

Tasmanian Justice System - Cost and Accessibility

Mrs PETRUSMA question to ATTORNEY-GENERAL

Some people in my community of Franklin have expressed frustration at the lengthy and mostly costly process of interacting with the Tasmanian justice system. I know that there have been some changes to the system since TASCAT's commencement, but what are you doing to ensure we are continuing to strengthen and modernise Tasmania's legal system even further and to make it a faster, cheaper and more accessible process for all Tasmanians?
