

GIVE IT BACK

THE PRESENT, THE FUTURE and BEYOND

Submission to the Tasmanian Legislative Council Jan 2013

Dear Sir's/Madam's of the Upper House, GIVE IT BACK request the permission of the house to address its members in relation to the current forestry bill before you.

The following points we believe are important to the process are

- Fire Management
- The Future in Forestry – industry prospects, reserve management, environmental sustainability
- Communities
- Domestic Consumption – biofuel, residue value
- Local and State economic benefits - from the flow on effect of forestry
- Transparency

GIVE IT BACK, request permission to address the house on these important issues. We will be quick and to the point on these main topics, delivering relevant information to your members in order to make the educated decisions needed for this bill. We believe that there is a future and a way forward in this debate.
