BOARD OF IMMIGRATION :

REPORT FOR THE HALF-YEAR ENDING THE 30TH DAY
OF JUNE, 1883.

Laid upon the Table by the Premier, and ordered by the House to be printed,
September 5, 1883.

Immigration Office, Hobart, 25th July, 1883.

SIR,

THE Board of Immigration have the honor to report, for the information of the Government, that during the half-year ending the 30th June there has been an increase in the number of Immigrants under the System of Assisted Passages as compared with the first half of 1882.

The total number introduced was 61, of whom 16 were children, and the cost of their introduction amounted to £961 10s.

The reduction in the price of "Bounty Tickets," or, as they are now designated, "Passage Certificates," which was decided upon by the Board should take effect on the 1st January last, and the increasing demand for labour, has resulted in the issue by the Board of 33 Family, 35 Single Male, and 23 Single Female Certificates.

Taking the average number of persons in a family at five, these Certificates may be considered as representing 223 Immigrants, sent for by friends or by employers of labour.

Up to the 18th May last the London Agents of the Board advise the issue of 12 Family, 12 Single Male, and 12 Single Female Bounty Tickets and Passage Certificates. Since that date advices have been received of the departure of Emigrants for Tasmania, and of passages engaged, as under:—

- Per s.s. *Iberia*, on 14th June, 61 persons, equal to 49 Statute Adults.
- Per s.s. *Potosi*, on 28th June, 39 persons, equal to 30½ Statute Adults.
- Per s.s. *Orient*, on 12th July, 48 persons, equal to 37½ Statute Adults.
- Per s.s. *Cape Clear*, on 21st August, 250 persons, direct to Tasmania.

"Land Certificates" have been issued under the 7th Section of the Act 31 Vict. No. 26, which, including children, represent an addition of 96 persons to the population, and entitle the holders to select 1810 acres of the Waste Lands of the Crown.

"Land Orders" under the 5th Section of the same Act have also been issued representing 33 adults and 16 children under 15 years of age. The holders of these Orders are empowered to select or purchase at any Government Land Sale 748 acres of the Waste Lands of the Crown.

We append copy of the Instructions prepared by the Board, and approved by the Governor in Council, for the guidance of the Emigrant and Colonists' Aid Corporation, and of the Emigration Agent, Mr. Humphries, (who arrived in England on the 7th June). We trust that their united action will secure a steady stream of useful colonists.

The compilation of a Hand-book of Tasmania has been satisfactorily completed by Mr. T. C. Just, and 9000 copies have been forwarded to the Agents in London. A Map of the Colony, prepared by the Lands Department, has been forwarded to England to be lithographed, a copy of which will be inserted in each of the Hand-books.

The latest advices from the London Agents and other sources show that great and unusual interest is taken in Emigration to Tasmania at the present time both in Great Britain and on the Continent of Europe; and the Board therefore feel no hesitation in expressing their belief that the whole amount available for Immigration purposes can be fully expended within the period named in the Act of Parliament 46 Vict. No. 40.

We have the honor to be,

Sir,

Your most obedient Servants,

WM. MOORE.

J. S. DODDS.

INSTRUCTIONS for the guidance of "The Emigrant and Colonists' Aid Corporation, Limited, London," acting as Agents for the Tasmanian Board of Immigration.

1. The Corporation is requested to continue to discharge the duties heretofore entrusted to it, subject to the new Regulations of the Board of the 23rd December, 1882, and the Instructions to the Emigration Agent, copies of which are herewith forwarded.

2. The Board of Immigration having appointed an Emigration Agent, the Corporation is requested to afford him the benefit of its advice as regards the localities most likely to supply suitable Emigrants, and to render him all the assistance in its power in carrying out his duties as defined by the Agent's Instructions.

3. "The Emigrant and Colonists' Aid Corporation, Limited, London," is appointed the Treasurer and Accountant in England of the Board of Immigration, and will be furnished by the Government with a Credit with the Crown Agents or Bankers of the Colony for the reimbursement of all expenses actually paid by it after the expenditure of the funds collected by the Corporation on account of the Government. The Corporation to furnish the Board with a quarterly statement of accounts.

4. When a sufficient number of Emigrants have been selected to warrant the despatch of a vessel for Tasmania under charter, the Corporation is to advertise for tenders in such papers as it may deem most advantageous; and on receipt thereof will, in conjunction with the Emigration Agent, act together as a Board to accept the tender that after a careful examination proves the most favourable, and will thereupon make all the necessary negotiations and arrangements with the shipowners and others, and together sign the Charter Party and any agreements or documents that may be necessary in connection with the despatch of the Emigrants in the terms of the Regulations.

5. The form of Charter Party, and annexed schedules, regulations, suggestions, and instructions herewith forwarded are to be used by the Agents, and such shall be submitted for the inspection of intending tenderers.

6. The passage-money of Emigrants who come out in any other than a vessel chartered for the conveyance of Emigrants direct to the Colony will not be paid unless such Emigrants present themselves at the Office of the Immigration Agent in Hobart or Launceston. In case of death the full passage-money will be paid on presentation of a certificate of death by the Captain of the vessel.

INSTRUCTIONS FOR THE GUIDANCE OF THE EMIGRATION AGENT.

1. UPON arrival in England he will at once place himself in personal communication with "The Emigrant and Colonists' Aid Corporation, Limited," 79½, Gracechurch-street, London, E.C.

2. He will take counsel with the Corporation as to the several localities likely to afford the best opportunities for the selection of Emigrants, and with as little delay as possible proceed to the centres decided upon, and adopt such means, by advertisement or otherwise, to give publicity to the terms under which assisted passages to Tasmania can be obtained for approved Emigrants, together with the prospects of employment and rates of wages, &c.

3. The Agent will keep himself in constant communication with the Corporation; and when a sufficient number of Emigrants have been approved, the Corporation will advertise for tenders for the chartering of a suitable vessel.

4. When the selected tender has been approved, and the date and port of departure fixed, the Emigration Agent will send a printed notice to each approved emigrant containing full instructions for his or her guidance.

5. Especial care must be taken that the required certificates as to character and physical and mental qualifications are properly supplied and are genuine.

6. While seeking to secure a preponderating number of able-bodied agricultural labourers, he will also accept applications from journeymen mechanics and artisans, such as carpenters, bricklayers, stonemasons, blacksmiths, wheelwrights, quarrymen, miners, &c.

7. He will also endeavour to select female servants of good character, arranging where possible that they should accompany some family.

8. It is highly desirable that the Emigration Agent should personally interview all applicants for assisted passages, in order that he may satisfy himself that they are in all respects eligible, and in a position to procure the required clothing for the voyage and provide the means for joining the ship should they be approved.

9. He should also test, as far as practicable, the value of the certificates as to character, &c., and if not satisfied, he will call upon the applicant to obtain others.

10. The above instructions specially apply to single women, with reference to whom the utmost care must be taken that they are recommended by reliable persons.

11. False declarations are sometimes made, material points concealed, and occasionally personation may be attempted. As a matter of fact, medical gentlemen do occasionally, in the Old Country, pass certificates for assisted Emigrants who will be benefited by a sea voyage, and clergymen sign certificates in the hope that change of scene will lead to amendment of life, whilst friendly householders are the greatest offenders of all. The Emigration Agent of Tasmania will consequently have to keep a watchful eye on this most important section of his functions.

12. When an application has been approved, the applicant is to be furnished with a memorandum as hereunder.

Emigration Department.
Office of the Emigration Agent of Tasmania,

7. A proper Contract Ticket, according to the Passenger Acts, signed on behalf of the shipowner, will be handed to you so soon as you have been approved at the Depôt, from which time any responsibility of the Government of Tasmania, or of the Emigration Agent, to obtain a passage for you to Tasmania or otherwise, will absolutely cease, and the shipowner will become liable to you, according to the Contract Ticket.
