Re: Bullying and school communities

Dear Committee Secretary,

I am well aware of the bullying that can occur in school communities. I am thankful that my own son was in a Christian community and the response of the school was to deal with the issue with care and compassion in a Biblical framework that allowed the boys to experience consequences and forgiveness. It took time but their relationship was restored and in later years could even be said to be a friendship. I am asking the Committee to ensure that Christian schools can continue to provide the caring, nurturing environment that I have chosen for my son

Sincerely,

Mrs. Natalie Polis
