**Subject:** Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee,

As a GP I can see almost every day in my work the damage that poker machines do. Damage not only to the adult gambler but to their relatives and children. There is no positive – no up side- the money that you raise in taxes cannot recompense for all the misery caused. Please reduce the number of machines, removing them altogether is too much to hope for but keeping them in the casino only might be possible?

Yours sincerely, Diane Hopper
