Subject: Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee, Poker machines are just a poor excuse for money gathering from the community often from the most marginalised of our community and THEIR FAMILIES bear the brunt of this addiction which is condoned by your government . What is the use of having a whole plethora of community social services if our own government sits by and encourages gambling in pubs . Casinos should be the only place where poker machines are used .With appreciation for a more healthy community in the future , Yours sincerely, Catherine Foley Burke
