(1 August 2019)

**123** Ms *Standen* to move—That the House:—

- (1) Recognises that the data from the 2016 census shows that the total number of people experiencing homelessness in Tasmania was 1,622.
- (2) Further recognises that Specialist Homeless Services (SHS) are stretched beyond capacity and are forced to turn away thousands of people requesting short-term or emergency accommodation.
- (3) Notes that the Minister for Housing, Hon. Roger Jaensch MP:—
  - (a) promised a workplan to detail the Government’s emergency support for homelessness assistance on 14 June 2019;
  - (b) announced funding of \$5 million to address homelessness on 21 June 2019; and

- (2) Acknowledges that 42 out of 43 buildings were re-assessed and classified as being in a low-risk category according to the audit criteria.
- (3) Notes that in regards to the use of ACP there is no such thing as a low risk or high risk it is simply risk.
- (4) Further notes that the Minister for Building and Construction, Hon. Elise Archer MP has been aware of the significant risk combustible cladding represents to the public since 2014.
- (5) Further recognises that the Government's inaction has led to instability in the Tasmanian Building and Construction industry.
- (6) Call upon the Minister, in the interest of public safety to table the list of 43 buildings with combustible cladding as a matter of urgency.
- (7) Further notes the 2017 Senate inquiry into aluminium composite cladding and non-conforming building products recommended a ban on the use and importation of combustible cladding.
- (8) Further calls on the Tasmanian Government to implement a total ban on the importation, sale and use of Polyethylene core aluminium composite panels as a matter of urgency.

## NOTICES OF MOTION AND ORDERS

- (2) Understands wildfires continue to devastate vast areas of Siberia, and the Greenland ice sheet is melting at a near record rate, reflecting the human-induced global heating that is rapidly accelerating.
- (3) Acknowledges with concern the bushfires that ravaged 3% of the State last summer, and which are expected to increase unless we reverse atmospheric overheating.
- (4) Further acknowledges with compassion that parts of rural eastern Australia suffer terrible drought, with ten major town such as Tamworth, Dubbo and Armidale at high risk of running out of water within six months if it doesn't rain.
- (5) Applauds the leadership of the Darwin City Council, which followed the lead of Hobart City Council and hundreds of other jurisdictions worldwide, and declared its community is living in a climate emergency.

- (1) Notes that Tasmania has an historic Commonwealth State Housing Agreement (CSHA) debt with a current balance of \$157,600,258.

  - (d) sharp increases in rents as a result of the housing supply squeeze and increase in short stay accommodation listings have forced many Tasmanians out of their homes, communities, and into homelessness; and
  - (e) the current trend of rent price increases is unsustainable and unjustifiable.
- (2) Amends the terms of reference of the Select Committee on Housing Affordability by inserting the following after paragraph (k):—

- (7) Further notes that in 2018, Labor and the Greens voted together 81 per cent of the time – 4 times out of 5.

### **134** The Minister for Health to move—That the House:—

- (1) Calls on the Leader of the Opposition, Hon. Rebecca White MP to clearly put on record whether the Labor Party remains committed to its Medi-Hotel policy of putting unwell Tasmanians into hotel rooms.
- (2) Acknowledges that rural hospitals, like those at Oatlands, New Norfolk, Scottsdale, Smithton and Dover could be put at risk by Labor's Midi-Hotels policy, which could see patients they treat, instead placed in inner-city hotels.
- (3) Notes that following the implementation of Medi-Hotels in Victoria it was found to be more expensive to keep people in Medi-Hotels than in hospitals.
- (4) Further calls on Labor to reveal how many hospital beds or wards, or rural hospitals it would close to fund Medi-Hotels.
