- (1) Recognises the coronavirus pandemic has inflicted anxiety, sorrow and mental ill-health across the Tasmanian community.
- (2) Acknowledges Tasmanians in the aged care system have been particularly affected by COVID-19 restrictions and more isolated than many others in the community.
- (3) Further recognises that communication channels are critical to older people in aged care facilities.
- (4) Understands while most patients in Tasmanian hospitals have a bedside phone, an estimated 40 per cent – approximately 2,000 Tasmanian aged care residents - do not have a phone in their room.
- (5) Further understands Advocacy Tasmania has written to Minister for Youth, Sport, Aged Care and Senior Australians, Senator the Hon. Richard Colbeck on behalf of more than 5,000 Tasmanians living in aged care asking for in-room phones which they claim are a "lifeline".
- (6) Agrees a critical part of tackling elder abuse is the ability to ask for assistance.
- (7) Calls on the Gutwein Government to work with Federal Minister Colbeck to ensure all Tasmanians in aged care had access to in-room phones. (15 September 2020)

341 Ms *O'Connor* to move—That the House:—

- (1) Acknowledges that 15 September 2020 was the International Day for Democracy.
- (2) Agrees that key to democratic societies is freedom of speech and expression, a central part of which is a free press.
- (3) Understands that:—
 - (a) Australian writer, Yang Hengjun, was taken by Chinese authorities in January 2019, and is still in detention without charge;
 - (b) Cheng Lei, Australian anchor for China's government-run English news channel CGTN, was detained in Beijing, with the Australian Government notified of her detention on 14 August 2020 without charge; and

NOTICES OF MOTION

- (c) The ABC's Bill Birtles and Tasmanian Mike Smith, from the Australian Financial Review, were forced to flee China on 8 September 2020 after a tense five-day diplomatic standoff.
- (4) Notes there are now no Australian journalists working for Australian media organisations in mainland China.
- (5) Further agrees with Federal Labor Leader, Hon. Anthony Albanese MP's comments on the ABC's Insiders program that the Chinese Communist Government was "quite clearly" intervening in Australia and "that requires a response by the Australian Government in the national interest".
- (6) Encourages Tasmanian Labor Members to take heed of their Federal Party Leader's comments and to remember their solemn obligation to stand up for democracy and human rights. (15 September 2020)
- 342** Ms O'Connor to move—That the House:—
- (1) Notes with disdain Tasmania has the weakest donation disclosure laws in the country and is the only State without a State-based legislative framework for donations.
- (2) Acknowledges the case was strongly made for electoral donations reform at the last State Election, when millions of dollars in donations went undisclosed.
- (3) Understand that lowering the threshold for political donations disclosure is critical to electoral reform.
- (4) Agrees that political donations must be disclosed in real time.
- (5) Recognises that to clean up democracy requires expenditure caps, bans on corporate donations and donations from foreign interests, and public funding for election campaigns as with every other Australian State, Territory and the Commonwealth.
- (6) Further notes, following wide public consultation, the Attorney-General, Hon. Elise Archer MP, received a report of the review of Tasmania's weak political donations framework in late 2019 and has not released it.
- (7) Calls on the Attorney-General to release the report publicly and prioritise electoral reforms ahead of the next State Election. (15 September 2020)
- 346** The Minister for Veterans' Affairs to move—That the House:—
- (1) Recognises that today is Battle of Britain Day, an annual day of remembrance for those who fought and died in the Battle of Britain, history's first entirely aerial campaign and a strategic turning point of the Second World War.
- (2) Notes that the Battle occurred over the United Kingdom between 10 July 1940 and 31 October 1940 between the air forces of Nazi Germany and the then British Empire and Commonwealth.
- (3) Further notes that Allied success in the Battle was pivotal in seeing the planned seaborne invasion of the United Kingdom by Hitler's Germany cancelled, allowing the British Isles to eventually become the springboard from which the invasion of occupied Europe was performed, leading to the liberation of millions under Nazi oppression.
- (4) Pays tribute to 'The Few', as Winston Churchill immortally named the fighter pilots fighting in the skies over Britain, for their service, courage and sacrifice, including more than thirty Australians, 14 of whom died in the Battle including Flight Lieutenant Stuart Walch, of Hobart, who attended the Hutchins School before joining the RAAF.
- (5) Acknowledges a memorial service commemorating the Battle held at St David's Cathedral on the weekend of 12-13 September 2020 and a wreath laying service at the Hobart Cenotaph with representatives from the Australian Defence Force, ex-service organisations and all levels of Government attending. (15 September 2020)
- 347** The Minister for Veterans' Affairs to move—That the House:—
- (1) Notes that 3 September 2020 was Australian National Flag Day, the annual day specifically dedicated to celebrating our national flag.
- (2) Further notes that Australian National Flag Day was officially established in 1996 by the proclamation of the former Governor-General Sir William Deane, AC, KBE, QC and celebrates the first time the flag was flown on 3 September 1901 over the dome of the Exhibition Building in Melbourne when then Prime Minister, the Rt. Hon. Sir Edmund Barton GCMG, KC announced the winners of a competition to design a flag for Australia.

NOTICES OF MOTION

- (3) Acknowledges the Australian National Flag as Australia's foremost national symbol and a unifying and powerful expression of Australian identity.
- (4) Further notes that Australian National Flag Day provides all Australians with an opportunity to reflect with pride and gratitude upon the achievements and qualities of this great nation since Federation.
- (5) Further acknowledges the sterling work of the Australian National Flag Association in promoting and protecting our national symbol, whose work locally is led by Mr Reg Watson.
- (6) Congratulates all individuals, community organisations, local authorities, businesses and schools across Tasmania that celebrated Australian National Flag Day by conducting flag-raising ceremonies and by flying or displaying the National Flag. (15 September 2020)

348 Ms *Standen* to move—That the House:—

- (1) Notes that we have an estimated 26,000 temporary visa holders residing in Tasmania, who are ineligible for Commonwealth income support.
- (2) Further notes that due to the coronavirus pandemic a significant number of temporary visa holders in Tasmania lost their jobs, and particularly young people and workers in tourism, retail and education sectors were disproportionately affected, experiencing hardship and income loss and in many cases have exhausted their savings.
- (3) Acknowledges on 22 April 2020 the Gutwein Liberal Government announced a COVID-19 support package for temporary visa holders experiencing financial hardship due to the coronavirus pandemic, including extending the eligibility for Pandemic Isolation Assistance Grants providing a one-off payment of \$250 per individual or up to \$1,000 per family.
- (4) Recognises that while this was a welcome contribution, one-off funding assistance provided at most one to two weeks' rent and food relief to eligible households.
- (5) Further notes the Premier, Hon. Peter Gutwein MP, promised up to \$3 million for his Government to work with industry sectors and employers to retain temporary visa holder employees because of their specialist skills so that we don't lose skilled workers.
- (6) Calls on the Liberal Government to report on how many temporary visa holder employees and households have been supported through these measures.
- (7) Further calls on the Liberal Government to urgently consult with stakeholders to understand what additional support is required by temporary workers and international students to ensure they do not fall through the gaps. (16 September 2020)

349 The Minister for Local Government to move—That the House:—

- (1) Acknowledge the critical role the Local Government sector plays in supporting our communities through local representation, service delivery and planning that supports jobs and development.
- (2) Recognises that Councils will play a key role supporting recovery from the COVID-19 pandemic at the local and regional levels.
- (3) Commends the Local Government sector for its proactive approach to rolling out local stimulus and relief measures to Tasmanian communities.
- (4) Notes financial hardship policies have been developed across many municipalities to provide further financial assistance to those who need it the most.
- (5) Commends Local Governments for bringing forward capital works projects, which in turn are providing opportunities for local businesses and employment opportunities for Tasmanians.
- (6) Further notes the Premier's Economic and Social Recovery Advisory Council has been engaging directly with the Local Government sector on council's current and future needs, as we move into the recovery phase. (17 September 2020)

350 Ms *Woodruff* to move—That the House:—

- (1) Welcomes the 'Rehabilitation & Reintegration Inspection Report: Inspection of Adult Custodial Services in Tasmania, 2018', tabled in Parliament on 16 September 2020.
- (2) Notes the report identifies and reinforces a wide range of significant issues in the State's corrections system, including but not limited to:—
 - (a) education programs being cut;
 - (b) prisoners receiving no assistance to prepare for release;

NOTICES OF MOTION

- (c) Foundation and Case Management Plans not being reviewed as per the Director's Standing Orders;
 - (d) the need for more training for Tasmanian Prison Service staff;
 - (e) inadequate resourcing to meet the needs of prisoners with disabilities;
 - (f) the lack of a drug and alcohol program for women prisoners;
 - (g) the need to increase prisoner employment; and
 - (h) health and safety concerns across industry, food, and other areas of prisons.
- (3) Acknowledges prisoners have basic rights that must always be met by the corrections system.
 - (4) Recognises that failure to deliver on support for prisoners increases the risk of reoffending, as highlighted by the Custodial-Inspector.
 - (5) Further notes the reclassification of Ron Barwick Prison from a minimum security to a medium security facility.
 - (6) Further recognises that 19% of the State's prisoners are Aboriginal Tasmanians, a rate four times higher than the non-Aboriginal population.
 - (7) Understands this rate of incarceration for Aboriginal Tasmanians is unacceptable, and reflects the ongoing injustice faced by the First People of lutruwita/Tasmania.
 - (8) Further understands the Liberal Government's approach to justice and crime is failing the community and is continuing to place huge strain on the State's corrections system. (17 September 2020)

352 Ms *O'Connor* to move—That the House:—

- (1) Recognises the Liberal Government's Expressions of Interest (EOI) process for developments in Parks is unprecedented in scale, and done without the input of Tasmanians.
- (2) Further recognises many of these developments will require a Reserve Activity Assessment (RAA) by the Parks and Wildlife Service.
- (3) Acknowledges the Resource Management and Planning Appeal Tribunal (RMPAT) concluded in relation to the Lake Malbena case that a project's compliance with a Management Plan cannot be appealed to RMPAT.
- (4) Understands this means for many EOI proposals, Environment Protection and Biodiversity Conservation (EPBC) assessments are the only appealable assessment for projects' compliance with management plans.
- (5) Further understands that the Parks and Wildlife Service recommended the proponents for Lake Malbena split the application in two in order to bypass EPBC assessments for key elements of the proposal.
- (6) Further recognises this is reflective of an executive culture in the Department of Primary Industries and Water (DPIPWE) focused on getting outcomes for developers, rather than fulfilling statutory and public obligations to protect wilderness and cultural values.
- (7) Agrees the RAA process is not a process in law, has no accountability, and without an avenue for appeal can be easily exploited to create a pre-engineered outcome for developments in protected areas.
- (8) Further agrees on the need for a proper statutory assessment process for developments in Park, which must include transparent application processes, community consultation, and the ability to appeal decisions in relation to Management Plan compliance. (22 September 2020)

353 Ms *Standen* to move—That the House:—

- (1) Agrees that food security is a basic human right - no Tasmanian should be without reliable access to affordable, nutritious food.
- (2) Commends the work of charities that even prior to COVID-19 were struggling to meet the rising need for food relief.
- (3) Notes with concern the Foodbank Hunger Report 2019 showed an 18% increase in Tasmanians seeking food assistance over the previous year 2018; and that 40% more food was required to meet demand.
- (4) Understands that cost of living is a key cause of food insecurity, especially for low income households, with many families going hungry due to an unexpected expense, cutting down or skipping meals or going a whole day without eating.

NOTICES OF MOTION

- (5) Recognises food relief providers have run out of Government funding, are over-extended and are dependent on support from donations and volunteers.
- (6) Further notes that when income support schemes are wound back, food relief providers are expecting to get all their old clients back in addition to those who have been new through the doors during COVID.
- (7) Calls on the Liberal Government to immediately allocate additional funding to meet the need for food relief and implement long-term funding agreements to provide for this essential service. (22 September 2020)

354 Dr *Woodruff* to move—That the House:—

- (1) Acknowledges freedom of expression in the Arts is central to a healthy, vibrant democracy.
- (2) Understands the filmmaker of 'Wild Things' is a Screen Tasmania grant recipient.
- (3) Notes that 'Wild Things' captures the experiences of young environmentalists and climate strikers, fighting for the future of human survival in a time of climate emergency.
- (4) Further notes with concern that the Honourable Member for Braddon, Dr Broad MP, would prefer the heavy hand of a government censor to intervene in artist's grant applications.
- (5) Recognises that Dr Broad's comments are extremely concerning from someone who presents himself as an alternative minister.
- (6) Further acknowledges that unlike Dr Broad and Labor, the Greens will always stand with the arts community and defend their right to freedom of expression, along with the climate strikers and environment protesters fighting for the future.
- (7) Calls on the Government to maintain the independence of Screen Tasmania and its grant decisions. (22 September 2020)

355 Dr *Woodruff* to move—That the House:—

- (1) Acknowledges the large gathering of people who attended the East Coast Alliance's AGM for 2020 in Swansea.
- (2) Understands that, despite the strictures of the COVID-19 pandemic, that has seen many groups contract, this thriving community group has had an increase in members, donations, and social media engagement.
- (3) Recognises the East Coast Alliance was born from the fight to stop the mega Cambria Green takeover of farmland, lifestyle, cultural heritage and environment.
- (4) Further recognises the Alliance is getting bigger, stronger and wiser and will not give up in the fight to defend their community.
- (5) Calls on the Government to commit to not declaring the Cambria Green development a Major Project. (22 September 2020)

357 Dr *Broad* to move—That the House:—

- (1) Notes that the Minister for the Arts, Hon. Elise Archer MP, signed off on funding for the 'Wild Things' documentary.
- (2) Further notes that the 'Wild Things' documentary promotes protesting in Tasmanian forests including footage of tree sits and individuals locking onto forestry equipment.
- (3) Further notes the Minister for Resources, Hon. Guy Barnett MP, questioned the funding for the 'Wild Things' documentary for promoting illegal activities in Tasmanian forests and called for an investigation into decision making in his Ministerial colleague Elise Archer's portfolio.
- (4) Further notes that Liberal Government support for the 'Wild Things' documentary has been widely condemned by the forestry industry.
- (5) Further notes that the Liberal Government support for the 'Wild Things' documentary has been welcomed by the Greens Party.

- (1) Notes that 28 September 2020 is International Safe Abortion Day.
- (2) Recognises Tasmanian women are entitled to full access to reproductive health services.
- (3) Further notes that international research has found that jurisdictions where terminations are difficult to access are associated with higher maternal mortality and unsafe abortion rates, and barriers to abortion access in Australia particularly affect young women, rural women and women of low socio economic status.
- (4) Further notes that regional access and cost remain significant barriers to access in Tasmania.
- (5) Further notes that the Government committed in the Parliament to facilitating a standalone facility that would be operational by November 2018.
- (6) Further notes that the aforementioned facility is still not available.
- (7) Further notes that Tasmania's response to termination access should not be based on the good will of a handful of doctors.
- (8) Calls upon the Minister for Health, Hon. Sarah Courtney MP, to act immediately to ensure women are not forced to leave the State to access surgical termination or required to access financial assistance in order to afford a termination.
- (9) Further calls upon the Minister for Health to provide State-wide access to terminations in the public hospital system, under all circumstances in which terminations are permitted by law, in accordance with Clause 4 and 5 of the Reproductive Health (Access to Terminations) Act 2013.

367 Ms *White* to move—That the House:—

- (1) Expresses concern at reports that at-risk Tasmanian children in the Brahminy program in the Northern Territory have been mistreated.
- (2) Recognises the allegations have been raised by former participants in the program, as well as the families of current participants who want their children to be brought home.
- (3) Notes allegations that Allan Brahminy is not who he claims to be, including evidence that he concocted a story about being abandoned as a child and adopted by an Aboriginal family.
- (4) Calls on the Liberal Government to bring the children home from Brahminy immediately. (13 October 2020)

369 Dr *Broad* to move—That the House:—

- (1) Notes the Minister for Primary Industries and Water, Hon. Guy Barnett MP failed to protect the \$400m Tasmanian potato industry by approving imports from South Australia without consultation with the industry.
- (2) Further notes that Minister Barnett's own review revealed that the original decision did not adequately reduce the risks of the Tasmanian industry being devastated by mutated strains of Potato Virus Y.
- (3) Further notes that Minister Barnett's own review revealed that the original import decision did not require South Australian potatoes to be grown from disease free certified seed.
- (4) Further notes that Minister Barnett's own review highlighted that the potato Import Risk Assessment was out of date.
- (5) Further notes that despite Minister Barnett defending the original decision his own review highlighted flaws in the import approval leading to a further review of the program audit and verification process.

NOTICES OF MOTION

- (6) Further notes that labelling imported potato packages with a “do not plant” notice is not going to eliminate disease risk though planting or disposal of South Australian potatoes.
- (7) Condemns the Minister for Primary Industries and Water for not putting Tasmanian potato growers first. (13 October 2020)

370 Ms *Standen* to move—That the House:—

- (1) Notes that Anti-Poverty Week is being held 11-17 October 2020 supporting:—

 - (b) adequate income support through the 'Raise the Rate' campaign.

- (3) Recognises according to Foodbank’s Hunger Report 2020 demand for food relief has doubled from 15% to 31% of Australians experiencing food insecurity seeking food relief at least once a week.
- (4) Further acknowledges short-term stimulus funding for food relief in Tasmania has been exhausted.
- (5) Further notes there is a maintenance backlog in Tasmanian social housing estimated at \$60 million and that every dollar invested in building houses or repairing houses returns \$3 in the economy.
- (6) Condemns the Morrison Federal Government for failing to invest in adequate income support or social housing in its Federal Budget on 6 October 2020, missing an opportunity to tackle poverty, homelessness and housing affordability while creating and supporting jobs in building and construction.
- (7) Calls on the Gutwein Liberal Government to:—
 - (a) provide long-term funding security for food relief;
 - (b) set a target of 10% of all dwellings to be social and affordable housing; and

371 Ms *Standen* to move—That the House:—

- (1) Notes that World Homelessness Day on 10 October 2020 raised awareness globally and locally, and was a reminder that too many people are struggling to put a roof over their heads.
- (2) Recognises service providers are relying on outdated official data; Census 2016 showed that homelessness impacts more than 1,600 Tasmanians on any given night, especially young people and older women, and is not confined to our larger cities, with at least half the homeless population living in regional and rural areas.
- (3) Further notes that the most recent service usage data suggests homelessness is not only getting worse in Tasmania may have doubled since 2016 and shows there are 31 requests to shelters every day that go unassisted.
- (4) Agrees that housing ends homelessness, but the housing waitlist has increased 64% since the Liberal Government took office.
- (5) Further notes that in this term the Government has provided only short-term responses to address homelessness without a long-term plan.
- (6) Calls on the Liberal Government to:—
 - (a) adopt the recommendations of the Housing Affordability Select Committee report;
 - (b) provide long-term funding security for the Safe Night Space program to continue operations beyond end 2020;

NOTICES OF MOTION

- (1) Serious allegations have been raised about the mistreatment of children in the Many Colours 1 Direction program in the Northern Territory.
- (2) The Minister for Human Services, Hon. Roger Jaensch MP's refusal to bring Tasmanian children in the program home, despite unresolved concerns about the treatment of children and the identity of the program's founder, Allan Brahminy.
- (3) The Minister said in a radio interview on 2 October 2020 that allegations Allan Brahminy concocted his identity and indigenous background would not form part of the investigation.
- (4) The Minister has repeatedly assured this Parliament and the people of Tasmania that children in the Brahminy program are safe and are being successfully rehabilitated.
- (5) Video evidence has emerged which shows a participant in the program allegedly speeding in a stolen vehicle, risking the safety of themselves and members of the public.
- (6) The Minister would have known, or ought to have known about this incident when he claimed children in the program were safe.
- (7) The Minister has actively played down concerns about the safety of the children in the program, including describing the disturbing incident of a child stealing a vehicle and speeding through a community area as "more of a joyride."
- (8) The Minister has repeatedly misled the Parliament and is unfit to be a Minister of the Crown. (14 October 2020)

- (4) Acknowledges that the theme for Veterans' Health Week in 2020 is social connection—a reflection of the impact that COVID-19 has had on our community during 2020.
- (5) Further acknowledges support provided by the Tasmanian Liberal Government to Tasmania's more than 10,500 veterans and ex-serving personnel which includes more than \$750,000 in additional funding over three years.
- (6) Further notes that this support includes a \$225,000 Veterans Active Recreation Program, \$100,000 commitment to a Veterans Retreat in Tasmania's Central Highlands and \$60,000 support towards a feasibility study into a potential veterans wellbeing centre in Tasmania.
