

Minister for Housing, Planning and Consumer Affairs – Correspondence with
Community

**Mr WILLIE question to MINISTER for HOUSING, PLANNING and CONSUMER
AFFAIRS**

My question is on behalf of my constituent, Christine Hayden, from Glenorchy, and a number of other constituents who have been left unanswered for long periods of time when letters are sent to you on their behalf. Christine has been waiting for return advice on her housing and policing issue for over eight weeks now. Why do you continually ignore the needs of Tasmanians and those asking questions related to your responsibilities? Will you commit to improving your efforts to answer correspondence from members of the community in a timely and helpful manner?
