

(No. 38.)

1895.

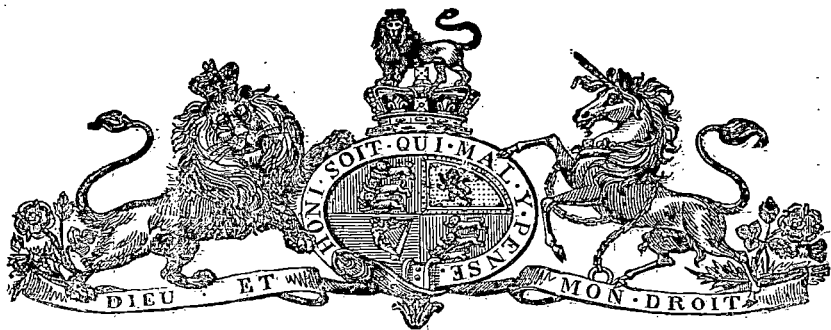

PARLIAMENT OF TASMANIA.

TASMANIAN GOVERNMENT RAILWAYS :

REPORT FOR 1894.

Presented to both Houses of Parliament by His Excellency's Command.

Cost of printing—£39 10s.

TASMANIAN GOVERNMENT RAILWAYS.

General Manager's Office, Hobart, 1st May, 1895.

SIR, I HAVE the honor to submit my Report on the working of the Tasmanian Government Railways for the year 1894.

Capital Account.

The Expenditure on Capital Account during the year 1894 was £8399. 10s., the aggregate cost of open lines to 31st December, 1894, being £3,518,595 6s. 3d.

Synopsis of Working.

The following summary gives the position of the Railway system at the end of the year 1894 :—

Total capital cost of lines open for traffic.....	£3,518,595
Average cost per mile open	£8382
Total mileage open for traffic.....	419·75
Average miles worked during the year	427·25
Gross revenue earned.....	£144,487
Working expenditure.....	£122,850
Profit on working	£21,637
Profit on working per £100 of cost.....	0·61
Percentage of working expenses to revenue	85·02
Earnings per average miles open.....	£338·18
Expenditure per average miles open	£287·53
Earnings per train mile.....	3s. 9·83d.
Expenses per train mile.....	3s. 2·96d.
Number of passengers carried	514,461
Goods carried (tons)	174,457
Train mileage.....	756,594

Revenue Account.

* Includes working Dundas and Zeehan Line.

(No. 38.)

The above Return gives the working of each line in detail, and shews that the following lines earned more than than their working expenses; viz.—Main Line, £9224 16s. 1d. (being an increase of £1079 on 1893); Western Line, £2859 2s. 3d.; Scottsdale Line, £591 19s. 2d.; Zeehan Line, £13,638 10s. 6d. The following lines earned less than their working expenses:—Fingal Line, £680 4s. 10d.; Derwent Valley Line, £680 17s. 8d.; Chudleigh Line, £868 6s. 6d.; Apsley Line, £1182 6s.; Parattah & Oatlands Line, £428 6s. 4d., and Sorell Line, £836 8s. 10d. Thus, it will be seen that the profit on those lines which paid more than working expenses was £26,313 18s., and the loss on those lines which did not pay working expenses was £4676 10s. 2d., leaving a net profit for the year's working of £21,637 7s. 10d., being an increase of £6023 as compared with 1893. The receipts per train mile shew an increase of 43 per cent. on the figures for 1893, whilst the working expenses shew a decrease of 4·83 per cent.

General.

I would invite your attention to the fact that whilst the Railway Department has to pay duty on all materials imported for renewals and for all stores used in working, as well as paying the Government Printer for printing and stationery, it is called upon to perform services for Government Departments free of charge, or at nominal rates, in addition to which, concessions which are practically subsidies are granted to various institutions and undertakings, so much so that concessions are demanded as a matter of right by persons who might be fairly called upon to pay their fares. I contend that whilst the Railway Department is called upon to pay to the uttermost farthing, it may fairly claim to be paid for all services rendered.

It has been suggested that our rates should be still further lowered in the interest of agricultural and pastoral industries. As a matter of fact our rates in this direction are in the aggregate lower than in the other colonies, where traffic is carried in a much larger volume, and where the easier gradients allow loads to be carried at a much lower cost.

The average cost to the farmer for each ton of agricultural produce carried is 4s. 7·4d., and the average cost per ton per mile 1·4d.

The average grain crops per acre for the past season were 20·69 bushels per acre. Average these at 50 lbs. per bushel, we find that the average weight grown per acre is barely half a ton.

With the average cost per ton of 4s. 7d., this leaves an average cost per acre for the carriage of produce of 2s. 4d

A reduction of 20 per cent. on the average rate would mean a gain to the farmer of 5·6d. per acre. It can hardly be contended that such a reduction would be a stimulus to increased production; similarly, when it is considered that we carry fat cattle in truck loads from one end of the Island to the other at 5s. a head, and fat sheep at 9d. a head for a like distance, that any reasonable reduction can be a manifest assistance to growers of live stock.

The traffic on the West Coast lines has been well maintained, and I look forward to a marked increase if the light trams now under your consideration are constructed.

Every possible care is being taken in view of a falling revenue to keep our working expenses down to the lowest possible limit compatible with safety, and I anticipate that further reductions may be made during the year 1895.

The whole of our lines are in excellent repair. An additional five miles of heavy rails have been placed in the Main Line during the year and charged to revenue.

I am pleased to be able to report an immunity from accident of all kinds, and that the conduct of the Staff has been uniformly excellent.

I have the honor to be,
Sir,

Your obedient Servant,

FRED. BACK, *General Manager.*

The Honorable the Minister for Railways.

TASMANIAN GOVERNMENT RAILWAYS.

Engineer of Existing Lines Office, Hobart, 1st January, 1895.

SIR,

I HAVE the honor to report on the maintenance and condition of the Tasmanian Government Railways for the year 1894.

MAIN LINE.

The maintenance of the Main Line has been very satisfactory. The permanent way is now relaid with steel rails of 61 lbs. per yard for $20\frac{1}{2}$ miles from Hobart, and I anticipate that all the old 40 lbs. iron rails remaining in the road will be removed within the next six months.

The station-yard at Hobart has been considerably improved during the year by the excavation of road metal, and material for a branch line to the wharves, and proposed engine-shed. The incomplete nature of the work, however, prevents the enlargement of the yard being properly utilised.

The bridges and culverts have received careful attention, complete renewals of timber superstructures in some instances having been made.

The Risdon Viaduct, the reconstruction of which I have again postponed, requires extensive repairs, and the carpenters are now engaged upon this work.

The buildings are all in fair condition. Additions have been made to the Station buildings at Hobart and Tunbridge. New Shelter-sheds, with Ladies' Waiting Rooms, have been erected at Moonah, Stonor, and Cleveland. Goods-sheds have been built at Stonor and Epping Forest, and improvements made at Brighton, Rhyndaston, and other Stations.

A new Siding has been provided at 48 miles, and alterations have been made in Station-yards at Glenorchy, South Bridgewater, and Tunbridge. 42 miles of new fencing have been erected, in addition to considerable repairs. Slips at 10 miles, $23\frac{1}{2}$ miles, and $49\frac{1}{2}$ miles were successfully dealt with.

DERWENT VALLEY LINE.

The Derwent Valley Line has been well maintained. The buildings are in fair condition, and no expenditure has been incurred on any of the bridges.

A new Siding has been put in at 12 miles 35 chains (Valleyfield).

A stable has been built at Macquarie Plains, and a lamp-room, with some minor improvements, added to the Station buildings at Glenora.

APSLEY LINE.

This Line is in good condition throughout. The Station Mistress' cottage at Pontville was burnt down in the early part of the year—unfortunately with the loss of her children's lives. A new four-roomed cottage has been erected in its place.

SORELL LINE.

This Line is in good order.

PARATTAH AND OATLANDS LINE.

The Parattah and Oatlands Line has been converted from a light line to one of sufficient strength to carry our Main Line rolling stock. It has also been fenced throughout.

The engine-shed at Oatlands has been lengthened, and other improvements made.

WESTERN LINE, LAUNCESTON TO DELORAINÉ.

This Line is in fair order. Careful attention has been given to the repairs and renewals of old bridges and culverts.

WESTERN LINE, DELORAINÉ TO ULVERSTONE.

This Line is in good condition. The sleeper renewals have been rather heavy on the Delorainé to Devonport section. Buildings, bridges, and culverts are all in fair order.

CHUDLEIGH LINE.

This branch is in good order.

FINGAL LINE.

The Fingal Line has been well maintained. Very heavy floods occurred, but without, however, doing any serious damage.

SCOTTSDALE LINE.

This Line has been well maintained. The fences, bridges, culverts, and buildings are in good condition.

STRAHAN-ZEEHAN LINE.

The Permanent way and buildings are in good order. The earthworks have been improved and protected by the planting and growth of natural grasses.

A cattle-yard has been constructed at Zeehan, and some small improvements made at the Station.

The Zeehan Street Tramway was extended to the Passenger Station in February.

RAILWAYS GENERALLY.

The maintenance of the Lines generally has been thoroughly satisfactory.

I have, &c.

JOHN M. M'CORMICK, *Engineer of Existing Lines.*

F. BACK, *Esq., General Manager, Hobart.*

TASMANIAN GOVERNMENT RAILWAYS.

*Locomotive Superintendent's Office,
Launceston, 1st January, 1895.*

SIR,

I HAVE the honor to report that the locomotives, rolling-stock, machinery, buildings, pumps, water supply, signals, and interlocking gear in connection with this Department have been well maintained during the past twelve months, and are now in fair order.

The Engine Mileage for the past year on all lines, including shunting, was—

	Miles.
Main Line.....	363,408
Western Line	310,686½
Chudleigh Line	11,937½
Fingal Line	77,921¼
Derwent Valley Line	46,332½
Scottsdale Line.....	46,149½
Apsley Line	19,480
Parattah and Oatlands Line	7392¾
Zeehan Line.....	33,360½
Sorell Line	24,397½
Dundas section.....	11,739
TOTAL	<u>952,805</u>

Cost per train mile, 1s. 1·47d.

Ditto-engine mile, 10·70d.

No new rolling-stock has been built in the shops during the past twelve months.

Two small tank engines, which were used on the Parattah and Oatlands Line, and five others which were taken over with the Main Line, have been laid aside as being unsuitable for the traffic.

The following works of construction, and for outside people, have been done by this Department during the year; viz.—

- Altering second-class compartments for Main Line and others.
- Making new engine and boiler for pile-driving.
- Erecting truck weighbridge and office at Devonport.
- Erecting crane at Fingal.
- Lengthening engine-shed at Oatlands.
- Making new telegraph zincs for stock.
- Erecting weighbridge at Spreyton for stock.
- Six (6) sets points and crossings for stock (North-West Coast).
- Fitting vacuum brake to express carriages, &c.
- Water supply, Rhyndaston, Main Line.
- Repairing tram-wheels, &c. for Hobart Tramway Company.
- Cross-over crossing for Zeehan Tramway Company.
- Forging crank shaft for Mr. Robson, Hobart.
- Forging two plates for Messrs. Kennedy & Sons.
- Preparing timber for Hobart Exhibition for stock.

I enclose list of Rolling-stock, &c. to date.

I have, &c.

W. E. BATCHELOR, *Locomotive Superintendent.*

F. BACK, *Esq., General Manager, Hobart.*

(No. 38.)

 ∞

W. E. BATCHELOR, *Locomotive Superintendent.*

NOTE.—Seven (7) of the above Locomotives are unsuitable for the traffic, and therefore have only been used occasionally.

REPORT OF SUPERINTENDENT OF TELEGRAPHS.

Tasmanian Government Railways,
Superintendent of Telegraphs Office, Hobart, 1st January, 1895.

SIR,
I HAVE the honor to report on the working of the Tasmanian Government Railway Service for the year 1894.

With the exception of ordinary wear and tear troubles, nothing occurred during the year to seriously interfere with communication. The maintenance and repair of lines generally, and the upkeep of instruments and batteries, received careful attention. I have again to express my appreciation of the care and expedition observed by the Permanent Way staff generally in connection with the maintenance and repair of our telegraph lines.

Appended will be found a statement showing the mileage of telegraph poles and wire on railway routes, and mileage of Railway Department's wire on Public Department's poles on 31st December, 1894.

I have, &c.

JNO. J. M'DONALD,
Superintendent Railway Telegraphs.

The General Manager Tasmanian Government Railways.
