Qualifying Vehicle Age for Vintage Car Registration

Ms JOHNSTON question to MINISTER for INFRASTRUCTURE and TRANSPORT

My question is from Robyn in Glenorchy. Robyn would like to know whether the qualifying vehicle age for vintage car registration could be lowered from 30 years to 25 years. Lowering the age would increase vintage car competition participation, encourage younger members, support membership, bring psychosocial men's health and wellbeing benefits similar to Men's Sheds, build community, better social inclusion, support clubs' charity fundraising efforts, and contribute economically, including by preserving mechanic skills.
