119 Mrs Rylah to move—That the House:—

- (1) Recognises the Australian Bureau of Statistics (ABS) data released recently, confirms that, under the Hodgman Liberal Government, Tasmania is the strongest State in the nation for the annual growth of dwelling approvals.

- (4) Further notes the Scorecard and today's building approvals data both demonstrate that this Government's policies are encouraging more Tasmanians to build a home, are working.
- (5) Further notes that Tasmania was also the only jurisdiction to record growth in the value of building jobs for 2018/19, with more than \$1.7 billion approved across the year – over 11 percent higher than 2018.

- (4) Further notes that the intent of the legislation is to fast track the rezoning process only and that any subsequent development would be subject to any normal planning process.
- (5) Supports the re-zoning of government land for the purposes of increasing the supply of affordable homes for Tasmanians. (31 July 2019)

121 The Minister for Human Services to move—That the House:—

- (1) Acknowledges the Tasmanian Government's commitment to a comprehensive reform of child safety services to ensure children, young peoples and their carers get the help they need at the earliest opportunity.

NOTICES OF MOTION AND ORDERS

- (2) Notes that this investment is aimed directly at supporting front line workers, improving the safety of children and young people, increasing appropriate support for families and intervening earlier with families in need.
- (3) Further notes that early data indicates that the 'Strong Families Safe Kids, Advice and Referral Line' is already seeing a reduction in overall notifications because it concentrates on providing more support to families at the beginning.
- (4) Further acknowledges that by giving families and carers the support they need earlier, children are less likely to be removed from their families. (31 July 2019)

- (4) Further notes that Specialist Homelessness Services (SHS) in Tasmania provide immediate emergency accommodation (including shelters), supervised accommodation and placement support services for young people and transitional support services for people experiencing homelessness to (re)establish themselves in independent living. These services also provide information and advice, advocacy and financial supports.
- (5) Further notes that:—
 - (a) in 2017-18, an estimated 6,508 Tasmanians received support from an SHS; of these, 41% were alone, while 37% were parent(s) with children; and
 - (b) in 2017-18, the rate of unmet need (when a person at risk of or experiencing homelessness asks for assistance and it cannot be provided) for short-term or emergency accommodation was 28 per day (10,336 for the financial year); of these, 42% of unassisted requests were from people under 25 and 37% of unassisted requests involve parent(s) with children. (1 August 2019)

123 Ms *Standen* to move—That the House:—

- (1) Recognises that the data from the 2016 census shows that the total number of people experiencing homelessness in Tasmania was 1,622.
- (2) Further recognises that Specialist Homeless Services (SHS) are stretched beyond capacity and are forced to turn away thousands of people requesting short-term or emergency accommodation.
- (3) Notes that the Minister for Housing, Hon. Roger Jaensch MP:—
 - (a) promised a workplan to detail the Government's emergency support for homelessness assistance on 14 June 2019;
 - (b) announced funding of \$5 million to address homelessness on 21 June 2019; and
 - (c) more than 6 weeks later, announced emergency accommodation support in Hobart on 30 July 2019 without releasing a workplan for delivering additional assistance.
- (4) Condemns the Minister for Housing, Hon. Roger Jaensch MP for:—
 - (a) his complete lack of urgency and transparency in responding to the homelessness emergency;

- (d) increase recurrent funding to SHS providers to provide ‘wrap around’ services; and
- (e) release a workplan outlining the details of the \$5 million package, including deliverables, timeframe and budget allocation. (1 August 2019)

124 Ms *Butler* to move—That the House:—

- (1) Recognises that dangerous combustible cladding has been identified on 43 Tasmanian buildings.
- (2) Acknowledges that 42 out of 43 buildings were re-assessed and classified as being in a low-risk category according to the audit criteria.
- (3) Notes that in regards to the use of ACP there is no such thing as a low risk or high risk it is simply risk.
- (4) Further notes that the Minister for Building and Construction, Hon. Elise Archer MP has been aware of the significant risk combustible cladding represents to the public since 2014.
- (5) Further recognises that the Government's inaction has led to instability in the Tasmanian Building and Construction industry.
- (6) Call upon the Minister, in the interest of public safety to table the list of 43 buildings with combustible cladding as a matter of urgency.
- (7) Further notes the 2017 Senate inquiry into aluminium composite cladding and non-conforming building products recommended a ban on the use and importation of combustible cladding.
- (8) Further calls on the Tasmanian Government to implement a total ban on the importation, sale and use of Polyethylene core aluminium composite panels as a matter of urgency.
- (9) Further calls on the Tasmanian Government to undertake a program of product substitution and replacement of all Polyethylene core aluminium composite panels in Tasmania. (1 August 2019)

- (2) Records this Governments continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.

NOTICES OF MOTION AND ORDERS

- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.
- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs Rylah)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- "(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio." (Next Speaker: Minister for Energy)
