4) Orders the Government to table the Independent Review into the State's Finances - including the Macquarie Point Multipurpose Precinct component of that review – on the first sitting day of the House following the review's completion.
 - (5) Orders the Government to table, prior to 19 June 2024, all correspondence on the Macquarie Point stadium and precinct between the State and Federal Treasurers. (21 May 2024)
- 6** Mrs *Beswick* to move—That the House:—
- (1) Notes the impact of economic drivers over the past four years which have caused:—
 - (a) significant inflation across day to day family expenses; and
 - (b) the reduction in real wages due to the inability of employers to meet increased costs through wage increases.
 - (2) Further notes how families are sacrificing their healthy choices and caring for themselves in order not to increase their debt.

NOTICES OF MOTION AND ORDERS

- (3) Recognises how financial stress creates tension within the family unit which can be a catalyst for mental health issues, domestic violence and family dysfunction. (21 May 2024)
- 7** Mr *Winter* to move—That the House expresses its unequivocal support for key industries, including:—
- (a) Tasmania’s aquaculture industry, including operations in Macquarie Harbour;
 - (b) Tasmania’s timber industry;
 - (c) Renewable energy developments, including the Robbins Island windfarm; and
 - (d) Tasmania’s mining industry. (21 May 2024)
- 8** Mr *O’Byrne* to move—That the House:—
- (1) Notes that:—
 - (a) Metro cancelled approximately 900 weekly bus services in August 2023 under the guise of ‘temporary service reductions’; and
 - (b) cancelled Metro bus services have still not been reinstated nine months later.
 - (2) Recognises that thousands of Tasmanians rely almost exclusively on public transport as their sole means of transportation.
 - (3) Acknowledges that widespread Metro bus service cuts continue to negatively impact the lives and livelihoods of Tasmanians, including those with disabilities and those unable to afford private transport.
 - (4) Concedes that a policy of half-price Metro bus fares, although welcomed, does not help Tasmanians who have lost access to reliable bus services.
 - (5) Calls on the Minister for Transport, Hon. Eric Abetz MP, to intervene and restore full Metro services as a matter of urgency. (21 May 2024)
