

Young Girls Participation in Sport – Overcoming Barriers

Mr VERMEY question to MINISTER for SPORT

Prior to the recent election, Active Tasmania commenced development of a women and girls' strategy for sports and active recreation. In my discussions at recent community sporting events I've attended, young girls in my electorate have seen this as an exciting opportunity to improve participation and access for women and girls in all aspects of sport and active recreation. As you know, young girls continue to face barriers in participation. Minister, what is your status on this strategy and what is your timeline?
