Notices of Motion

- 145** Ms O'Connor to move—That the House:—
- (1) Acknowledges with deep sadness that a catastrophic combination of heat, drought, storms, forest fires, beetle plagues and a fungi blight have so far in 2019 destroyed swathes of German forest equivalent to more than 200,000 football fields.
 - (2) Understands that the warming global climate and climate related weather events are responsible for the loss of the German forests and the Arctic forests, which are currently ablaze.
 - (3) Notes the German Opposition Greens are calling for a return to primeval forests – woods left to their own devices, after researchers at Zurich's Technical University calculated that there was room on the planet for a third more forests than at present without encroaching on urban or agricultural spaces.
 - (4) Recognises that we are in a climate emergency and that the planet's biodiversity is under threat.
 - (5) Further understands in a time of extinction crisis and extreme global heating, forest protection must be prioritised as a matter of urgency.
 - (6) Calls on the Hodgman Government to protect the 356,000ha of high conservation value forests set aside under the Tasmanian Forests Agreement and end native forest logging to ensure we keep Tasmania's vast carbon stores in the ground as part of our contribution to mitigate global heating. (8 August 2019)
- 146** The Minister for Primary Industries and Water to move—That the House:—
- (1) Notes that at the 2018 State Election, the Hodgman Liberal Government committed \$30,000 to the Bagdad Community Club to replace electrical wiring and the floor.
 - (2) Further notes that this commitment has been delivered, enabling the Bagdad Community Club to continue its great work in catering for a wide range of needs and activities as well as facilities for community events like bingo and local fundraisers.
 - (3) Further notes that the Club also hosts a variety of community organisations in the region including the Online Access Centre, Historical Society, Music Hall and Ladies Friendship Group.
 - (4) Congratulates the Club on their initiative and support of their local community. (8 August 2019)
- 147** The Minister for Infrastructure and Transport to move—That the House:—
- (1) Supports taking decisive action to reduce traffic congestion in Greater Hobart with an Incident Response Team of dedicated tow trucks at strategic location on the State Roads Network.
 - (2) Further supports improvements to clearway management and tow-away zones to assist in the efficient movement of vehicles through the Hobart CBD.

NOTICES OF MOTION AND ORDERS

- (3) Notes that a mix of infrastructure, public transport and traffic management solutions are required to make meaningful reductions in peak time congestion.
- (4) Welcomes the investment of \$1 million in the 2019 Budget to allow investigations to commence on alternative traffic routes through or around Hobart's CBD, potentially including elevated roads, tunnels or both.
- (5) Further supports the Government's work to analyse these infrastructure options to inform longer term investment opportunities. (8 August 2019)

148 Ms O'Connor to move—That the House:—

- (1) Notes with admiration the struggle of young people in Hong Kong for a more free future and recognises their legitimate fear of Chinese Government control.
- (2) Agrees the Chinese Government is an oppressive regime that uses fear and intimidation tactics to suppress dissent.
- (3) Further notes with concern the recent reports of vehicles in Tasmania with Chengguan municipal police markings.
- (4) Recognises that to many Chinese people, the Chengguan local police force represents arbitrary arrest, detention and violent oppression under the Chinese Government.
- (5) Further agrees the timing and nature of these reports of fake Chinese police cars across the country suggest that they are profoundly unlikely to be unconnected 'jokes'.
- (6) Further notes comments made by former residents of Hong Kong now living in Tasmania that the sight of this vehicle evoked great fear.
- (7) Asserts that foreign powers do not have the right to infringe on the safety and security of citizens and guests of Tasmania.
- (8) Will not tolerate the continued harassment and intimidation tactics being used by Chinese Government-aligned individuals and organisations in Tasmania.
- (9) Calls on the Attorney-General to develop an amendment Bill to ban in Tasmania, the impersonation of any law enforcement agency of any jurisdiction. (3 September 2019)

149 Ms O'Connor to move—That the House:—

- (1) Understands we are at a time in history where people must find ways to work together to tackle the serious challenges humanity faces.
- (2) Acknowledges that the Arctic and Amazon is on fire, the first glacier has melted in Iceland and we are in a climate emergency.
- (3) Recognises international political, trade and market instability.
- (4) Further understands Tasmania is not immune from the issues faced globally – the rapidly changing climate, international security and trade tensions, the rise of authoritarianism and the erosion of democracy.
- (5) Further acknowledges that in times of crisis people need real leadership.
- (6) Calls on all parties in the Tasmanian Parliament to work together to combat and prepare our community for the climate emergency and the geopolitical upheaval Tasmania is facing. (3 September 2019)

150 Ms O'Connor to move—That the House:—

- (1) Understands that in a time of climate emergency and growing social inequality, political parties need to work together.
- (2) Recognises the role of Opposition parties is to hold the Government to account.
- (3) Further understands it's also the role of Opposition parties to present an alternative vision.
- (4) Notes while they don't deliver an Alternative Budget as do the Greens, we now know that Labor supports:—
 - (a) most damningly for current and future generations, inaction on the climate emergency;
 - (b) Poker machines in communities until 2043;
 - (c) failing to protect young people at festivals from lethal drugs;
 - (d) the privatisation of public protected areas;
 - (e) shady dealings with developers in the office of the Coordinator General;
 - (f) soaring levels of foreign ownership of agricultural lands and housing;

NOTICES OF MOTION AND ORDERS

- (g) a cable car on kunanyi;
 - (h) the Cambria Green mega development near Swansea;
 - (i) the logging of high conservation value, carbon banking forests; and
 - (j) poorly regulated, unsustainable fish farm expansion.
- (5) Acknowledges that leadership across the community is required to ensure future wellbeing and prosperity for Tasmanians and that at a time when the Leader of the Opposition, Hon. Rebecca White MP could make a real, positive difference, she is refusing to do so.
- (6) Accepts that Tasmanian Labor under Hon. Rebecca White has become Liberal-lite.
- (7) Recognises that even if they don't support the Greens, Tasmanians know where we stand.
- (8) Further acknowledges with regret that the Greens are the only party that takes the climate emergency seriously, and the two Greens MPs remain the real opposition in Tasmania's Parliament. (3 September 2019)

151 Ms White to move—That the House:—

- (1) Condemns the Liberals and the Greens for failing to stand up for working people.
- (2) Further condemns the Premier, Hon. Will Hodgman MP for breaking his promise to make Tasmania's unemployment rate the best in the country – instead Tasmania has the worst jobless rate in the country.
- (3) Notes the Liberals have done nothing in response to the loss of 5,100 full time jobs in the past year.
- (4) Recognises Hon. Will Hodgman MP has no plan to protect jobs at Temco or diversify the economy by investing in new industries such as hydrogen generation.
- (5) Further notes Hon. Will Hodgman MP has failed to invest in the Burnie Port.
- (6) Agrees that when it comes to jobs, the Greens are just as bad as the Liberals.
- (7) Further notes the hypocrisy of the Greens has held back jobs and investment in Tasmania for decades.
- (8) Further notes that at the height of the forestry debate the Greens claimed tourism was the answer. Now tourism is the enemy.
- (9) Further notes the Greens claim to support renewable energy but Bob Brown argued for the construction of a coal fired power station in the Fingal Valley and Senator Nick McKim famously described wind farms as “giant parrot blenders.”
- (10) Agrees that only Labor can be trusted to fight for working people. (3 September 2019)

- (4) Commends the survivors and their advocates for continuing to lobby all Australian governments so as to ensure the momentum for change caused by the Royal Commission is not lost. (3 September 2019)

155 The Minister for the Arts to move—That the House:—

- (1) Recognises that there are a record 198 entries for the 2019 Premier's Literary Prizes which is a clear demonstration of the talent and enthusiasm across Tasmania's literary sector.

- (3) Further notes that once the judging is complete, all of the books will be distributed to Tasmania's prison libraries.

156 Mrs Rylah to move—That the House:—

- (1) Supports the Hodgman Majority Liberal Government's Strategic Growth Plan for Tasmania Forests, Fine Timber and Wood Fibre.
- (2) Notes:—
 - (a) our forest growth plan is built on the pillars of resource security, financial sustainability, job security, research and innovation, and a stronger role for the private sector;
 - (b) that through the positive actions of the Hodgman Liberal Government we have seen a 70% increase in the volume of wood fibre delivered from the State's sustainable production forests;
 - (c) that the Labor Party's revised State Platform commits Tasmanian Labor to support 'the 2019 policy developed by Federal Labor to grow Tasmania's forest industry';
 - (d) that Paragraph 73 of Chapter 4 of Labor's National Platform is explicit: 'Labor will continue to support the implementation of the Tasmanian Forestry Agreement (TFA) as a future pathway for the forest industry in Tasmania. This includes providing resource security for the iconic special timbers industry, under agreed terms. Labor

NOTICES OF MOTION AND ORDERS

supports this as a broad industry plan to achieve the outcomes intended from the TFA’;

- (e) that the Labor-Green Tasmanian forestry deal resulted in the loss of more than 4,000 jobs – two out of every three jobs in the industry;
 - (f) that the Leader of the Opposition, Hon. Rebecca White MP told the ABC on 20 March 2017 that she has ‘no regrets’ about this disastrous forestry deal; and
 - (g) that the Greens policy is to close Tasmania’s native forestry industry.
- (3) Calls on Labor to abandon its plan for a return to the dark days of the TFA. (3 September 2019)

157 Mrs Rylah to move—That the House:—

158 Mrs Rylah to move—That the House:—

- (1) Acknowledges that the Hodgman Liberal Government saved the Mersey Community Hospital and that it was the Labor Party that wanted to shut it down, after selling the Mersey Hospital to the Federal Government for \$1.
- (2) Notes that it was the Labor Party that left the neurology services in the North West in limbo for three years.
- (3) Recognises that it was the Labor Party that did not commit to one more doctor in the North West or promise a single extra paramedic for the coast and, that it was under Labor, that Mersey funding was also dishonestly taken from the hospital and spent in the South.
- (4) Further acknowledges that the Hodgman majority Government has invested in a life-saving helipad at the site and continues to invest a record \$83.7 million into the hospital in 2019-20, which includes a new 12 bed rehabilitation ward.
- (5) Further notes that it is the Hodgman Liberal Government that has a strong record in funding for health, whereas Labor can’t produce an alternative budget, they have no policies, they stand for nothing and now they are trying to con North West Coasters into believing they finally care.
- (6) Congratulates the Minister for Health, Hon. Sarah Courtney MP and the Minister for Mental Health and Wellbeing, Hon. Jeremy Rockliff MP with the full backing of this Government, working closely to ensure every aspect of health, including primary and prevention, community and acute, is performing at its very best. - (2) Notes that approximately 25,000 Tasmanian students in years 3,5,7 and 9 from all Government, Catholic and the vast majority of independent schools completed the 2019 NAPLAN tests.

NOTICES OF MOTION AND ORDERS

- (3) Recognises that Tasmania's 2019 preliminary NAPLAN results show that years 3 and 9 writing are seeing improvements from 2018 and, along with reading, are one of our strongest domains.
- (4) Further notes that while the results are overall encouraging, they also show that numeracy and spelling remain an area for future focus.
- (5) Further acknowledges that this Government has invested significantly in literacy and numeracy initiatives, including the recently launched 'Literacy Framework and Plan for Action', and the Government's commitment to providing access to a Literacy Coach for every Tasmanian Government School, work is also now underway to develop a Numeracy Framework.
- (6) Congratulates the Hodgman Liberal Government on its commitment to improving educational outcomes in Tasmania by our record \$7.1 billion investment in education. (3 September 2019)

- (3) Further notes that funds raised during Legacy Week go to helping Legacy care for around 60,000 Australians, including 859 widows and widowers and 19 children in southern Tasmania and 1,159 widows and widowers and five children across northern Tasmania.

- (5) Acknowledges that Legacy Australia grew out of the Remembrance Club, formed in Hobart in 1923 by one of the nation's foremost First World War heroes, Tasmanian Major-General Sir John Gellibrand KCB DSO and Bar—a fact that Tasmanians can be particularly proud of.
- (6) Congratulates the staff, Legatees and volunteers of Legacy—including the President of Legacy (Hobart), Mr Alec Young, Friends of Hobart Legacy and the President of Legacy (Launceston), Mr Russell Hogarth—for their tireless efforts in supporting the families of our incapacitated and deceased veterans. - (3) Congratulates Hydrowood for taking out three awards at this event, including the significant prize of "Overall Winner – Floor of the Year Award".
- (4) Further notes that this award winning floor was also showcased on Grand Designs Australia, providing significant positive exposure to the quality and premium timber products available here in Tasmania.

To which the following amendment has been proposed by Dr *Woodruff*, by leaving out all words after "That the House:-" and inserting instead:

- “(1) Notes that the Liberals repeatedly talk about the Marinus project and use it as a political wedge, particularly during election periods, despite the fact that they have not put forward a financing proposal or a position on who should finance the multi-billion project.
- (2) Agrees that the project could cost in excess of current total Public Non-Financial Corporations Sector debt, and feasibility studies and prominent economists such as Saul Eslake have raised serious concerns about the viability of the project, which have not been addressed by the State Government.
- (3) Notes that the Liberals passed legislation to set wholesale electricity prices at a rate higher than projected, leading to energy bills decreasing by less than they would otherwise would have.
- (4) Notes with alarm that the Liberal Government continues to allow Entura to engage in profiteering from immoral projects overseas such as the Karuma hydro power project Uganda, which has been linked to killings and other human rights violations.
- (5) Condemns the Liberal Government for their lack of honesty, ethics or plan in their handling of the Energy portfolio.” (Next Speaker: Minister for Energy)
