Notices of Motion

- 142** The Minister for Primary Industries and Water to move—That the House:—
- (1) Notes that at the 2018 State Election, the Hodgman Liberal Government committed \$20,000 to the Brighton Bowls & Community Club for equipment as part of their major refurbishment.
 - (2) Further notes that this commitment has been delivered with the Club, established 1976, securing furniture and equipment to complement recent major renovations undertaken at the Club that include a brand new 120 seat club house, a large commercial kitchen and fully stocked bar, indoor bowls arena, board room, barbeque area, and two 8 rink greens.
 - (3) Recognises the invaluable facility that the Club provides for the local community where people can gather and enjoy social bowls, club bowls, events and functions.
 - (4) Congratulates President Doug Holloway and his hardworking team including Secretary Judy Holloway, and board member Keith Roberts, on their leadership and support of this terrific facility.
 - (5) Encourages everyone living in the Brighton area, or even just passing through, to visit this fantastic Club. (7 August 2019)
- 143** The Minister for Police and Emergency Management to move—That the House:—
- (1) Congratulates the Police Association of Tasmania on their work in raising the profile of the conversation we must have around mental health for first responders.
 - (2) Notes that the Hodgman Liberal Government is the strongest supporter of Tasmania Police and all of our emergency services workers.
 - (3) Acknowledges that our first responders are exposed to stressful situations, which is why the Government has committed \$1.5 million per annum for four years for a proactive and preventative Health and Wellbeing program that supports both the physical and mental health of our emergency services personnel.
 - (4) Further notes that the Wellbeing Program delivers a mix of proactive and preventative measures to detect and respond early to health and wellbeing risks that may impact the ability of our people to perform at their optimal level.
 - (5) Recognises that Tasmania has removed barriers for our emergency services workers that succumb to Post-Traumatic Stress Disorder (PTSD) by becoming the first jurisdiction in Australia to legislate a presumptive provision for workers compensation claims in the public service arising from diagnosed PTSD.
 - (6) Further notes that the Hodgman Liberal Government has moved to remove step-down provisions that apply to Police Officers, ensuring Police Officers continue to receive 100% of their pay while on workers compensation payments.
 - (7) Further recognises Tasmania's fantastic emergency services personnel who act with diligence and bravery and who do an incredible job in the face of extreme and challenging circumstances. (7 August 2019)
- 145** Ms O'Connor to move—That the House:—

NOTICES OF MOTION AND ORDERS

- (1) Acknowledges with deep sadness that a catastrophic combination of heat, drought, storms, forest fires, beetle plagues and a fungi blight have so far in 2019 destroyed swathes of German forest equivalent to more than 200,000 football fields.
- (2) Understands that the warming global climate and climate related weather events are responsible for the loss of the German forests and the Arctic forests, which are currently ablaze.
- (3) Notes the German Opposition Greens are calling for a return to primeval forests – woods left to their own devices, after researchers at Zurich’s Technical University calculated that there was room on the planet for a third more forests than at present without encroaching on urban or agricultural spaces.
- (4) Recognises that we are in a climate emergency and that the planet’s biodiversity is under threat.
- (5) Further understands in a time of extinction crisis and extreme global heating, forest protection must be prioritised as a matter of urgency.
- (6) Calls on the Hodgman Government to protect the 356,000ha of high conservation value forests set aside under the Tasmanian Forests Agreement and end native forest logging to ensure we keep Tasmania’s vast carbon stores in the ground as part of our contribution to mitigate global heating. (8 August 2019)

146 The Minister for Primary Industries and Water to move—That the House:—

- (1) Notes that at the 2018 State Election, the Hodgman Liberal Government committed \$30,000 to the Bagdad Community Club to replace electrical wiring and the floor.
- (2) Further notes that this commitment has been delivered, enabling the Bagdad Community Club to continue its great work in catering for a wide range of needs and activities as well as facilities for community events like bingo and local fundraisers.
- (3) Further notes that the Club also hosts a variety of community organisations in the region including the Online Access Centre, Historical Society, Music Hall and Ladies Friendship Group.
- (4) Congratulates the Club on their initiative and support of their local community. (8 August 2019)

147 The Minister for Infrastructure and Transport to move—That the House:—

- (1) Supports taking decisive action to reduce traffic congestion in Greater Hobart with an Incident Response Team of dedicated tow trucks at strategic location on the State Roads Network.
- (2) Further supports improvements to clearway management and tow-away zones to assist in the efficient movement of vehicles through the Hobart CBD.
- (3) Notes that a mix of infrastructure, public transport and traffic management solutions are required to make meaningful reductions in peak time congestion.
- (4) Welcomes the investment of \$1 million in the 2019 Budget to allow investigations to commence on alternative traffic routes through or around Hobart’s CBD, potentially including elevated roads, tunnels or both.
- (5) Further supports the Government’s work to analyse these infrastructure options to inform longer term investment opportunities. (8 August 2019)

12 Battery of the Nation: Adjourned Debate on the Question proposed on Wednesday, 31 July 2019 by Mrs *Rylah*—That the House:—

- (1) Notes Tasmania has the renewable and dispatchable energy the rest of the nation needs, and the Hodgman Liberal Government is committed to using this advantage to ensure all Tasmanians benefit.
- (2) Records this Governments continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.
- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.
- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs *Rylah*)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:—" and inserting instead:

- “(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.

NOTICES OF MOTION AND ORDERS

- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio.” (Next Speaker: Minister for Energy)

13 Minimum Mandatory Sentences: Adjourned Debate on the Question proposed on Wednesday, 7 August 2019 by Mr *Tucker*—That the House:—

- (1) Acknowledges the dedicated work that is being done every day in the community and housing sectors to support Tasmanians experiencing homelessness or who are at risk of homelessness.
- (2) Further acknowledges that homelessness is often linked to other challenges such as mental illness, and the Tasmanian Government is focusing on the integration of mental health services to provide more holistic support and greater independence for clients.
- (3) Further acknowledges that Tasmania’s Affordable Housing Strategy is responding to the current challenges in the housing market by boosting supply across a spectrum of needs.
- (4) Further acknowledges that the Affordable Housing Action Plan Stage 2 and the additional investment in funding is another positive step towards continuing this momentum.
- (5) Recognises that all levels of government have a role to play in addressing the supply and demand in our housing market.
- (6) Call on all Members to work together to put the needs of Tasmanians above political point scoring. (Next Speaker: Minister for Housing)
