 - (6) Further notes that Tasmania has what the rest of the nation needs - low cost, reliable and clean energy – and that these projects support the Hodgman Liberal Government's Tasmania-First Energy policy to be 100 per cent self-sufficient in renewables by 2022. (21 May 2019)

- (3) Further notes the four themes are:—

 - (b) investing in ‘soft’ infrastructure-human capital and liveability;
 - (c) governments and regions working together; and

- (4) Further notes that regions want to work collaboratively with governments instead of being told what they need using local knowledge and expertise to support policy decisions and help government better understand how regions work.
