## Notices of Motion

**223** Ms Standen to move—That the House:—

- (1) Congratulates the Salvation Army and Hobart City Mission on their joint initiative – the Safe Night Space Pilot Program – to provide basic, overnight shelter to 'rough sleepers' in the City of Hobart.
- (2) Notes the partners were hoping the pilot would officially open in Hobart in September 2019 and run for 6 months.
- (3) Recognises that the proposal states that 'With the housing crisis in Hobart reaching unprecedented levels the number of people sleeping rough has gone well beyond an unacceptable' level and that 'overnight outreach services during winter, are not adequate to respond to people who are sleeping rough in the City of Hobart'.
- (4) Further notes that the social housing system is blocked, the proposal describes a 'service merry-go-round' with a 'revolving door effect' meaning that 50% of those households who receive assistance leave the homelessness assistance sector permanently'.
- (5) Further notes that the Safe Night Space requires a budget of \$450,000 to employ appropriately qualified staff and manage the program for 6 months of operation including a contribution from State Government, donations sought from the community, funds from the partner organisations as well as in-kind support from organisations and agencies.
- (6) Condemns the Minister for Housing, Hon. Roger Jaensch MP for his lack of urgency in responding to the proposal despite failing to produce a work plan or budget allocation for the Government's \$5M emergency response to address homelessness announced mid-2019.
- (7) Calls on the State Government to guarantee funding assistance for the Safe Night Space Pilot Program. (31 October 2019)

- (4) Further notes the Hodgman Liberal Government is on target to grow the annual farm gate value of the agricultural sector to \$10 million by 2050, with Tasmania's agricultural production increasing in value in 2017-18 to \$1.60 billion, an increase of 9.1 percent. (31 October 2019)

**230** Mr *Tucker* to move—That the House:—

- (1) Acknowledges that the Hodgman majority Liberal Government has a long-term plan to keep our economy strong and this includes investing in infrastructure at record levels in the 2019-20 State Budget.
- (2) Notes that, Government infrastructure spending as a proportion of total expenditure has almost doubled from around 7 per cent in 2014 to almost 12 per cent in the 2018-19 financial year.
- (3) Recognises that that actual infrastructure spending by the Hodgman Liberal Government was a massive 230 per cent higher in 2018-19, than it was just six years earlier in the last full year of the previous Government.
- (4) Further acknowledges that the Government is getting on with the job of delivering this strong infrastructure investment plan. (12 November 2019)

**231** Mr *Tucker* to move—That the House:—

- (1) Acknowledges that Tasmania is well-prepared for the upcoming bushfire season.
- (2) Recognises that a crucial element of this bushfire preparedness is an appropriately funded fuel reduction strategy, such as the Hodgman majority Liberal Government's \$55 million Strategic Fuel Reduction program, which has reduced relative bushfire risk across Tasmania.
- (3) Notes that, in 2011, the Labor-Green Government cabinet deferred a decision on a considerably expanded burning program, which left Tasmania with no strategic fuel management plan.
- (4) Further recognises that by not acting back then, Labor and the Greens allowed fuel loads across Tasmania to increase, thereby allowed bushfire risk to increase. (12 November 2019)

**232** Mrs *Rylah* to move—That the House:—

- (1) Recognises the significance of the recent visit of two of China's icebreakers, 'Xue Long' and 'Xue Long 2' to Hobart, as it cements Tasmania's status as the world's leading Antarctic gateway for both sea and air.
- (2) Acknowledges our State has a unique competitive advantage due to proximity to Antarctica and the Hodgman Liberal Government is capitalising on this to grow the value of this important sector.

## NOTICES OF MOTION AND ORDERS

- (3) Notes our Antarctic sector currently employs more than 850 Tasmanians and value adds an enormous \$186 million into the Tasmanian economy each year.
- (4) Further recognises international icebreaker port calls can each inject up to \$1 million into our economy, and importantly reinforces our place as a global Antarctic gateway.
- (5) Further notes Tasmania's growing reputation as a port call for the Antarctic exploration sector also supports an array of international scientific partnerships and attracts hundreds expeditioners from across the globe.
- (6) Further recognises Tasmanian small businesses are providing a wide range of goods and services to visiting Antarctic vessels, including local shipping agents, providores, welders and engineering firms.
- (7) Congratulates the Hodgman Liberal Government for their commitment to ensure Antarctic collaborations continue to grow, create more jobs and benefits our economy by supporting the Tasmanian Polar Network, the Integrated Marine Observing System and the Southern Ocean Observing System, the Commission for the Conservation of Antarctic Marine Living Resources. (12 November 2019)

### **233** Mrs Rylah to move—That the House:—

- (1) Acknowledges that Labor's political games help no one.
- (2) Recognises the Honourable Member for Franklin, Mr O'Byrne's continual disingenuous and tacky political point scoring attempts should be called out for what they are.
- (3) Understands that while the Labor Party continues whingeing, the Hodgman Liberal Government is focused on delivering our long term plan and it is working.
- (4) Further recognises Tasmania's economy is surging ahead and continues to go from strength to strength, with CommSec's State of the States Report, ranking Tasmania's economy second in the Nation.
- (5) Further acknowledges that under the former failed Economic Development Minister, Mr O'Byrne, and his Labor comrades, Tasmania was ranked dead last on all eight measures in CommSec's State of the States Report.
- (6) Notes that under Mr O'Byrne's economic management two thirds of Tasmanian businesses thought the Government was working against them, and 10,000 jobs were lost. As a result, Tasmanians left the State in droves.
- (7) Further recognises the Labor-Green Opposition clearly cannot be trusted to manage the Tasmanian economy or the State Budget.
- (8) Further understands our plan is working to grow the economy, create jobs, invest in essential services, keep Tasmanians safe and protect our way of life.
- (9) Condemns Labor for having no policies of their own, no economic plan they can point to, and their repeated demonstrated inability to say what they would do differently. (12 November 2019)

### **234** Mrs Rylah to move—That the House:—

- (1) Notes the Hodgman Liberal Government recently released findings from feedback on the Bass Highway, Wynyard to Marrawah Corridor Strategy.
- (2) Recognises the release of the report is a milestone in the project, with \$35.72 million to be spent on North West roads including the Bass highway west of Wynyard.
- (3) Understands the feedback stressed the importance of future proofing the highway to support both business and tourism growth and to make it suitable for a mix of heavy vehicles, cars, cyclists and pedestrians.
- (4) Highlights a total of 239 pieces of feedback or comments were received which will provide local knowledge and insight into the planning and prioritising of upgrades, maintenance and road design.
- (5) Considers the report highlighted road shoulder and widening, improvements to intersections, road alignment, line marking, signage, management of hazards such as overgrown vegetation, lighting and drainage, and provision of overtaking opportunities as suggested priorities.
- (6) Acknowledges these important projects will make the highway a safer and more pleasant drive for the many locals and tourists as well as deliver freight efficiencies for this important freight corridor.

## NOTICES OF MOTION AND ORDERS

- (7) Congratulates the Hodgman Liberal Government on their commitment record investment to the planned upgrades and the Corridor Strategy will be released later in 2019 with a timeframe for delivery. (12 November 2019)

**235** Ms O'Byrne to move—That the House:—

- (1) Notes with concern reports that over the third weekend in October 2019, 12 admitted patients at the Launceston General Hospital (LGH) were waiting in the Emergency Department for longer than 24 hours, with four of those patients waiting longer than two days, and one patient forced to wait 16 hours in an ambulance.
- (2) Further notes that the Tasmanian Health Service Annual Report shows that only 56.6% of patients at the LGH experienced an Emergency Department stay of less than four hours, drastically short of the Service Plan target of not less than 90% of patients.
- (3) Further notes with concern the Auditor-General's finding that the rate of adverse events in the Emergency Department at the LGH increased significantly between 2015 and 2018.
- (4) Further notes that the Auditor-General's Report into the performance of Tasmania's four major hospitals in the delivery of Emergency Department services found that LGH spent 70% of the time between 29 June 2018 and 24 January 2019 at the highest possible level of escalation and in a state of almost constant gridlock.
- (5) Heeds the calls of nurses and doctors, through the Australian Nursing and Midwifery Federation (ANMF), the Health and Community Services Union (HACSU), and the LGH Staff Association for the introduction of a fourth level in the LGH escalation policy, a response that was implemented at the Royal Hobart Hospital.
- (6) Calls on the Minister for Health, Hon Sarah Courtney MP, to commit to a review of the LGH escalation policy, including the manner in which a fourth escalation level will be introduced, in consultation with the ANMF, HACSU and the LGH Staff Association. (12 November 2019)

**236** Ms Woodruff to move—That the House:—

- (1) Acknowledges the bushfire season has started early and ferociously in eastern Australia, with homes having already been threatened in Tasmania, and massive fires causing widespread devastation in New South Wales and Queensland.
- (2) Understands the likelihood of ongoing bushfire emergencies in mainland Australia, meaning Tasmania may not be able to depend on the assistance of resources from interstate if we face a large event of our own.
- (3) Recognises the Government was provided with nine important recommendations by an independent review conducted by AFAC after the 2018 bushfires.
- (4) Calls on the Minister for Police, Fire and Emergency Services, Hon. Mark Shelton MP, to lay before the House, by 14 November, 2019:—
  - (a) all information related to the completed implementation of Recommendations 4 and 6 of the AFAC review; and
  - (b) all information related to the progress of implementing Recommendations 1, 5, and 8 of the AFAC review, along with a timeline for completion of these recommendations.
- (5) Calls on the Minister for Police, Fire and Emergency Services, Hon Mark Shelton MP, to lay before the House detailed strategies outlining the plan and resourcing for implementing Recommendations 2, 3, 7, and 9 of the AFAC review, no later than the first sitting week of the 2020 Parliamentary session. (12 November 2019)

**237** Ms Woodruff to move—That the House:—

- (1) Supports the findings of the New South Wales Deputy State Coroner, Harriet Grahame, in the joint inquest into deaths arising at music festivals.
- (2) Agrees that substantial evidence, endorsed by the medical fraternity, shows pill testing at festivals improves safety, and high visibility policing at festivals puts lives at risk.
- (3) Accepts that Pill Testing will save lives.
- (4) Calls on the Minister for Health, Hon. Sarah Courtney MP and Minister for Police, Fire and Emergency Management, Hon. Mark Shelton MP, to work together to

## NOTICES OF MOTION AND ORDERS

**4** 2019 Federal Election: Adjourned Debate on the Question proposed on Wednesday, 22 May 2019 by Mr *Shelton*—That the House:—

- (2) Records this Governments continuing drive for the development of the Battery of the Nation and the crucial second interconnector, the Marinus project, which have the potential to inject up to \$5 billion into the Tasmanian economy and deliver 2,000 jobs, particularly into regional areas.
- (3) Further notes that the development stage of the first phase of the Battery of the Nation carries the commitment of the Federal Government through the Federal Underwriting New Generation Investment program.
- (4) Further notes that support by both the Hodgman Liberal Government and the Federal Government, gives UPC Renewables and AC energy, more confidence to develop their Robbins Island and Jims Plain wind and solar parks.
- (5) Recognises that Tasmania has a world-class wind resource complemented by our pumped hydro that means there will always be some electricity available for export when the mainland is experiencing low wind or high demand.
- (6) Acknowledges that the Australian Government clearly recognises the importance of Tasmania's energy solutions and our status as the leading energy state.
- (7) Commends the Hodgman Liberal Government for its strong commitment to making use of the natural resources available to the State while at the same time ensuring all Tasmanians will have access to low cost, reliable and clean energy in their homes and businesses. (Mrs *Rylah*)

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:—" and inserting instead:

- “(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.

## NOTICES OF MOTION AND ORDERS

- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio.” (Next Speaker: Minister for Energy)

- (2) Further acknowledges that homelessness is often linked to other challenges such as mental illness, and the Tasmanian Government is focusing on the integration of mental health services to provide more holistic support and greater independence for clients.
- (3) Further acknowledges that Tasmania’s Affordable Housing Strategy is responding to the current challenges in the housing market by boosting supply across a spectrum of needs.
- (4) Further acknowledges that the Affordable Housing Action Plan Stage 2 and the additional investment in funding is another positive step towards continuing this momentum.
- (5) Recognises that all levels of government have a role to play in addressing the supply and demand in our housing market.
- (6) Call on all Members to work together to put the needs of Tasmanians above political point scoring. (Next Speaker: Minister for Housing)

- (2) Notes that, at the State election in March 2018, Tasmanians saw the progress that had been made in delivering our plan, across our State, in four years under a majority Liberal Government, and they supported it again.
- (3) Recognises that a vital part of the plan was to first and foremost, restore business confidence and strengthen our economy.
- (4) Further notes that Tasmania’s businesses are now measured as the most confident in the nation, that Tasmania has the best business conditions in the nation and that Tasmanian small businesses are the powerhouse of our economy.
