**Subject:** Submission to the Joint Select Committee on Future Gaming Markets

Dear Members of the Committee,

The harm caused by poker machines is well known. Poker machine addiction affects some of the most vulnerable members of our society, and is a key factor in poverty, crimes of dishonesty, and elder abuse. Poker machine addiction damages and in some cases destroys lives. Gaming areas are not happy places. They are tragic places of hopelessness and despair.

I urge you to act now to rid our beautiful island state of these horrible machines!

Yours sincerely, Peter Cartwright
